## INCREASE IN FARES WOULD BE ALLOWED

By New Thatcher Bill Only Upon Approval of The Utilities Commission

WHICH WOULD HAVE FULL AUTHORITY IN MATTER

### PROTEST OF ANY CITIZEN

Could Cause a Suspension of 2½ Cent Fare, Pending An Investigation — The New Measure Would Repeal the Old Two Cent Fare Law — Committee Recommends Passage.

(Associated Press Telegram)

Columbus, O., April 27. — Railroads would be permitted to charge 2½ cents a mile for passenger fare only on approval of the state public utilities commission, according to the Thatcher bill which the house public utilities committee decided today to report out with recommendation for passage. The present two-cent fare law would be repealed by the measure, but roads would be required to fight their way to a higher fare before the utilities commission, which might suspend the increase for sixty days, pending an investigation. This action could be taken either on the commission's initiative or on complaint of any citizen.

The proposed substitute Thatcher bill to give the utilities commission entire authority to decide what the passenger rate should be, will not make its appearance now, it was said in the committee.

The bill must be passed by the house and also the senate within the remaining days of the session to become law.

Erection of a new "skyscraper" facing the capitol square, for housing the fast multiplying state offices, will be recommended by the joint legislative committee appointed several weeks ago to make an investigation into the subject, it was said today.

The committee also is expected to recommend the buying of a governor's mansion. This may be undertaken within the next two years, but the office building project will not be taken up definitely for several years it was indicated.

As a means of beautifying the capitol square, the house public lands committee today decided to report out the Hunter resolution providing for tearing down and selling the iron fences which now surrounds the grounds.

Passage of the administration liquor license decentralizing measure, the Andrews bill, with all features eliminated, excepting the plan decentralizing method, was predicted for the house late today by its leaders. Anti-liberal friends of the bill agreed during the morning to amend it when it comes up for passage to take out the provision that brewers or distillers might secure licenses in order to deliver liquor to consumers. With this change, no opposition except from the minority side was expected.

Another wet and dry question, which threatened to produce a big fight in the house today was on consideration of the vote by which the house last week killed the Lovett bill to forbid the raising of campaign funds by deducting a percentage from the amount of bills when paying these or by retaining part of the wages of workmen. Dry leaders say they would secure more than the necessary two additional votes, for lack of which the bill failed to get a constitutional majority last week.

Anti-alcohol interests fought for the Lovett bill as a means of hampering the raising of campaign funds by liquor interests for the prohibition campaign next fall. Labor forces also advocated the measure on the ground that it will safeguard wage payments, preventing deduction of a part by employers without the approval of the worker.

"Liberal" Republican members of the house had expected to vote against the Andrews bill when it would come to final vote today because of the limitation on the present right of wholesale liquor dealers or brewers to conduct a wagon trade, it was reported. House leaders after canvassing the situation decided that the Republican opposition combined with the negative votes from the Democratic side would be sufficient to prevent passage of the Andrews measure. The determination to eliminate the objectionable features was made with the approval of Governor Willis. It was said, little opposition to the bill is expected in the senate after the house makes it only a decentralizer.

As the Andrews bill was introduced originally it provided only that each county select a license commissioner at the August primaries who

## DAMAGES

ACTUAL AND PUNITIVE SOUGHT AGAINST LEADING VAUDEVILLE BOOKING AGENCIES

Which are Charged with Being Guilty of Conspiracy Under Sherman Anti-Trust Law.

(Associated Press Telegram)

New York, April 27. — The leading vaudeville booking agencies of the United States are made defendants in two Sherman law suits for \$600,000 damages filed in the federal district court here today in which conspiracy is charged in their refusal to book certain acts and attractions offered them by plaintiffs.

The suits are brought by Charles F. Bornhaupt, who maintains theatrical agencies in this city, London and Brussels, and Clifford C. Fischer, who has similar offices in London and Paris, against the United Booking offices of America; the Central Vaudeville Promotion company; H. B. Marnelli Ltd.; A. Paul Keith, Frederick E. Proctor, Edward F. Albee, John J. Murdoch, Morris Meyerfeld, Jr., and Martin Beck.

The petitioners allege that they have suffered damages of \$100,000 each, and under the Sherman law seek treble damages, or \$300,000 each. It is alleged that since the withdrawal sometime ago of a \$3,000,000 damage suit brought by the Marnelli company against the United Booking company and others, the sole right, privilege and license to book foreign acts on the Keith and Orpheum circuits has been vested in the Marnelli concern. This company, it is charged, conspired with the other defendants in October and November, 1914, to injure the plaintiffs by refusing to book their acts.

## COPPER CASE IGNORED BY GRAND JURY

The grand jury, which has been in adjourned session the past two days, reported this afternoon to Judge Thos. E. Fulton. They examined 21 witnesses, covering nine cases, finding eight true bills and ignoring one. After being thanked by Judge Fulton they were discharged. Following is a list of the indictments:

Paul-Rouse, burglary; Joe Carroll, burglary and grand larceny; Alva Rivers, burglary and grand larceny; Frank Hammett, burglary and grand larceny; Richard Mohan, failure to provide for minor child; Carl Wheeler, grand larceny; Frank Rodgers, malicious destruction of property; Henry C. Hendren, failure to provide for minor child.

There was no reference to the case of the death of the late Mrs. E. C. Copper which had been investigated by a Columbus detective and his evidence submitted to the grand jury, so that it was evidently ignored by that body.

## ROOSEVELT HAD A WIRE FROM PLATT

Urging Him to Sign a Bill Favoring New York Central R. R.

WHICH, COLONEL REPLIED, HE GOT "TOO LATE."

### FRIENDLY WITH SENATOR

At That Time, But is Unable to Say, Under Cross-Examination, Whether He Valued His Advice — Sixth Day of Big Damage Suit Sees Ex-President Still a Witness.

(Associated Press Telegram)

Syracuse, N. Y., April 27. — A telegram in which former United States Senator Platt urged Theodore Roosevelt to sign a bill for exempting from the franchise tax bill grade crossings and steam railways, and said that "our friends of the New York Central and Senator Dewey were anxious" was read in the supreme court here on this, the sixth day Colonel Roosevelt has been on the witness stand in the \$50,000 libel suit against him brought by William Barnes.

In reply, the colonel wrote Senator Platt that he had received the telegram "too late." These messages were part of the additional correspondence that passed between Colonel Roosevelt and Senator Platt which was presented in court today. William L. Barnum, the cross-examiner started off his inquiry by asking Colonel Roosevelt whether he had taken the advice of Senator Platt in regard to the nomination for the vice presidency in 1900.

"Did you value Senator Platt's advice?" asked Mr. Barnum.

"I am unable to say," replied Colonel Roosevelt.

"You were entirely friendly with him then?"

"Oh, yes," answered the colonel.

"Did he advise you to accept the nomination?"

"Don't say advise, sir," said Colonel Roosevelt.

"Well as a result of your interviews with Boss Platt, did he so advise you?"

Col. Roosevelt's counsel objected to the question which was ruled out.

Mr. Barnum picked up the package of letters. The first one read was from Senator Platt to Colonel Roosevelt, dated Washington, Feb. 3, 1900. In the letter the senator agreed to postpone an engagement because of the illness of Mrs. Platt.

The senator also wrote "perhaps Henry Purroy would be a wise selection, for the charter commission."

Mr. Purroy, a Democrat, was suggested in a letter written by Colonel Roosevelt, read yesterday. Canal matters were discussed at length in this letter. The following letter written by Senator Platt, dated Feb. 5, 1900 was read:

"I have hardly had time to give the consideration it deserves to your letter of Feb. 1, and the matters involved therein and am inclined to take more time for mature deliberation. The vice presidential question is a very important one and a great deal depends upon it."

"Mrs. Platt's condition is considerably improved and it looks now as though I shall be able to get to New York soon, at which time we can

## Utmost Confidence Expressed That, At Conference In Cleveland Today, Ohio Miners' Strike Will be Settled

(Associated Press Telegram)

Cleveland, O., April 27. — There was the utmost confidence on the part of both coal operators and miners officials today, when they entered their conference here that the strike in Ohio mines, now more than a year old would be settled before the meeting adjourned.

The conference today was the result of the meeting held at Canton last Friday, when Governor Willis called together representatives of both factions in an effort to restore peace and permit a reopening of the mines. At that time a joint scale committee was chosen and it was this body that was in session here today.

Before going into the meeting today, Thomas K. Maher, of the Pittsburgh-Maher company, who was chairman of the Canton meeting, said the operators will submit terms that he believes will prove acceptable to the miners.

President John P. White, of the United Mine Workers of America, who is here for the meeting, said: "We are prepared to make a full contribution on our part toward a settlement." White is chairman of the joint scale committee.

While operators declined to make known what concessions they will insist upon, they expressed the view that the terms they will offer will be such that the miners will be able to accept them.

It is believed that the operators have frankly agreed to accept the 47 cent rate provided they can get from the miners some concessions in working arrangements which will permit them to compete with Pennsylvania and West Virginia operators. The eastern Ohio mines No. 8 district, come into direct competition with Pennsylvania and West Virginia mines, where the coal is mined on a lump basis at a rate equivalent to 44.61 cents for mine-run. It is to compete with this lower rate that the operators insist they must be granted concessions on "dead work," which means the removal of stone and soil in which the coal is imbedded.

## 7 ITALIANS KILLED IN EXPLOSION

(Associated Press Telegram)

White Plains, N. Y., April 27. — Seven Italian workmen were killed and 11 injured today when there was a premature explosion of dynamite in the cutoff trench of the new Kensico dam.

The charge had been placed and the men were getting ready to go to safety when the explosion occurred, throwing out forty tons of rock. Four of the injured are so seriously hurt it is thought they will die.

## STRONG OFFENSE HAS BEEN BEGUN BY THE RUSSIANS

(Associated Press Telegram)

Geneva, Switzerland, April 27. — Via Paris. — The Russians have begun another strong offensive movement around the heights of Uzsook Pass in the Carpathian mountains, according to a telegram received by the Tribune of Geneva. The Austro-German casualties there in the last two days, the dispatch says, numbered 20,000 men.

Melting snow has hindered the Russians advance between Stry and Matamoros.

## RIGGS BANK CASE INVOLVES NO POLICY OF ADMINISTRATION.

(Associated Press Telegram)

Washington, April 27. — President Wilson does not consider the legal connection between the Riggs National Bank and the treasury department of officials as involving any administration policy. He told callers today, however, that since the bank had brought the injunction proceedings against the treasury officials, the government would naturally defend the suit. The president said in his opinion the powers of the controller were perfectly clear and whether they were too great he thought was a question for congress to decide. The president declared he was keeping in touch with the situation but the department of justice was handling the case and would continue to do so.

## FLOODS

IN TEXAS HAVE INUNDED GREAT AREAS OF FINE FARMING LANDS

Reports From Affected District are More Encouraging — Rains Have Ceased.

(Associated Press Telegram)

Houston, Tex., April 27. — Reports today from the flooded district are regarded as encouraging and the belief is growing that no repetition of the 1913 disaster will result. The present center of destruction comprises Brazos, Burleson, Milam, Washington, Bastrop, Waller and Wharton counties, where the trans-state streams are all out of their banks and great areas of fine farming lands have been inundated. The Brazos is rising rapidly in Lower Central Texas and floods are reported coming from its upper stretches, but a cessation of rainfall near the coast has helped matters considerably. The Trinity is reported rising rapidly as far south as Long lake. The Colorado is away out of its banks.

## TWO MORE SHIPS VICTIMS OF MINES; FEAR FATALITIES

## HOPE GERMAN OFFENSIVE IS NOW WANING

English Believe Most Important Phase of Movement Was Seen

AND ARE TURNING ATTENTION TO DARDANELLES.

### TEUTONS TOOK REVENGE

For British Victory at Neuve Chapelle Last Month — Landing Troops in Straits Still Under Way and Russian Fleet Co-operating By Bombarding Forts.

(Associated Press Telegram)

London April 27. — The English public hoping that the most violent phase of the German offensive along the Ypres canal has been witnessed, is turning its attention again to the Dardanelles, where the landing of troops is still under way. Russia is lending earnest co-operation by bombarding the forts of the Bosphorus where a Turkish battleship is reported to have made but a feeble reply. No attempt is made here to minimize the importance of the German operations in Flanders which have been declared to be at least an ample revenge for the British victory last month at Neuve Chapelle. The Belgian official report today claims the repulse of three German attacks south of Dixmude, which indicates that the German advance was made to a front extending from Ypres to Dixmude was accurate. The latest official German communication claimed the capture of Lizerne from the French, but the Belgian report, made subsequently, asserts that possession of the town was won for a second time, and that the French were greatly assisted in the assault by Belgian artillery. Lizerne, on the western side of the canal, has been a bone of fierce contention, having changed hands four times in the course of the present fight. Its importance is due to the fact that its possession would give the Germans an important hold on the bit of canal and would compel the allies to readjust their line.

That the possible outcome of the fighting along the Ypres is causing anxiety in England, is indicated by the demand of the press this morning that the government expedite the sending of a new army to France.

A strong German offensive is under way also at St. Mihiel. Thus the two points where the German offensive ceased before Christmas, on the Yser and St. Mihiel — have been chosen for the resumption of activities in the spring. It remains to be seen however, whether these points have been selected as feints while the main onslaught is made elsewhere.

The eastern front is receiving scant attention. Officials reports merely speak of detached actions in the region of the Carpathian passes.

## U. S. STEEL AGAIN PASSES A DIVIDEND

(Associated Press Telegram)

New York, April 27. — The United States Steel corporation today declared its regular quarterly dividend of 1.34 per cent on the preferred stock.

As in the case of the previous quarter, no action was taken on the common stock dividend. The total earnings of the corporation for the first quarter of 1915 were \$12,457,809; the net income for the quarter was \$6,684,573, the deficit for the quarter, \$5,389,961.

## NOORDAM IS RELEASED BY THE BRITISH

(Associated Press Telegram)

London, April 27. — An admiralty order issued today released the steamer Noordam, wherupon the vessel proceeded on her way to Rotterdam.

The Noordam has on board the American women delegates to the international women's congress at The Hague. She left New York April 13, but was held up in English waters on account of the embargo of the British government on traffic on the North Sea.

## Kron Prinz Will Intern For Remainder of War; Government Is Relieved

(Associated Press Telegram)

Newport News, Va., April 27. — The German auxiliary cruiser Kronprinz Wilhelm which will be interned at the Norfolk navy yard for the remainder of the war, was at a pier here today, filling her coal bunkers. Work of coaling was to be completed late today and the cruiser taken probably tomorrow to Norfolk for internment.

The Wilhelm will be interned at the request of her commander, Captain Thierfelder. Official notice of his intention to intern was given the collector of customs here late yesterday by the commander, who gave no reason for his action.

U. S. WILL RELAX WATCH OVER CRUISER DURING INTERNMENT.

(Associated Press Telegram) Washington, April 27. — United States government officials were

greatly relieved today because of the action of Commander Thierfelder of the German commerce destroyer Kronprinz Wilhelm in interning his cruiser for the remainder of the war as a result, it will not be necessary for the navy department to keep watch over the cruiser and the allied warships. The Virginia Capes neutrality for several days that remained in which the commander had been allowed to make his ship seaworthy.

## OHIO SUPREME COURT RENDERS ITS DECISION

### WOMAN WINS DAMAGE SUIT FOR THE FORCIBLE REMOVAL OF SOME FURNITURE

Upon Which Payments Were Said to be Due—Insurance Case was Remanded.

(Associated Press Telegram) Columbus, April 27.—The supreme court today affirmed a decision of the Hamilton county courts which awarded \$2000 damages to Mrs. Jennie Fulton, 718 West Fifth street, Cincinnati, against Spear & Co., furniture dealers. Mrs. Fulton alleged that agents of the furniture company broke into her apartment and carried out her furniture.

The company claimed that furniture had been sold to a woman who had previously occupied the apartment and that part of the purchase price was still due. This woman according to the company, telephoned it to come and remove the furniture. The agents of the company failed to discover the mistake until after the furniture had been taken out.

Mrs. Fulton claimed that she had fallen in the esteem of her friends because of the removal of the furniture and had also been made ill through worry over the affair.

Participating policy holders of the Union Central Life Insurance company of Cincinnati, after many years of litigation, will still have a chance to learn whether they are entitled to share in a fund of \$400,000. The supreme court today decided the case of James G. Bell of Cuyahoga county against the insurance company must go back to the common pleas courts of Cuyahoga county to be heard.

Litigation over the rights of the policy holders of the company began in 1908 and has been in the courts since that time. The first suit was filed after the insurance company had decided to take \$400,000 out of a surplus of almost \$2,500,000 and declare a stock dividend.

### Who Can Doubt Sworn Testimony of Honest Citizens?

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine of which I took several bottles. I obtained some relief from this but I was getting weaker all the time; I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed. After this time two friends sent me word to try Swamp-Root, which I did, and I am glad to state that the first dose gave me great relief. After taking the third dose I was helped in bed and slept half of the night.

I took several bottles of Swamp-Root and I feel that I owe my life to this wonderful remedy. The two family doctors said that I could not live three months. I would have to be helped in and out of bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from setting up and could sleep soundly.

## Rheumatism In Joints

Pain Disappears and Swelling Vanishes in a Few Days.

That is what happens if you use Rheuma, the wonderful remedy that T. J. Evans and all druggists sell on the "money back if not cured" plan. There is a vast amount of rheumatism in this vicinity, and if you know any sufferer, call his attention to this generous offer.

Rheuma is a quick-acting prescription. You will know your rheumatism is leaving 24 hours after you take the first dose. It dissolves the uric acid and drives it from its lodging place.

Mr. Alice A. Brown, Ithaca, N. Y., writes: "For seven years I suffered greatly with rheumatism in my hip; at night I was scarcely able to sleep. One bottle of Rheuma cured me." That sounds miraculous, but Rheuma does miraculous things. Fifty cents a bottle.

000 out of a surplus of almost \$2,500,000 and declare a stock dividend. The participating policy holders insisted they had a right to share in the dividend and went into the courts. The case was before the supreme court in 1912, but because one of the judges was a policy holder in the company and did not sit, the concurrence of only three judges in an opinion to reverse the lower courts it was held did not warrant a decision at that time.

The late Governor John M. Pattison was president of the company when the policyholders started the movement for a share of the surplus. They contended that their contracts specified that they should share in this money. One court found that such an agreement had been made by the company but did not think that this should be regarded as binding, making the observation that companies sometimes make promises which were not intended to be kept to get business.

In disposing of the case today, one member of the court did not vote and the other six divided equally. Chief Justice Nichols did not take part in the case. Judges Johnson, Donahue and Newman voted to reverse the lower court and find for the company. While Judges Vanamaker, Jones and Matthias voted to affirm the lower court finding to the effect of this tie being to leave standing the ruling of the court of appeals which was that the common pleas court should again hear the case. This, as has been stated, gives the policyholders another chance to show that they could get a slice of the plethoric surplus which the company says should be divided among the stockholders without any share being given the policyholders.

### MUSHROOMS WERE SCARCE FOR TWO LOCAL HUNTERS

Dr. J. T. Lewis and Justice Fletcher S. Scott desirous of obtaining one of the first messes of mushrooms this season left shortly after midnight in the Doctor's machine for Chili, Coshocton county, where Dr. Lewis had gathered a bushel of the delicious fungi last season. Arriving at Black Hand a blowout of one of the tires was experienced and they were forced to camp until daylight when repairs were made and the journey was resumed. The two gentlemen after traveling half a hundred miles over rough roads returned Tuesday shortly before noon with a dozen stunted mushrooms, which they will save until they can purchase an additional supply on the market. It is said that Justice Scott was so enthusiastic to obtain the first mushrooms of the season that he took along a lantern to hunt them before daylight.

## W. P. BAILEY TO BE NEW LESSEE OF AUDITORIUM

The trustees of the Soldiers and Sailors Memorial building met last night for the purpose of taking action in regard to leasing the Auditorium theatre. Mr. George M. Penberg, a former resident of this city, now managing the Majestic theatre at Waterloo, Ia., made a proposition to take the theatre over on a percentage basis on a contract arranged by the trustees.

Mr. Abe Thomas, manager of the Grand theatre of this city made a proposition to the trustees to take over the lease at an annual rental of \$2,400 for a period of five years. Mr. Thomas agreed to place the house in first class condition for a standard picture house, putting in equipment that would cost \$2,000 and in addition would install a \$3,500 pipe organ. The trustees would not lease for over a period of one year at the rental named and Mr. Thomas withdrew his offer.

W. Prescott Bailey present resident manager of the Auditorium for Mr. Gus Schaeffer, whose lease on the theatre expires Saturday, then made an offer to take over the theatre for one year at a rental of \$2,400. Mr. Bailey it is understood represents two local men who are desirous of obtaining the lease. He was informed that his offer would be accepted and was asked to have a bond ready to guarantee the year's rental, by Wednesday night, at which time the lease will be executed.

### CIRCUS WEATHER WILL BE FINE, IS THE PREDICTION

(Associated Press Telegram) Washington, April 27.—Generally fair weather throughout the country except for some thunderstorms and scattered showers was predicted today by the weather bureau for the week beginning Wednesday.

The hot spell over the eastern half of the country will be broken by Saturday or Sunday and cooler weather then will prevail.

The forecast follows in part:

West Gulf states generally fair and moderately warm weather. Ohio valley, generally fair and warm during next three days, followed by unsettled weather, probably local showers and lower temperature latter half of week.

Great Lakes region, mild temperatures, probably until after May 1, when lower temperatures will set in. Local showers at beginning of the week and again after April 30, but on the whole generally fair.

### GOOD TIMES IN TEXAS REPORTED BY TRAVELING MAN

William Riddle, of the firm of Riddle, Graet & Co., cigar manufacturers of Delaware, is in the city today calling on his many friends. Mr. Riddle has just returned from a two years stay in Texas, New Mexico and Arizona. He states that the times in those states were never better than at the present and business men generally are enjoying great prosperity. Especially is this true along the Mexican border, and at El Paso and Juarez. Mr. Riddle claims that nothing is ever heard at those points about the Mexican war, in fact he states that you have to come east to hear anything about it as no one would know in that country that a revolution is being conducted in Mexico.

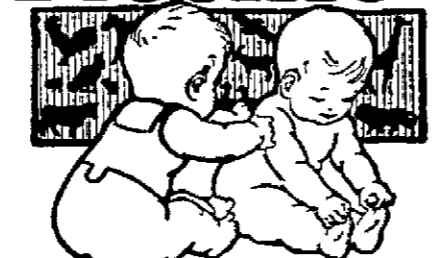

### C. E. HOLLANDER IN MT. VERNON; TELEPHONE MEETING.

Mr. C. E. Hollander of the Newark Telephone company is in Mt. Vernon today attending a meeting of the operators of exchanges at Mt. Vernon and in that vicinity. The meetings will be held today and tomorrow and are for the purpose of instructing the operators. Mr. W. S. Vivian, secretary of the Telephone Association of America and traffic expert will address the meeting and will explain a set of rules which he has compiled himself for greater efficiency in the operating of the switchboard.

An effort will be made to have Mr. Vivian come to Newark and a meeting will probably be held of the local operators.

## \$400 NEEDED IN CAMPAIGN FOR Y. M. C. A.

The annual meeting of the membership of the Y. M. C. A. will be held in Taylor Hall Tuesday evening, May 4th at 8 o'clock. All members are urged to be present and to bring friends if they so desire. At the meeting there will be a complete report of all the work of the association for the past year. The chairman of the respective committees, religious work, educational work, physical work, social work, social employment, etc. The annual election of officers will take place at which time six members of the Board will be elected to serve a term of three years.

To date the board of directors and friends have secured pledges to the amount of \$3,000, of the current expense budget for the year. Making a reasonable allowance for shrinkage it will require at least \$400 more to complete the sum needed. An opportunity still remains to those who wish to support the work this year.

## OLD KORZENBORN BREWERY UNDER NEW MANAGEMENT

The new Home brewery, formerly the Korzenborn brewery in Walnut street, near First, is now under full operation under the new management. The place having been leased to David Dietrich, of York, Pa., several weeks ago. Mr. Dietrich has remodeled the place, installed new equipment and made changes in the operation of the brewery.

Until the change took place, the brewery had been under the management of Charles Korzenborn, or members of the family for forty-eight years. Mr. Korzenborn took over the place in August, 1867, and during the years that followed it was known as the Korzenborn brewery. Before that time, it was owned by a Mr. Knealy, who established it.

The Korzenborns and Binghammans have severed all connections with the place. Shortly the east portion of the property will be advertised for lease.

This site has a frontage on three streets and is a valuable location for any industry requiring railroad facilities.

Marion, O., April 27.—A parade, in which a band and the Marion and Newark baseball teams will march, is being planned for Friday, May 21, when the opening game of the newly-organized Buckeye league will be played at Lincoln park. Arthur J. Berry, as president of the chamber of commerce will pitch the first ball in the game.

## WIN SEASON TICKET IN ADVOCATE CONTEST FOR CLUB NICK NAME

If you haven't sent in a suggestion for a nick name for the Newark club, clip the coupon found elsewhere in this paper and make your suggestion today. Manager Wreath of the Newark club wants a short expressive name for the club and the Advocate has agreed to ask the fans to help select it. After all, the club belongs to the fans and they are to have the privileges of naming it.

In using the coupons, write the name and address above the line in the coupon. Don't fill in the space after the "No." as this is reserved for use in this office.

As the replies are received, each coupon will be numbered in duplicate, the name with the number being cut off and the suggestion for the club's name being submitted to the judges without the name of the person who suggested it. In this way, the judges will be without prejudice in making the award.

Only those employed in this office are barred. The women are invited to participate in the contest as well as the men. Clip the coupon, fill in your name and the name you wish to suggest for the club, and mail to this office or leave it here as you pass. Direct it to the sport editor.

Similar contests are being conducted in other cities. Help to select a suitable name for the club.

## Connie Mack Sore; Won't Allow Baker To Play Elsewhere

Boston, April 27.—Connie Mack, manager of the Philadelphia Athletics, said in an interview yesterday that so long as he remained at the head of the club, J. Franklin Baker of home-run fame would not be a member of the team.

"I am through with Frank Baker as a ball player," Mack added, "and it is my intention at the present time not to allow him to become the property of any other team in the American League. I would not sell him for \$1,000,000 in cash."

Late in the winter Baker announced his intention of retiring from baseball, but according to Mack, he played on the Upland team of the Delaware County League, Pennsylvania on Saturday.

## PARESIS AND DIABETES

Paresis, like coma when symptomatic of Diabetes, commonly presents a critical condition. Mr. Henry Kling in book lines, Post Street, San Francisco was in bed for nine weeks with Diabetes complicated with Bright's Disease and Paresis. To use the language of his physician, "The prize was loaded with both sugar and albumen but he would probably die of Paresis," which was so far advanced that of nine physicians who had passed on the case none gave any hope. Patient was in a wheel-chair much of the time.

A prominent, Devisadero Street physician administered Fulton's Diabetic Compound with gradual but steady response. The final results may be known from this. This was nine years ago and patient is at this writing (Feb. 1914) a robust man approaching 200 pounds, devoting his energies to his business.

The ability of Fulton's Diabetic Compound to reduce sugar in many cases of Diabetes in people over fifty (above patient was somewhat under fifty) is not a matter of opinion but a FACT IN PHYSICS and we will send formula that will show the percentage of sugar from week to week. As the sugar declines patients commonly improve, recovery or prolongation of life being common reports. Sugar formula and literature mailed on request. John J. Fulton Co., San Francisco. F. D. Hall is local agent. Ask for pamphlet.

## BANQUET WILL CLOSE SEASON AT Y. M. C. A. GYM

Thursday evening this week the Y. M. C. A. physical department will mark the close of the gymnasium season of 1914 and 1915 by having a banquet for all members and especially for the users of the physical department. Every boy and young man who has been in the classes during the past winter is invited to be present, together with his father and any friends whom he may care to invite. This will be a new departure and one that should receive the hearty co-operation of all. The banquet will be held in the First Presbyterian church. Everyone knows that the eating part will be especially well taken care of by the ladies of that church, while the program following the feed should appeal to all those interested in physical work.

Mr. J. N. Pugh, chairman of the physical department committee on the board of directors will be toastmaster. The physical director will present the members of the various classes with the gymnasium letters that have been won by good attendance and excellence of performance at the regular classes. At the same time the leaders emblems and the ribbons and medals won at the indoor meet last week will be awarded.

The big treat of the evening will be the presence of Mr. Harvey I. Allen, physical director of the Dayton Y. M. C. A. Mr. Allen is widely known in Y. M. C. A. work, being one of the emissaries elected by the international board to prepare a text book on physical education for use by the Y. M. C. A.'s all over the world. He is a speaker of pleasing personality and forcefulness and his messages will not soon be forgotten. The local association is to be congratulated upon having secured Mr. Allen's services for that evening.

The banquet tickets at 25 cents are now on sale at the Y. M. C. A. It is necessary that those going make known their intentions before 12 o'clock noon Wednesday. All members and friends of the association are most cordially invited to be present at this rousing enthusiastic meeting.

## NEWARK TO GET FIRST LOOK AT CLUB ON SUNDAY

It's here boys. The opening of the professional baseball season in Newark. Manager Wreath announced this morning that Sunday would see the Newark players in action for the first time. Roy Montgomery's independent team from Zanesville will engage the Newark players in a fray almost before the locals get the cinders and railroad dust out of their hair.

All players signed thus far have been instructed to report here May 1, which is Saturday. Montgomery wanted a game Sunday and Manager Wreath took him up on a proposition.

Of course the Newark players will have little opportunity to take the kinks of travel from their muscles but most of the men have already been in training and will report in good condition.

The admission price will be 25 cents with 15 cents extra for the grand stand. No doubt there will be a good crowd of fans who are anxious to see professional baseball again.

Ground Keeper Jack Lake has been engaged to look after the park and is already at work getting the grounds into shape for the opening. It will require considerable work but Lake promises a splendid playing field by Sunday afternoon. The C. A. C. game which was scheduled for next Sunday has been transferred to Columbus.

Dorsey Jones a pitcher of Manington, W. Va., has written Manager Wreath that he will report Saturday. He is in good condition, having pitched a shutout game last Saturday.

Lee Charles, the A. A. pitcher, sent in his signed contract today. With it came a recommendation for Fred Clarke, an outfielder. Manager Wreath sent Clarke a contract and if the terms are agreeable, Clarke will report here for Sunday's game.

L. C. Kull, a second baseman for Paterson, N. J., in the Atlantic league last season, probably will sign here. He played 80 games and had a batting average of .296 and a fielding average of .935.

Manager Wreath is making an effort to get Frank Nesser, first sacker, who lives in Columbus. Nesser is too well known to Newark fans to need any praise. He is a hard hitting man and fields his position well. Lefty Snyder is anxious to return to Newark and is negotiating with Manager Wreath. Charles Staker, former Lancaster Ohio State player is also seeking a position here.

An offer has been made to Ed. Winston, an outfielder, who played with Charleston, S. C., in the South Atlantic league in 1912-13. He was batted .301 and fielded .919 in 101 games. He was in poor health most of the season and refused to report this spring, preferring to play in the North. He has secured his release and may accept the Newark manager's terms.

Manager Wreath had a letter this morning from Pop Schreiver of Wheeling again boosting Pitcher Crowthers. Schreiver wants to send Crowthers to Newark with strings to him. Manager Wreath will take the man if he can secure a bona fide contract, but he doesn't care to develop a player who may be recalled in the middle of the playing season.

Arrangements are being made for an exhibition game with Denison University but no date has been selected. All negotiations are off for the proposed exhibition with the Chinese U. team. This club will not get into Ohio until the season is opened and that will be too late for an exhibition date with any Buckeye league club.

A fixed price of admission will be set in Newark and will not be deviated from during the season. The gate admission will be 25 cents, with 15 cents additional for grand stand seats. These same prices prevail in most of the other cities.

## CENTRAL DEFEATS BLESSED SACRAMENT IN SCHOOL LEAGUE

Blessed Sacrament lost in the second game played in Grade School league played on White Athletic Field for the Haynes Trophy. Two fast double plays helped to add interest to the game and shortened the playing time. Central excelled in batting and aided by errors by the opposing catcher soon had a safe lead and was only at one time in danger.

Drake pitched a masterly game with 11 strike-outs, while he was ably supported by Catcher Craig and Kilpatrick. Craig scored a home run, while Minor lead in runs with three to his credit. Sprickler executed a clever double out when he speared a liner and tagged second base to complete the play unassisted. Welsh and Conley played best for Blessed Sacrament.

Rooting was lively at all stages of the game, everyone cheering their favorites. Mount vs. Woodside next week.

## Season Ticket for Fan Who Gives Best Name for Newark Ball Club

Manager Wreath wants a name for his Newark team in the Buckeye league. The Advocate is going to ask the fans of the city to make the selection. Just pick what you think would make the best nick name for the new club, and send it in a letter to the sporting editor of the Advocate. The winner will be given a season ticket to all games in Newark by the Advocate.

The Cleveland Americans are known as the Indians, the New York Nationals as the Giants, the Boston

Nationals as the Braves, etc. In the past, the Newark team has been called the Molders and while this name is not barred, a new nickname is desired, so the Buckeye league club can start with a clean slate.

The big contest opens today, and will continue until May 12. At that time all the names submitted will be turned over to a committee to be selected later.

Don't wait. Get busy and send the Sporting Editor of the Advocate a letter at once.

Use this coupon.

## Poor Spellers.

A report just issued by Dean Briggs of Harvard university calls attention to the incorrect spelling which is so common at the present time. Dean Briggs notes that many great men have been very poor spellers, and he finds that nowhere is American education more defective than in its failure to teach the correct use of the English language.

There are of course a great many successful men who are very poor spellers. If a man has executive ability, the gift of managing others,

## Mystical Signs.

So many devout persons in France have seen luminous halos, crowns and crosses in the sky of late that the director of an observatory has issued a statement giving the scientific explanation of the phenomena. In times of stress in all ages mystics have fancied they saw signs in the heavens. In connection with the present outburst on the subject it may be recalled that Constantine, in the year 312, fighting for the lordship of the Roman Empire, fancied he saw a heavenly cross with the inscription "In hoc signo vinces." "In this sign thou shalt conquer." As there was no observatory at that time to issue the scientific explanation of reflections produced by humidity, the cross of Constantine has become celebrated. The decline in the number of super-mystical signs, of course, is in direct proportion to the advance in scientific knowledge.—Kansas City Star.

## Enough! Enough!

John Muir once said to Mr. Harriman, "I am richer than you are." "Yes," said Mr. Harriman, "but how?" Mr. Muir answered, "Because I've got enough money and you haven't." John Muir placed money in the right place, using it as a means solely to help him to become a great servant of his time. It is not the amount of money we have that counts; it is our attitude towards it that counts; it is our attitude towards it that determines whether or not we are dollar-idolaters.—The Christian Herald.

## Good Citizenship.

Judge Subberger's departure from the traditional methods of questioning applicants for naturalization by endeavoring to learn whether they were thrifty and law-abiding, rather than stuffed full of information about the Constitution and forms of government, appeals to the common sense of the layman. Knowledge of the law is of no consequence without resolution to obey the law. Some of the wildest of the "red" soap-box orators who preach the doctrines of anarchy and the I. W. W. are thoroughly booked on constitutional matters and still would not make good citizens. It is the willingness to submit to law and order, to preserve them and to assist in making others preserve them, which is the touchstone of good citizenship.—Philadelphia Bulletin.

## Luke McLuke Says:

As soon as a woman discovers that her complexion is wearing off she goes out and buys a complexion that will rub off.

Nature's intention is to let the women have the good looks and the men the brains. But even nature sometimes gets things balled up. Once in awhile you will find a horse faced female who knows more than thirty men

and out in awhile you will find a pretty man who has to take a brain tonic every time he tries to roll a cigarette. Of course it is an awful jar for a bride to wake up and realize that the paragon she married is nothing but a pinhead, but that is no reason why she should look like her own mother's sister five years after the day she combed the rice out of her hair.

The man who wouldn't lend you 10 cents when his stomach is empty will usually cheerfully part with \$10 after he has had a good dinner.

Most of us imagine that if we were only fixed like other people we wouldn't have a blame thing to worry about.

In these suffragette days a man isn't half as afraid of a woman who has a past as he is of one who thinks she has a future.

When mother wants the furnace to have a good cleaning she stops father when he is on his way down the cellar steps and tells him not to bother rubbering out of the cellar windows at the girl who lives next door. And father gets so mad that he rattles everything but the grates and the lining out of the furnace.

The old fashioned man who used to get his embalming fluid after he died now has a son who pays 15 cents a throw for it while he is alive.

When it comes to sympathy we don't care how much we have going out and how little we have coming in.

After all a man is only a boy who has lived long enough to realize that there is enough pie and ice cream in the world to go around.

And when you come to think it over it isn't the germs that make kissing dangerous.

It is funny how scared a man can be of germs when he is asked to use a cup attached to a water fountain. But he never bothers about germs when he hoists a glass of beer in a saloon.

## Society

The member of the Kensington club were entertained on Monday evening at the home of Miss Muriel McMahon in Bowers avenue. The hours were devoted to needlework, and a dainty luncheon of two courses served, the table being centered with pink roses, while the place cards were adorned with the same flowers.

The new members of the Y. W. C. A. are invited to a recognition party, Friday evening at the Y. W. C. A. Old members are expected to be present to welcome the new members.

Mrs. Frank Daily of Lawrence street is entertaining the members of her club this evening.

Miss Lenora Phillips was hostess to the members of the Monday Night Bridge club at her home in West Church street on Monday evening. The club game concluded with the awards being made to Misses Eleanor Beecher and Hannah Sullivan. The guests of the club were Mrs. Fred Warner, Miss Gladys Beecher and Miss Louise Elliott.

A pretty surprise party was given Miss Edith Benson on Monday evening at the home of her grandmother, Mrs. Olive Benson in West Main street, the occasion being her twelfth birthday anniversary. The evening was spent with games and music and a dainty luncheon was served the following:

Mrs. Florence Walker, Misses Helen Pfeffer, Frances Welsh, Mildred King, Helen Smith, Lucille Helmske, Helen Friedmann, Grace Burkhardt, Lela Henderson, Elizabeth Bernard, Edna Weaver, Alice Hogrefe and Evelyn Benson.

When Mrs. J. C. Berger of North Fourth street returned from an automobile ride last evening she was surprised to find that a large number of her neighbors and friends had taken possession of her home. She was soon reminded that the event was in honor of her birthday anniversary and made the best of the situation. A pleasant evening was passed in various games and music, interspersed with the presentation to Mrs. Berger of a dainty hand-painted sugar and cream set. Mr. Berger was also as much surprised as his wife when he returned from a meeting down town. At a late hour refreshments were served to the following guests: Messrs. and Mesdames J. S. Rugg, H. F. Moninger, C. E. Root, A. S. Mitchell, E. S. Hulseizer, James McGough, H. C. Barrie, S. E. Varner, Thurman Tower, E. E. Hess, Harry Bone, Melvin Davis, C. D. Paramore, Fred J. Cosway, T. A. Eager, F. E. Winn, Lester Newell, K. I. Dickerson, Mrs. Scarborough, Mrs. Easterday, Misses Burdette Paramore, Lorona Berger, Grace Berger, Creta Root, Janice Barrie, Lucille Hulseizer, Messrs. Ellsworth Davis, Wm. Barrie, Lester, Alfred and Ralph Newkirk and Russell Tower.

The Girls of the Twentieth Century club were entertained at the home of Miss Laura Beggs in Woods avenue on Saturday afternoon. The only guest of the club was Miss Ruth Jarvis. The next meeting will be held at the home of Miss Mildred Simpson in North Sixth street.

## SUFFRAGISTS

OF THIS CONGRESSIONAL DISTRICT WILL HOLD CONVENTION IN NEWARK.

One of the Prominent Speakers Next Saturday Will be Miss Zara du Pont.

Miss Zara du Pont, first vice president of the Ohio Woman Suffrage association, is a well known and experienced suffrage campaigner. She has been active in the Cleveland Woman Suffrage party since its organization in 1910, and has done every kind of work from placing the soap box, or driving the automobile for a speaker, to doing the speaking herself. She worked in 45 counties during the campaign last year and was in charge of one of the troupes which canvassed and spoke in so many counties, including Licking.

Miss du Pont is a member of the du Pont family which has long been connected with the great powder company. Born in the South and reared in luxury, she is absolutely free from race prejudice and has always championed the cause of the poor and the oppressed regardless of race, color or creed. Her work in social settlements, for hospitals and in various fields of philanthropy convinced her of the insufficiency of charity and remedial measures generally. Many of the conditions which she found in her work could not be alleviated except through legislation, she therefore decided to devote herself to fundamental reforms and the first and most important of these in her opinion, is votes for women. Hear Miss du Pont at the morning session of the Congressional District Suffrage convention Saturday, May 4, at Taylor hall.

## TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

## CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passage of your head will clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—relief comes quickly.

## RUMOR OF DEATH OF CRITCHFIELD WAS UNFOUNDED

An automobile accident which occurred between Cleveland and Wooster several days ago in which a man named Critchfield was injured, gave rise to a rumor here that William Critchfield, a former resident of this city now engaged in the gas and oil well contracting business in the Forest City, had been killed. The rumor was without foundation as Mr. Critchfield is very much alive and only a couple of days ago closed a contract for drilling several wells. Mr. Critchfield is now out of the leading gas and oil contractors in Cleveland and is running a half dozen strings of tools. There is renewed activity in that field just at present and the development is extending southwest as far as Lodi, Missouri.

## TURN HAIR DARK

WITH SAGE TEA

Grandma kept her locks dark, glossy and thick with a simple mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we won't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. ## REFUSE LICENSES TO WOMAN DRIVERS OF AUTOMOBILES

(ASSOCIATED PRESS TELEGRAM)  
London, April 27.—War work for women has its official limitations, since the home secretary refuses to grant licenses to women who have successfully passed the examinations required of drivers of motor vehicles. The reason the home secretary gave to the applicants was the public's alleged lack of confidence in women drivers.

"Could he not leave the public to decide that?" asked Miss Phillips, president of the National Federation of Women Teachers, in an address before that body in London the past week.

Miss Phillips aired other grievances against government in which she had the sympathy of the teachers. Instead of putting children into the houses to close the liquor houses to women until 11:30 a. m., and not to the men was based on the lie, she said, that most of the drinking was done by soldiers' wives. This she considered a deadly insult to the women. Discrimination in the matter of wages existed in the factories furnishing munitions of war, she charged, as men received more pay than the women for equivalent work. Instead of putting children into the harvest fields next summer, Miss Phillips proposed that the stronger and better nourished boys from Eton and Harrow and the other great schools be set at this work.

## Missionary Gave Address On Life In Turkish Harem

(Butler, Pa., Citizen.)  
More than 300 women attended the lecture given last night in the Second Presbyterian church by Mrs. Daniel Shepardson on "Life in the Harem in Jerusalem." The speaker was given rapt attention.

Mrs. Shepardson appeared in costume. Mrs. A. J. Bowser, dressed

The exercises preceding the lecture were opened with prayer by Mrs. L. M. Young.

Following the lecture a farewell reception was held for Mrs. Shepardson, who leaves Sunday afternoon for Pittsburgh. Sunday evening she will speak in the Shandy avenue Baptist church. Monday she will speak before the Baptist Minister's association of Pittsburgh and Tuesday she will visit for 10 days before returning to her home in Newark, Ohio, for the summer.

## WOMAN PORTERS APPEAR IN AN ENGLISH DEPOT

London, April 27.—The woman baggage porter has made her appearance in the Marylebone railway station. For some time, women have been employed cleaning the railway coaches, but now they take their place with the men to carry bags or roll trunks on hand trucks to and from the trains and the trunks. Their insignia is a metal arm badge, like the men's.

As a rule, the women porters look mainly after women travelers. The only privilege they exact over the men is their afternoon cup of tea.

The women are now quite as well up on the time tables as the men, and can pocket tips with equal adeptness.

## FARMERS

ARE NOT CHRONIC BORROWERS AND DO NOT NEED STATE AID

Keynote of Myron T. Herrick's Address Before Southern Commercial Congress Yesterday.

Muskogee, Okla., April 27.—Myron T. Herrick, former ambassador to France, discussed rural credits and the question of state aid to farmers before the Southern commercial congress here yesterday. He voiced his opposition to the Hollis-Bulkeley bill and the McCumber amendment, which, though they failed of passage in Congress, contained provisions for state aid which were bound to come up again.

"State aid in ordinary times," he said, "is a great wrong and means simply the bestowal of benefit on one person at the expense of the public. The farmers are not chronic borrowers; many are depositors and not a few are stockholders and officers in country banks, and all are taxpayers on property whose value is incalculable. The majority have no need of special favors, and when they realize that they share of the cost and any loss they will oppose such class legislation. The public should awake to the dangers which lurk in these two bills and many other measures pending in Congress. Once on the statute books, it would be difficult to repeal them until they had precipitated a crisis."

Mr. Herrick said he did not believe that the intervention of government should go any further than the supervision and publicity now enforced against national and state banks.

"I think that the American farmers could obtain results from co-operation surpassing those in all other countries if proper laws were enacted and correct principles followed," Mr. Herrick continued. "Their self-sufficiency and absence of community life cited as arguments against its success are the very reason why co-operative organizations should be introduced. Although America has no rural villages, as in Europe, the automobiles of the farmer here eliminate the questions of distance and sparseness of population."

"As soon as the farmers were organized in local groups for banking and business, the headquarters would become the social center of the locality, exactly in the German way. This combination of social relations with financial, commercial and industrial affairs would quicken the moral sense, better the conditions of country life, and especially make the existence of the farmers' wives more useful and enjoyable, particularly in states where women possess considerable civil and political rights."

"When the loneliness in each neighborhood has disappeared through the practice of co-operation

for all activities, the local groups in their turn would combine under unions for carrying the organization to the higher final degree, until at last systems would be established through which the money, credit and resources of the farmers, rich and poor, land owners and tenants, could be utilized for their common and individual good, the continual advancement of agriculture and the public welfare."

"Moreover, before farmers can do anything in co-operation worthy of its name they must first of all rid their minds of the false notion that it is intended mainly for the affairs of little people or persons in distress. The rural co-operative banks should not remain as isolated and detached associations for investing savings in loans in a neighborhood. They should be formed with a view of serving as basic units of great systems and be authorized by law to carry on banking operations of all kinds, subject to wise regulations and restrictions."

Development of waterways and the natural resultant transportation competition and not regulation by the interstate commerce commission or other bodies, offers the escape of the United States from excessive railroad freight rates, according to Senator Joseph E. Ransdell of Louisiana, chairman of the senate committee on rivers and harbors and president of the National Rivers and Harbors Association, who addressed the congress.

"The shippers and consumers of this country are entitled to the use of the waterways God has given them," he said, "and such competition is the proper way to regulate our roads."

## CATTLE BUYER KILLS FOUR OF WIFE'S FAMILY

(Associated Press Telegram)

Morrilton, Ark., April 27.—Samuel Bell, a cattle buyer, shot and killed four members of his wife's family last night and escaped, according to information given to officers by Mrs. Richard Fryer. The dead are: Richard Fryer, 64, his 17-year-old son, Ames Fryer; his daughter, Mrs. Earl Bearden and her husband.

Bell's wife had divorced him and gone to live with her father. While Mr. and Mrs. Bearden were at the supper table last night, Mrs. Fryer said, Bell came to the window and killed Bearden with a shotgun. Mrs. Bearden ran from the house and was shot down. Her father and brother went to her assistance and both were killed.

## SECRECY

REGARDING THE ESCAPE OF GERMAN CRUISERS GOEBEN AND BRESLAU

Is Criticized by British Naval Expert Who Asks the Admiralty to Explain.

(Associated Press Correspondence) London, April 15.—Whether the German cruisers Goeben and Breslau escaped from Messina last fall by running a gauntlet of thirteen British and French warships and ten torpedo boats, as asserted by a petty officer of the Goeben in the Vienna Arbeiterzeitung, is a question that A. H. Pollen, the Naval expert, asks of the British Admiralty in the columns of the Westminster Gazette.

The admiralty has never made public any naval action beyond the engagement previously of the two German ships with the Gloucester which causes Mr. Pollen to remark:

"The circumstances attending the escape of these two ships have been studiously kept from the British public up to now. We know that the Commander-in-chief in the Mediterranean was called upon by the admiralty to give an account of his dispositions and that his account was considered satisfactory. We also know that the Admiral in command of a very powerful cruiser squadron in the Mediterranean was recalled to England, subjected to a court of inquiry and subsequently court-martialed and acquitted. But we do not know anything of the events which led up to these drastic steps, we do not know on what charge the admiralty was brought into court, we know nothing of the character of his defense, nor the grounds on which he was acquitted. In theory a court-martial is an open court; in practice it can be made a star chamber affair by the exclusion of the public when any evidence is being heard the publication of which can be called detrimental to public interest."

"As a simple matter of fact," Pollen continues, "not one word of Admiral Troubridge's trial was reported, and, when questioned on the subject, the First Lord of the Admiralty has steadily declined to reopen this or any other controversial incident."

Pollen declares that nothing is to be gained by keeping back information eight months old, since it can not be of any value to an enemy and only betrays a lack of trust in the British public. If such an action took place, he says, there must have been casualties, and no casualty list has been published.

## MURDER CASE OF PORTER CHARLTON AGAIN POSTPONED

(Associated Press Correspondence) Rome, Italy, April 15.—Although July next will mark the elapse of five years since Porter Charlton was arrested on the charge of murdering his wife in Italy, the case, it is learned, will not come to trial before autumn, if by then.

His counsel, Avvocato Catapano, recently discussing the present delay, said:

"There are two reasons for the delay, the examination of the witnesses in America, and the observations which are being taken of the prisoner's mental condition, at the asylum for the insane at Como."

"As Charlton had not the means to bring over any of his witnesses for the trial they all had to have their testimony taken at home, which was a complicated process, conducted through the Department of Justice and Foreign Affairs both Italian and American. It had not been done there would have been the probability of his being judged at the Assizes without one witness for the defense present."

"Instead, the testimony of the fourteen witnesses in the United States will be read, the testimony being of great importance, given the defense assumed, which is the total irresponsibility of the accused. The investigations cannot be closed, and therefore be made public until the experiments to establish whether Charlton is insane have been given in May. Thus in June, or at the latest in July, the decision will be given out, so that the trial can come on in the early autumn." Avvocato Catapano, however, said that this was not at all sure as should Italy be at war the trial would scarcely take place.

"You see," he continued, "Como is a frontier town, and in case of war even the courts of justice will be upset. Charlton knows this and has not shown any great concern. He seems to be resigned to his position and thinks he will ultimately be released, meanwhile he is allowed all the physical exercises to which he is so greatly attached, that he desires."

To the question why Charlton had taken his case out of the hands of Deputy Perizio, Avvocato Catapano replied: "It cannot be said that the case has been taken from him, the Deputy is very much occupied and gave it up voluntarily, as he could not devote sufficient time to it and it is quite possible that he may deliver the final harangue. It has been said that the Charlton family was much distressed at the time wasted over the time-taking of the testimony in America, and that Deputy Perizio, as a member of Parliament, did not hurry up matters as he might have done, but this is not so, as the fault lies entirely in our procedure; an enormous far when one considers that it took almost a year to consider the first legal inquiries."

The counsel for the defense will be two Avvocato Catapano of Como and himself, Avvocato Palmieri of New York, who is comizant of everything, will come to Italy for the trial. "I expect that the trial will be short especially as all the testimony for the defense will be read, while only a few

people of Meftaslo, where the murder took place, will be heard, so that time will only be consumed hearing the witness, Captain Scott, brother of the victim, and in the discussion of the experts on sanity and in my address to the jury."

## BELGIAN REPORT OF GIVING AID TO FRENCH TROOPS

(Associated Press Telegram) London, April 27.—The following Belgian report on the progress of hostilities dated April 26, was given out in London today:

"Last night our infantry repelled three attacks made south of Dixmude by the Germans, who again are using asphyxiating gases. The Germans sustained heavy losses."

"Today along our front the artillery of the enemy has shown a certain amount of activity. Our artillery replied with success and by a strong fire proved of useful help to the French. These troops made an attack on Luzerne, which yesterday fell into the hands of the enemy but which was wrested from them again this afternoon."

KAISER'S "DOUBLE" ARRESTED.

(Associated Press Correspondence) Nice, April 15.—Captain Weihe of the German Navy has been arrested at San Remo on charges of espionage.

Weihe is said to be the absolute double of the German Emperor and it is reported that he has been charged with impersonating the Emperor in reviewing or addressing troops of civic bodies on several occasions.

## LIMITED

CONTROL OF COMMANDERS BY CONDITIONS OF MODERN WARFARE NOTICED

This is Made So by the Confusion Resulting from Close Quarter Fighting.

(Associated Press Correspondence)

London, April 15.—An eye witness at British headquarters in France, writing in explanation of the recent operations at Neuve Chapelle, points out the limitations which beset commanders in modern warfare.

"The only way in which the commander of any unit, be it battalion, brigade, division, or army corps can actively influence a battle," he says, "is by throwing into the fight a body of fresh troops which have not been employed. His power of control is especially limited in modern war by the hail of lead and iron which sweeps over the whole area near the front line, and in such operations as are now in progress by the inevitable confusion resulting from close quarter fighting in enclosed country."

"The troops launched into the fight must of necessity be left to look after themselves to a great extent, and their fortunes will depend on the individual resource, initiative and determination of regimental officers and men. It is impossible to alter their dispositions, to change the directions to which they have been committed, or in many cases even to communicate with them, for orderlies get shot and telephone wires are cut. Beyond the fact that they are heavily engaged and under heavy fire, their exact circumstances may be unknown. In such circumstances it is only by his reserve that a commander can sway the fight. It may be thrown in to fill a gap, to outflank some position which resists all efforts at frontal attack, to repulse a counter-attack, or to give the front line when checked the necessary impetus to carry it forward. It is in fact in the power of the quick decisions as to where and how to employ reserves that generalship to a great extent lies."

personally discuss the vice presidential and other questions.

"Did you discuss the question in pursuance of that letter?"

"I did."

Then this reply from Colonel Roosevelt dated Feb. 7, 1900 was read:

"Your very kind note has just been received. I note that you expect to be in New York on Saturday. If so I shall not try to lunch with you, but it is convenient. I will call on you at the Fifth avenue hotel at 3 p. m. My train gets in at 1:30 and I do not suppose I could get to the hotel in time to take lunch with you. Will you wire me on receipt of this note?"

"P. S.—I saw Kerens and told him I had written to you that I would not take the vice presidency but that I wanted nothing said until I had a chance to talk matters over with you. I would a great deal rather be anything, say professor of history, than vice president."

A series of private letters that passed between Mr. Barnes and Col. Roosevelt were introduced into the record. These covered a period between 1904 and 1910. They were to be read at the afternoon session.

The reading of the correspondence between Col. Roosevelt and former United States Senator Platt in which the colonel freely discussed all manner of legislative, political and administrative affairs, was completed today.

This telegram, dated May 7, 1909, from Senator Platt to Colonel Roosevelt, was read:

"Our friends of New York Central are very anxious to have you sign Senate Bill 763, exempting from the franchise tax grade crossings of steam railroads. I hope you can consistently do so. Senator Depew is very anxious."

The following was Colonel Roosevelt's reply:

"I received your telegram and one from Ford yesterday. It was too late for me to act as I had already published a memorandum stating not merely that Ford was against the bill but that the state tax commissioners opposed the bill. I am exceedingly sorry if any hardship has been caused either to the New York Central or the Long Island railroad, but it was

a matter where I really had to act according to the advice of the commission unless it could be shown that they were in the wrong."

On May 15, 1900, Senator Platt sent to Colonel Roosevelt a letter which he had received from Lemuel I. Quigg. The Quigg letter in part read:

"I have been thinking over your statement that Governor Roosevelt told you that the President had suggested to him that he go on the committee on resolutions at Philadelphia. I repeat what I said to you that I am quite willing to stand aside for the governor. But, more I think of it, the more I am convinced that he ought not to take the responsibility of serving on this committee as New York's representative."

In a letter dated three days later, Colonel Roosevelt returned Mr. Quigg's letter to Senator Platt, writing:

"The thing has gone so far that it would be wise to have Mr. Quigg kept on the committee. I would like to talk over some resolutions with you and Mr. Quigg."

On July 26, 1900, Senator Platt wrote in part:

REPORT ISSUED BY GENERAL SIR JOHN FRENCH, COMMANDING BRITISH TROOPS.

All German Attacks—Northeast of Ypres Were Repulsed—Cooperation of French Forces.

(ASSOCIATED PRESS TELEGRAM)  
London, April 27.—The following report from Field Marshal Sir John French, commander of the British forces at the front, under today's date, was given out here today:

"Yesterday all German attacks northeast of Ypres were repulsed. In the afternoon our troops took the offensive and made progress near St. Julien and to the west of that place."

"The French co-operated on our left and further to the north they retook Het Sas."

"In the course of yesterday's fighting, our artillery took full advantage of several opportunities for inflicting severe casualties on the enemy."

"On the remainder of the front there is nothing to report. In addition to the destruction of Courtrai Junction, mentioned in the communiqué last night, our armies yesterday bombarded successfully stations and junctions at the following places: Tournai, Roubaix, Ingelmunster, Staden, Langemarcke, Thielt and Roulers."

## "BILLY" PRIEST IS CHAMPION—WELL HERE'S HIS STORY

William "Farmer Billy" Priest is entitled to the title as the early mushroom gatherer of Welsh Hills territory. Sunday he gathered over a half bushel of fine large ones before ten o'clock. He had not been very successful in the states and becoming a little tired had sat down on a stump to rest when his attention was attracted by something popping up in the meadow.

Going to the place he discovered it was a mushroom and recognizing his seat counted as only eight springs up before his eyes.

"Mr. Priest vouches for this story and as he is a man of veracity it may be accepted as a fact."

On his way home Mr. Priest took a short cut through a woodland and discovered James Cooper and Albert Gleichauf.

After a talk with the two men and his hands and legs scratched up he called to Mr. Priest and stated that he had come out to the woods on the recommendation of Joe Schrider.

Said the woods were full of mushrooms and that he had climbed half the trees, in the had found a mushroom but not a single one back to his home for dinner where a delicious meal of the morning's strenuous work.

From paper of the fiber of the mulberry to a Japanese naval officer has invented a lifeboat that can be folded in a space of about a cubic foot.

should be appointed by the state liquor inspector.

Literary in the appropriation of funds to relieve the crowded condition of state institutions, was indicated by the finance committee of the house of representatives today when the committee voted to recommend a bill drawn new estimates involving the expenditure of nearly \$100,000 for the state school for imbeciles, Columbus, the Massillon state hospital and the Gallipolis state institution for epileptics.

If the suggestion of the committee is followed the Columbus institution will get at least two cottages to a \$10,000 each, the Massillon hospital three and the Gallipolis hospital two. The unbalanced institution also will get a laundry to cost about \$8,000.

If the same ratio is extended to other institutions much more than a million dollars will be given for new buildings.

## COTTON EXPORTS FORBIDDEN FROM UNITED KINGDOM

(ASSOCIATED PRESS TELEGRAM)  
London, April 27.—The exportation of raw cotton from the United Kingdom was specifically prohibited in a special supplement to the official gazette issued today.

The prohibition covers all foreign ports in Europe and on the Mediterranean and Black Seas, except those of France, Russia, Spain and Portugal. Russian ports on the Baltic are included in the prohibited areas.

The demand of the British public for a specific prohibition against the exportation of cotton has been insisted but the government heretofore has contended that the export has been prevented by the general blockade against Germany.

## PERJURY CHARGED TO HOTEL CLERK IN TANZER CASE

(ASSOCIATED PRESS TELEGRAM)  
New York, April 27.—The first trial to result from the alleged conspiracy by Miss Rae Tanzer and others, to defraud James W. Osborne in the young woman's \$50,000 breach of promise suit, was set for today in the federal court. The defendant, Franklin D. Safford, a hotel clerk of Plainfield, N. J. is charged with perjury in identifying Mr. Osborne as the Oliver Osborne, who registered at the hotel with Miss Tanzer.

## Granville

(Special to The Advocate)  
Granville, April 27.—Several women from Granville will enjoy the program presented by the Newark Women's Music club in the Second Presbyterian church this evening. Those who have heard Miss Zoe Fulton, the popular contralto, are eager to repeat the experience, as she made a distinctly favorable impression on the Granville public when she sang in the Spring Festival here last year. Miss Florence King is also extremely popular with the musical people of this community.

A look in at the Engwerson Choral rehearsal last evening showed a most gratifying program in the work of that organization. The director, Mr. Deschman, has the singers well in hand, the places were so filled and the parts well balanced. The bass is splendidly sustained by some of the best singers in town and college, and the soprano will be splendidly effective when all the singers are able to be present. The tenor and alto also will receive accessions after rehearsals for other entertainments have ceased. The chorus members are fascinated with the work on "Samson and Delilah" and will give it a fine interpretation.

Rehearsals for the musical comedy, "The Pirates of Penzance," the next attraction on the music course, to be given on the evenings of May 11 and 12, in Recital Hall, are in full swing, and every indication points to a grand artistic success. Holders of course tickets will be expected at the first performance.

The nineteenth annual show of the Denison Dany Darkies will be held Wednesday evening, May 25 in the Opera House. There will be a dress rehearsal this evening. Mr. Carl Thiele is manager of the entertainment which promises to be "the best yet."

Prof. and Mrs. Theodore Johnson motored to Mt. Vernon today where they will be the guests of friends till tomorrow. Mr. Johnson will deliver an address this evening before the Baptist Brotherhood of that city.

Mr. Harold Malcolm is suffering from an acute attack of tonsillitis, and is confined to his room in the Phi Gamma Delta house. It is hoped that he may be around again soon. He is a member of the Denison Glee club, and other musical organizations.

Mr. Burton Case and Dr. J. W. Kohrer motored to Buckeye Lake last evening to enjoy a day's fishing. Among the others who accepted the hospitality of Mr. Bart Everett's cottage were Mr. Fred Hobart, Mr. A. J. Grandstaff, Mr. Chester Montgomery, Prof. V. H. Hooper, who was called to Cleveland last week by the death of his sister, returned this morning and resumed his duties in Denison University as head of the department of public speaking. Prof. Hooper's resignation was handed in at the meeting of the Denison board of trustees last Tuesday, much to the regret of all who realize the high quality of his work, both in his class room and on the platform.

Invitations are out for a reception at Chi Psi Delta sorority house Friday afternoon.

Mrs. August Odebrecht will entertain the active and alumnae members of the Kappa Phi sorority this afternoon at her home in Burr street.

The commencement exercises of the McKean township district schools will be held in the Methodist Episcopal church hall, Wednesday evening of June 2nd at 7 o'clock.

## REFORMATION IS TOLD IN STORY AND HISTORICS

Under the auspices of the Luther League of St. Paul's Lutheran church, the "Story of the Reformation" was given at the High School Auditorium on Monday evening and will be repeated again on Tuesday evening.

About one hundred and fifty local people took part in the entertainment and a fair sized audience witnessed the production. The High School orchestra gave a delightful concert preceding the entertainment.

The program was divided into five parts, the first being a historical descriptive theology, during the Union and during the march a number of songs were given by a chorus of about 100 voices. All were in costume, and the march figures were very attractive and well done. Miss Ethel Brown, lecturer, then told the story of the life of Martin Luther, illustrating it with stereopticon slides, which was followed by the showing of Luther at the monastery of Erfurt. The third scene showed Martin Luther's trial at the Diet of Worms and the different characters at the trial, were represented by a number of the ministers of the city, the role of Martin Luther being played by Harvey Alexander. The stereopticon views were

continued, and the fourth scene showed the monks and nuns of the convents and the roles were played by a number of the young women of the city. The characterization of Mother Superior being enacted by Miss Ruth Chesley. The concluding scene was a march, and all united in singing Luther's Battle Hymn, "Ein feste Burg."

The entertainment will be repeated this evening, and undoubtedly a large audience will be in attendance. As Monday night's performance was greatly enjoyed.

## GASEOUS BOMBS USED BY GERMANS NOT SUCCESSFUL

(ASSOCIATED PRESS TELEGRAM)  
Paris, April 27.—The first wounded soldiers who have arrived in England from the Y. H. front with signs of the gaseous bombs used by the Germans.

"Their famous bombs killed nobody," said one of the wounded Frenchmen. "They just put to sleep those who breathed the fumes. Then the Germans came up and killed the sleepers. Fortunately help came and we finished by smothering them."

Based their opinions upon descriptions of the fumes, chemists generally by are of the opinion the bombs can do little harm in the open air and require so many favorable conditions as to make their successful use limited.

## BOMB FOUND IN WAR MINISTRY AT CONSTANTINOPLE

(ASSOCIATED PRESS TELEGRAM)  
Paris, April 27.—A powerful clock-work bomb was found hidden yesterday in the ministry of war at Constantinople, according to a dispatch from Salonika. It was timed to explode at an hour when the council would be in session. The meeting of this body was attended by Enver Pasha, minister of war, Field Marshal von Goltz, and General Liman von Sanders.

An investigation is said to have disclosed that the bomb was placed in the room by a sweep who had come to clean the chimney and who then disappeared. Several minor officials connected with the ministry of war have been arrested on suspicion of being his accomplices. The police believe the plot was directed against the young Turks and the Germans.

Members of the committee of Union and Progress are said to have decided at a meeting to which no Germans were admitted to adhere to a "waiting policy," but to favor the conclusion of a separate peace with the allies if Germany failed to provide assistance sufficient to repulse an attack on the Dardanelles.

## MAY VOTE ON THE LICENSE SYSTEM IN NOME, ALASKA

(ASSOCIATED PRESS TELEGRAM)

# GRINDING OF RAILROADS MUST STOP

Or With Continued Oppression Government Will Take Them Over

THIS MOTIVE ASSIGNED TO THOSE WHO VOTED

TO KILL THATCHER BILL

When a Sudden Fight Was Made In House Today Upon Tabling the Committee's Report to Pass Bill Allowing Railroads to Charge 2½ Cent Passenger Mileage.

[ASSOCIATED PRESS TELEGRAM] Columbus, April 28.—The Thatcher bill to permit railroads to charge 2½ cents a mile passenger fare subject to approval by the public utilities commission, was saved from sudden death today when the house voted down a motion by Representative Young of Cuyahoga to indefinitely postpone the utilities committee's report of the bill with recommendation for passage. The vote was 32 to 74.

The bill now will be placed on the calendar and probably made a special order of business for late this week or early next week, it was said. Representative Thatcher of Clinton, author of the measure, made a plea for consideration of the bill on its merits. He said those who would vote for the motion to kill it, "voted for single tax and government ownership of railroads." He declared opponents of the proposal to give railroads a chance to prove they need higher fare, are actuated by a motive of "oppressing the railroads, grinding them down until the government will have to take them over."

Representative Cromley of Knox, supporting Representative Young's motion, warned the house that if the 2½-cent fare bill were passed, "constituents of each member would go into his railroad station and ask for a ticket, naming it after his representative."

Minority Leader Kramer asked that the Thatcher bill be given a chance of life by the voting down of the motion to postpone indefinitely.

Those voting for Representative Young's motion virtually to kill the bill were Representatives Agler, Benedict, Black, Bliss, Bowland, Bragg, Brown of Union, Chapman, Cromley, Danford, Federman, Fitzsimmons, Garver, Hale, Hulswitt, Hyle, Jones, King, Klein, Kohl, Nungesser, Ott, Reighard, Rover, Siebert, Spencer, Stevens, Steivers, Terrell, Totman, Waggoner, Walsh and Young.

All others voted against the motion with the exception of those, who did not vote: Briggs, Brown of Cuyahoga, Bryson, Etling, Fox, Heald, Hite, Lustig, Mansfield, Money, Moore, Morris of Fairfield, Thompson, Walcutt and Zeigler.

## MYSTERY

IN CASE OF YOUNG BALTIMORE STENOGRAPHER ASSAULTED WITH A HAMMER

Skull Fractured and Police Believe Woman Committed the Deed But Assign No Motive.

[ASSOCIATED PRESS TELEGRAM] Baltimore, April 28.—The local police face a mystery in the case of Miss Ida Robins, 22, a stenographer, who was assaulted with a hammer last Monday afternoon in the office of her employer, Philip Lindemeyer, dealer in printers' ink, in South Charles street.

Miss Robins, with her skull fractured in three places, is in a hospital not expected to recover. Before becoming unconscious she said she had been attacked by a negro who demanded money. Later developments led the police to believe that a white woman may have been her assailant. Why a woman should figure in the case was not explained.

MOTHER BURNED TO DEATH; CHILD HURT.

[ASSOCIATED PRESS TELEGRAM] Gratton, W. Va., April 28.—Mrs. Charles Boyd was burned to death and her little daughter badly injured in a fire which destroyed their home after it had been struck by lightning here today.

# CROSS-FIRE QUESTIONS CONCLUDED

Ex-President Roosevelt Is Asked Concerning Salary And Speeches

IN ONE HE HAD CALLED BARNES A MEN-ACE.

CONFERENCE IN CHAMBERS

Between Judge and Lawyers Preceded Opening of Court—Colonel Took a Brisk Early Morning Walk and Seemed Refreshed When He Took the Stand This Morning.

[ASSOCIATED PRESS TELEGRAM] Syracuse, N. Y., April 28.—The cross examination of Theodore Roosevelt was concluded today after he had been asked questions about speeches and the salary and traveling expenses he received while president of the United States. In the \$50,000 libel suit brought by William Barnes.

Before court opened attorneys for both Col. Roosevelt and Mr. Barnes went to the chambers of Justice Andrews for a conference. It was said that this had to do with the admission of certain evidence. Because of this conference the proceedings were a little late in starting.

When Justice Andrews ascended the bench he re-urged the jury against reading the newspapers.

Mr. Ivins then asked the colonel whether he remembered making a speech at Hudson Falls in 1913.

"Where is Hudson Falls?" asked the colonel.

Mr. Ivins replied: "I have never been governor and consequently I have never been all over the state."

The speech at Hudson Falls was read. In it Col. Roosevelt was reported as saying that Mr. Barnes was a "menace to the state of New York" and that if he was a menace before election he was a "menace yet."

John M. Bowers, Col. Roosevelt's chief counsel objected. Mr. Ivins explained to the court that the colonel's old speeches were not being introduced with an idea of compounding the alleged libel but with the idea of showing the colonel's state of mind. The objection was overruled.

Colonel Roosevelt told why, when governor of New York and president of the United States he conferred with former United States Senator Thomas C. Platt—"the boss."

While he was governor of New York, the colonel declared he discussed things with Senator Platt because he had found out that the legislature obeyed his order. The witness thought it best when there was any likelihood of that lawmaking body of the state disagreeing with him to first go to headquarters and talk things over. Further, as governor, the colonel said he did not want to run any chances of disrupting the Republican party.

As president of the United States the colonel readily admitted he conferred constantly with the senator from New York on all manner of things. He said he valued the senator's advice and wanted to take advantage of his wide experience.

These statements were made in reply to questions asked the colonel during the early part of his re-direct examination, his cross examination by counsel for William Barnes having been concluded today.

The colonel was most active on the witness stand. He slapped his hands upon his thighs and moved his arms ahead to give emphasis to his words. He raised his voice and pounded upon the arm of the witness chair until counsel for Mr. Barnes entered an objection with the court against what they termed his "gesticulations."

In another speech Colonel Roosevelt was quoted as saying, and he said he was incorrectly quoted, that "Mr. B. and Mr. M." should be in the same party. The speech was delivered at Saratoga. In it Colonel Roosevelt was also quoted as saying that one controls New York and the other controls Albany.

Syracuse—Add running Roosevelt.

An objection to a question on this passage was sustained.

Mr. Ivins argued in vain that he be allowed to read the speeches to show that Col. Roosevelt repented his accusations against Mr. Barnes many times.

Mr. Ivins referred to speeches made in several places including Syracuse, in which Col. Roosevelt was said in the newspapers to have repeated his statements about Mr. Barnes. Col. Roosevelt said he remembered the speeches he made last year and that he mentioned Mr. Barnes.

"What was your salary as President of the United States?"

"Fifty thousand dollars."

A Photograph Which Shows Serbians Are Well Equipped With Artillery.

This photograph proves the Serbians are well equipped with artillery for their fight with Austria. These great guns are trained on an Austrian position some miles off. The guns may have been supplied by the French, for they look much like those the French use against the Germans on the western front of the war. General Pau, aid to General Joffre, has been in Siberia to consult the government about the war, and it is possible the French have as a result supplied the Serbians with the artillery.

## Labor Union Officials And Contractors Under Indictments In Chicago

[ASSOCIATED PRESS TELEGRAM] Chicago, April 28.—The eighteen officials of labor unions, \$2 contractors or contracting firms and two alleged trusts named in indictments returned in the United States district court yesterday charging violation of the Sherman anti-trust act and interstate commerce law, were expected to appear today to give bond in the sum of \$10,000 for each indictment in which their names appear.

The charges in each of the eight indictments are conspiracy to restrain trade, combination in restraint of trade, interfering with interstate commerce and restraining interstate commerce. The labor leaders were charged with having prevented union workmen from unloading or handling goods which had been shipped from

outside the state, because of alleged disputes with the concerns to which the goods were consigned.

Simon O'Donnell said of the indictments: "I am sure I know nothing of anything I may be charged with. I have been fighting for the good of the workmen of the city and have held out consistently for an engagement which explicitly sets out that there shall be no discrimination against goods made outside Chicago. Of course no one cares to have a federal indictment against him."

Similar expressions came from other labor leaders who were indicted and from contractors who are alleged to have conspired with the unions to keep goods made outside Chicago from being used on construction in this city.

## Military Operations Of Critical Importance In Three Distinct Fields

Military operations of critical importance are now under way simultaneously in three distinct fields of action.

In Flanders, the Germans are once more engaged with the British, Belgians and French in a struggle for mastery of the territory near the Ypres canal, where several months ago there occurred what was perhaps the most terrible struggle of the war thus far.

In the Carpathians the Russians are again assuming the offensive in another of their repeated efforts to push over the mountain barrier into Hungary.

At the Dardanelles, the allies have succeeded in landing troops on both sides of the straits, inaugurating

the combined land and sea attempt at the conquest of Constantinople.

A British correspondent in northern France telegraphs that the German effort to turn the left British flank near Ypres has failed and that the Germans have been checked definitely, although the battle still continues with violence. French military authorities are cautious of accepting the theory that the plan of the Germans is to break through to the English channel, but they regard it as patent that such a huge concentration of troops on a limited front means that the present drive is preparatory to some more important undertaking.

An official Belgian statement indicates that the German attack is lessening in force. It is said the ar-

## Dramatic Plea of Guilty Is Made By Trusted Employes to Aiding Highwaymen Rob Their Employers

[ASSOCIATED PRESS TELEGRAM] New York, April 28.—Philip T. White, the \$6000-a-year manager of the Masury Paint company in Brooklyn, on trial as the leader of a band of highwaymen who held up his employer's bank messenger and robbed them of \$3000 nearly a year ago, resumed his chair in the court room today, stretched both arms toward Supreme Court Justice Aspinwall, on the bench and exclaimed:

"Stop. I am guilty. I want to confess my guilt before God and the world."

A court room scene seldom equalled in the annals of New York jurisprudence ensued. White, trembling with emotion, turned from the bench and faced the jury.

"I am guilty," he repeated. "It is a bitter cup that is forced to my lips, but it is the Lord's will. I have lived two lives—a decent one and that of a highwayman. I hope

that God will forgive me and that I may live long enough to make restitution."

He reached up to his coat lapel and fumbled with a gold button in the buttonhole, insignia of his membership in a fraternal order known all over the country.

"And I surrender my membership in the Mystic Shrine," he continued, tearing the button loose. "I am no longer worthy to remain a Shriner."

White continued his impassioned avowal. He freely confessed the details of the crime but asked no clemency and made no statement as to the motive which impelled him.

When he sat down, beside his long time friend, James P. Cunnin, auditor for the Hackett & Wilhelm Co. in Brooklyn, who also was on trial on the same charge, Cunnin arose.

"I wish to plead guilty, too," he said and sat down.

The trial, which has been in progress in the supreme court in Brook-

lyn for several days was at once halted. The jury was dismissed and the court accepted the two pleas of guilty. Sentence was postponed a week.

Cunnin and White were charged with having devised the scheme under which two messengers of the Masury company were robbed of \$3000 in the hallway of the building occupied by the firm. The actual robbery was committed by two highwaymen acting under White's orders. The four afterwards divided the money. White getting \$900. This was testified to yesterday by Robert S. Roberts, the man who actually took the money from the messenger's hands.

White lived in a handsome home at Elizabeth, N. J. When he was first arrested after months of investigation by detectives, his employers were astounded, refused to believe him guilty and assisted him to obtain bail.

## GERMANS REPORT SUCCESSES THAT ARE UNVARYING

[ASSOCIATED PRESS TELEGRAM] Berlin, April 28.—Via London.—The German army headquarters staff today gave out the following official statement:

"In the western theatre: "The English attempt yesterday to recapture the territory which they had lost in Flanders. In the afternoon they commenced an attack on both sides of the Ypres-Pieter high road, but the attack broke down completely 200 metres in front of our position."

"A second advance further to the east during the evening had the same result. Here also the enemy

suffered heavy losses. The enemy did not attack on the western bank of the canal."

## GERMAN FLEET OF WARSHIPS IN NORTH SEA

[ASSOCIATED PRESS TELEGRAM] London, April 28.—Captain Scott, commanding a Norwegian steamer chartered by the Belgian relief commission reports the presence in the North Sea of a German fleet numbering no less than 68 vessels all told.

Captain Scott, whose vessel has just come to port, reports that while crossing the North Sea he was held up by one of these German vessels. After an examination of his papers he was permitted to proceed. The German fleet was composed of vessels of all classes from battleships to torpedo boats.

## 2200 VOLTS ELECTRICITY THROUGH MAN

William McDonald, an employee of the Pharis Rubber company just escaped electrocution, when he stepped on a transformer at the company's plant in West Main street today.

He was at work and accidentally stepped on the electrical transformer sending 2200 volts of electricity through his body. A hurry call was sent for the Bradley ambulance, and he was taken to the office of Dr. P. H. Casner, where prompt medical action saved his life. He responded to the treatment and later in the afternoon was pronounced out of danger. He was removed to his home in 124 Cambria street.

# OPTIMISM IS KEYNOTE OF CONFERENCE

Operators and Miners at The Second Day's Meeting At Cleveland

BELIEVE PEACE IS NEARER THAN EVER BEFORE.

DETAILS OF AGREEMENT

Will Probably Be Perfected Within the Next Day Or Two—Miners Offer to Make Concessions That Will Allow Ohio Operators to Compete With Those In West Virginia.

[ASSOCIATED PRESS TELEGRAM] Cleveland, O., April 28.—With the opening of the second day of the conference of miners and operators composing the joint-scale committee in the Ohio coal strike here, both sides expressed the belief that peace was even nearer than at the start of the conference yesterday. It was expected that all of today and probably another day or two would be occupied in perfecting the details of the anticipated agreement, but that peace would be realized before the end of the week.

Yesterday was devoted to a general review of the situation which has resulted from the strike, now more than a year old, but active discussion of the terms of the proposed settlement is expected to be reached at today's session, which is scheduled to open at 10 o'clock.

The miners' representatives have conceded that if the operators recognize the fundamentals insisted upon by the union, officers the workers will make concessions as to working conditions, which will permit the mine owners to compete with the operators of West Virginia and Pennsylvania where the run of mine tonnage is less than that contended for by the Ohio union men. The operators on the other hand seem willing to allow the 47 cent of mine rate demanded by the miners provided the readjustment of working conditions is made. Hence the difficulties in the path of previous settlements seem to be largely wiped out.

It was admitted today that the motion to reconsider the Gallagher bill to modify the Green screen law, expected to come before the state legislature at Columbus today may have a direct bearing on the outcome of the conference here.

State Inspector of mines John M. Roan, who is here representing Governor Willis at the conference, expressed the belief today that peace is assured before the present conference adjourns.

## WILL SETTLE STRIKE WITHIN A WEEK IS CONCILIATOR'S OPINION.

[ASSOCIATED PRESS TELEGRAM] Lexington, Ky., April 28.—That the eastern Ohio coal strike will be settled within a week, is the opinion expressed here today by Hywell Davies, federal conciliator, upon his arrival home from Columbus, Ohio, where he had been in conference with Governor Frank B. Willis of Ohio.

Mr. Davies refused to discuss the basis of settlement but said that only a few details remained to be agreed upon and all connected with the strike, both operators and miners are apparently anxious to agree.

## SUBMARINE

OF AUSTRIA TORPEDOES THE FRENCH ARMORED CRUISER LEON GAMBETTA

According to Berlin Report, Which Says That, Part of Warship's Crew Was Saved.

[ASSOCIATED PRESS TELEGRAM] Berlin, April 28.—By wireless to Sarville.—The French armored cruiser Leon Gambetta has been torpedoed by an Austrian submarine, according to news received by the Overseas News Agency. Part of the crew of the French warship was saved.

The French armored cruiser Leon Gambetta displaced 12,416 tons and carried a crew of from 700 to 800 officers and men. The cruiser was built at Brest in 1903. She was 486 feet long, 70 1-4 feet beam and has a mean draft of 26 1-2 feet.

The Leon Gambetta carried 4 7.6-inch guns, sixteen 6.4-inch guns and twenty-four 3 pounders and was

## TASTWEL COFFEE

### Still in the Lead

We are having so many inquiries as to the result of our rhyme contest, we publish it again for the information of those who are interested and trust this notice may be received as a satisfactory answer. We hope our new contest on Woman's Suffrage in which we are offering five prizes may be as well received.

On March 11th we mailed checks aggregating \$100.00 to the following persons: Russell K. Harris, 517 Steubenville avenue, Cambridge first prize, \$50.00; Miss Katherine Gerwick, 540 Adair avenue, Zanesville, second prize, \$30.00; Chas. Moorehead, Junction City, third prize, \$20. The prize winning verses follow:

#### The First Prize.

Up in the mountains far from town  
There lived an old hermit of great renown.

Whose life was sad and of no use,  
Just as the life of every recluse.

He had no smiles to give away,  
Just wandered around with nothing to say.  
A sad old man—a life far spent,  
He carried the sadness wherever he went.

One day his coffee supply got low,  
And off to town he decided to go,  
So he took his cane and his old dog "Trey"  
And down the mountain he wended his way.

The grocer advised him to try a new brand;  
The Tastwel coffee—the best in the land.

The grade was better than he had been buying,  
But nevertheless he thought it worth trying.

And it was't long e'er a change took place,  
A smile spread all over his face.

He was rapidly cured of his troubles and woes,  
And now praises Tastwel wherever he goes.

#### The Second Prize.

H is for Harper of Tastwel fame,  
A for Ability which gave it its name.  
R for the Roasting which adds to its savor,  
P for the People who are fond of its flavor.

E for the Enterprise launching it out,  
R for the Reason we want it about,  
S for the Storekeeper, obliging and stout.

T is for Tastwel, the coffee sublime,  
A is for Anna who makes it so fine,  
S for Sugar to make it quite sweet,  
T for the Tray to serve it so neat,  
W for Water to use in the making,  
E for the Egg to clear before taking,  
L for the Liquid hot and thirst slaking.

C for Coffee prepared by our wife,  
O is for Optimist—made so for life,  
F is for family, to Tastwel devoted,  
F is for Fragrance, for which it is noted.

E for Effusion in praising its worth,  
E for Enthusiasm o'er all the earth.

#### The Third Prize.

Once there was a man so poorly,  
By the name of Reuben Guy,  
He had doctored with good doctors,  
And they said that he must die.

So one day the old man fainted;  
On the table sat a tin,  
And his wife in her excitement  
Threw the contents into him.

She mistook it to be water,  
For she meant to bring him through,  
But it happened to be coffee,  
Good old Tastwel Coffee, too.

Al! that kept the man from dying  
Was the contents of that tin;  
For he had his mouth wide open,  
And the coffee all went in.

Some may think this too alluring,  
Others say it is a lie;  
But those doctors said that Tastwel  
Saved the life of Reuben Guy.

## CRICKETS' RAID DESTROYS WHEAT IN WASHINGTON

(Associated Press Telegram)  
Spokane, Wash., April 28.—Six hundred acres of wheat have been destroyed by crickets in the Wilson Creek section of Grant county, Wash., according to a report made today by C. W. Creel, cereal and forest agent of the federal department of agriculture.

Millions of insects have invaded the valley and miles of trenches have been plowed for the purpose of holding the crickets in check. Governor Lister has been appealed to for aid in the fight on the pests.

### MILITARY

(Continued on Page 2, Col. 2.)  
tillery fire against the Belgian front has largely died away.

Russian and Austrian official statements indicate that fighting in the Carpathians is becoming more intense.

Each side claims to have defeated the attacks of the other, but it is apparent that gradually the activity is spreading along greater sections of the battle line. Military observers at Petrograd say that more decisive operations than have occurred hitherto are expected shortly.

The situation in the Dardanelles remains obscure, although it is apparent that the French and British have made some headway with their landing operations.

The Paris war office has announced the capture of Kum Kaleh on the Asiatic side. The Turkish government although reporting the repulse of the landing forces in some cases does not claim that in every instance the Turks have been able to drive them back.

Italy is still debating the question whether she shall intervene in the war. The Italian ambassador in France, one of those summoned home to consult with the government, has had a long conference with the king concerning international affairs.

(Associated Press Telegram)  
London, April 28.—England is breathing freely again today in the general belief that the German offensive near Ypres has been stopped and the country is finding time to turn its attention to the Dardanelles.

Where an allied army has landed on both shores of the Straits, Paris reports that the French section landed on the Asiatic shore and is making steady progress despite the stubborn resistance of the Turkish defenders. These forces are entrenched and supported by artillery and it is expected that they will prove a serious obstacle to an advance by land against the forts.

The British section has successfully made a base on the shore of the European side of the Straits. Turkey admits that these landings have been made, but at the same time she declares that the allies have been unable to make any progress toward the interior.

The latest French official announcement declares that the allies are making continued progress between Ypres and Dixmude, where the capture of prisoners, machine guns and war supplies is claimed. Following the reported failure of the German attack at Les Eparges, the French have apparently resumed the offensive in that region.

The most significant happening in the diplomatic situation is the recall to Rome of the Italian ambassadors in London, Paris, Berlin and Vienna for a conference with the minister of foreign affairs. The Austrian negotiations are said to have made progress in Rome and Austria is credited with making new concessions to Italy.

Italian observers are beginning to express the opinion that the points still unsettled between Italy and Austria do not make it impossible to reach an agreement.

was taken by us by storm during the night north of LeMesnil and successfully defended and maintained against several counter attacks. The enemy again suffered heavy losses, sixty wounded Frenchmen, four machine guns and 12 mine throwers falling into our hands.

"Between the Meuse and the Moselle only fierce battle took place. A strong French night attack in Le Pretre wood was repulsed with sanguinary losses.

"After their unsuccessful advances of April 26, the French have

### IS YOUR DAUGHTER PALE?

Does she inherit a delicate organization from you? The anemia of young girls may be inherited or it may be caused by bad air, lack of proper food, inefficient out-of-door exercise, hasty and irregular eating and not enough rest and sleep. It comes on gradually, beginning with languor, indisposition to mental or bodily exertion, irritability and a feeling of fatigue. Later comes paleness of the heart and headache. In a majority of cases constipation is present. Often the patient craves unusual things to eat, such as starch or chalk. There may be no loss of flesh but the complexion takes on a greenish-yellow pallor.

There is no need to worry in a case of this kind. The treatment is easy and simple. Dr. Williams' Pink Pills, non-alcoholic and free from any harmful drugs, are just the tonic to remedy this condition. Improvement begins with the first dose. As the blood is made rich and red the peculiar pallor leaves the face, strength and activity gradually return and if the treatment is continued until the last symptom disappears the danger of relapse is slight.

A booklet, "Building Up the Blood," which tells all about this treatment, will be sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. All druggists sell Dr. Williams' Pink Pills.

made no more fresh attempts to attack our positions on Hartman's Wellekopf.

"At Altkirch one of our aviators brought down a French aeroplane. "In the Eastern theatre: "We took possession of Russian positions extending over a front of 20 miles (12 miles to the northeast and east of Suwalki).

"To the north of Przasnysz northern Poland, two officers and 470 Russians were taken prisoners yesterday and three machine guns were captured.

"Yesterday's official French and British communications again furnished interesting proofs of the means whereby the public in the countries of our enemies is being misled.

"The French assert they have recaptured Hartman's Wellekopf, which we took away from them on the 25th of April. In reality, no attacks at all have been made since the unsuccessful attempt to recapture the summit on the afternoon of April 26. Therefore the summit is in our possession.

"The British report says that the French advancing on the left wing of the British, have recaptured the village of Het Sas, in Flanders. In reality neither was this village attacked yesterday. Furthermore the British report states that the German report regarding the capture of four British guns is not correct."

"It is a pity for the British army administration that it is so badly informed by its subordinates although it is easily understood that the regular transmission of reports may be somewhat disorganized by the speed with which the British troops left the battlefield on the 25th. According to the inscription they bear, the captured guns belonged to the second London garrison artillery and second London territorial division they are 12.8 centimeter guns which will make their presence on our side clearly known to our opponents in the near future."

### PURE BLOOD

The Greatest Blessing Mankind Can Have.

Millions of people need this powerful vegetable remedy that purifies the digestive organs in fine condition; that clears the skin of pimples, rash, blemishes and eczema; that dissolves boils and carbuncles; that makes nerves stronger and steadier and gives the pale, weak, rundown people the fullest measure of health and happiness.

Dr. Pierce's Golden Medical Discovery, free from alcohol or narcotics and extracted from roots and barks with pure glycerine, does just what is stated above, simply because it banishes from the blood all poison and impure matter. It dissolves the impure deposits and carries them out, as it does all impurities, through the Liver, Bowels, Kidneys and Skin.

If you have indigestion, sluggish liver, backache-over the kidneys, nasal or other catarrh, unsteady nerves or unsightly skin, get Dr. Pierce's Golden Medical Discovery to-day and start at once to replace your impure blood with the kind that puts energy and ambition into you and brings back youth and vigorous action.

All medicine dealers can supply you in either liquid or tablet form or send fifty cents for box of Tablets to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y. Write for free booklet on blood.—Adv.

## FLOOD CONDITIONS STILL IMPROVING IN SOUTH TEXAS

(Associated Press Telegram)

Houston, Texas, April 28.—Central and south Texas flood conditions improved steadily last night and today, strengthening the belief that the worst is over, although all trans-state streams are out of bank at many points and damage is continuing. No rain, however, has fallen along the lower reaches of the rivers in more than 48 hours and the waters are receding slowly.

Crests of north Texas floods will not arrive for several days and by that time it is believed the southern rivers will have fallen enough to enable the water to pass into the gulf without trouble.

Government officials reiterate the warning that the chief center of disturbance is along the lower sweep of the Colorado river.

## BUCKEYE BAND CONCERT PROGRAM

The Buckeye Band will give the first of the series of open air concerts on the south steps of the court house this evening at 7:30 o'clock. The band is directed by Fred Abbott and an excellent popular program has been prepared. Undoubtedly a large crowd will greet the musicians, as their former concerts were largely attended, and the work of the band exhibits a spirit of progressive-ness that deserves the heartiest support. The program follows:

1. March—"Colossus of Columbia."
2. Popular March—"I'm On My Way To Dublin Bay."
3. Overture—"The Sky Pilot."
4. March—"Light Guards."
5. Serenade—"A Night In June."
6. Popular March—"On The 5:15."
7. Grand Selection—"Bohemian Girl."
8. March—"The Guiding Star."
9. Overture—"The Iron Count."
10. March—"Stars and Stripes Forever."

## GYM CLASSES OF Y. M. C. A. ARE TO ENJOY BANQUET

Members of all gymnasium classes of the Y. M. C. A. men and boys, will enjoy a banquet Thursday evening at 6 o'clock at the first Presbyterian church, the event marking the close of the winter's gymnasium instruction. Special arrangements have been made to make this a pleasant feature of the work in the physical department of the association and every classman is supposed to be present. Tickets are selling for 25 cents.

### CROSS-FIRE

(Continued from Page 1.)  
"Did congress appropriate \$25,000 for your traveling expenses?"

Mr. Bowers objected and was sustaining it.

Mr. Ivins argued that he wanted to test the good faith of the witness and show that although \$50,000 was the President's salary, he approved the bill which gave him \$25,000 for traveling expenses.

"This witness," the attorney said, "has charged the existence of invisible government. I want to test his good faith."

Mr. Ivins then read from a magazine article bearing the colonel's name. In this the colonel deplored personal attacks on men in public life from the stump.

Mr. Ivins announced he was through with the witness.

Mr. Bowers then immediately began re-direct examination of the witness. "Colonel Roosevelt do you remember Mr. Ivins questions about the report of the Clapp committee?"

"I do."

"You remember he asked that if the report showed Mr. Carnegie contributed \$25,000 and Mr. Perkins \$10,000, you would not doubt it?"

"I remember that."

"You remember you said 'I have no doubt of it if you are reading from the official report,' and he answered 'I am reading from the official report.'"

"I remember that."

Colonel Roosevelt said the speech was substantially correct, but that part of the things he had said had been left out and part shortened and incorrectly reported.

"I never said 'Mr. B and Mr. M,' he colonel said. "I said Mr. Barnes and Mr. Murphy."

In another speech Colonel Roosevelt was quoted as saying that "Mr. Whitman was one of the most efficient instruments of Tammany."

An objection on the reading of this speech was sustained.

In a speech delivered at Malone, N. Y., Colonel Roosevelt charged that Mr. Barnes and Mr. Murphy were in collusion in regard to elections.

Mr. Roosevelt took a long walk in the country before going to the courthouse. Prior to the opening of court, counsel for Mr. Barnes took into the room photographs of newspapers containing what purported to be statements and speeches made by Colonel Roosevelt. The belief prevailed that the cross examination of the former president would be concluded sometime today.

Although the colonel appeared somewhat fatigued at the conclusion of the proceedings yesterday, he seemed to be just as active and vigorous as ever when he returned from his walk today.

### MYSTERIOUS ATTACK EARLY TODAY UPON CINCINNATI WOMAN.

(Associated Press Telegram)  
Cincinnati, April 28.—The police are investigating a mysterious attack upon a woman or four other women here early today. Mrs. Fannie Richardson, wife of a night watchman, was found by her husband when he returned home from work today, bound and gagged in a room in the attic of her home.

Upon being revived, the wife stated that about 3 a. m. she had been dragged from her bed, bound, gagged and beaten by four women. She also stated that for the last several weeks she had been receiving threatening letters but had paid no attention to them. She claimed that the four women who attacked her were masked and that she did not recognize any of them, although she claims to know who wrote the threatening letters. Her injuries are not dangerous.

Commissioners Open Bids.

Bids were opened by the county commissioners this afternoon for the leaving of the drinking water contract for the next two years. There are fourteen containers or coolers in the various offices of the court house, each of which, with a couple of exceptions, holding five gallons. Three bids were received as follows: Beech Hill Spring Water Co., 75 cents per month per cooler for all water than can be used. Bowers & Bowers, Crystal Spring water, 4 cents per gallon with a discount of 5 per cent. Chalybeate Spring Water Co., 2 cents per gallon and will furnish all coolers and stands free of any charge. The last bid was considered the lowest and the contract will probably be given to the Chalybeate Co.

The Dorcas society of Holy Trinity Lutheran church will hold its regular monthly meeting Thursday at 2 p. m. at the home of Mrs. G. A. Resene, 115 1/2 day avenue. Visitors are welcome.

WEST VIRGINIA AND VIRGINIA CANNOT SETTLE STATE DEBT.  
(Associated Press Telegram)  
Washington, April 28.—Counsel for Virginia and West Virginia occupied the entire session of the supreme court today arguing the liability of the respective state for the state debt existing when they separated.  
Chief Justice White cautioned both sides that the court would not review its holding in 1911 that West Virginia was liable for some \$7,000,000 of the \$33,000,000 principal debt.

## Obituary

Mrs. Dorothy Fairall.  
Word was received here this morning of the death of Mrs. Dorothy Fairall at the home of her daughter Mrs. Bartley Warfel, near Perryton. Funeral services at the home Thursday at 10 o'clock. Interment in Frazeyburg cemetery.

The deceased was a grandmother of Frank and Locke Ashcraft.

Sarah Wright was born in Granville, O., November 1, 1831; died in Granville, April 28, 1915, at 4 o'clock a. m., after an illness of ten weeks' duration. The immediate cause of her death was an acute attack of bronchitis with complications which made the case almost hopeless from the first.

She was the daughter of Edwin Coolidge Wright and Oriana Hilger, both of Old Granville, Massachusetts stock. She united with the Presbyterian church at an early age during the pastorate of Rev. Jacob Little, and was faithful in her duties during many years. She graduated from Granville Female College in the class of 1852, and was married to Dr. Edwin Wright on May 15, 1857. Four children were born of this union, of whom only a daughter, Clara A. (Mrs. Charles B. White) survives to mourn her loss. Funeral services will be held at the family residence on Mt. Parnassus, Granville, Friday morning at 10:30 o'clock. Rev. E. D. Barnes, pastor of the Presbyterian church, will officiate, assisted by Dr. C. L. Williams. Interment will be made in Maple Grove cemetery.

### DIVORCE PETITION

Lydia Britcher has filed a petition in probate court asking that she be divorced from George Britcher. She alleges that they were married Oct. 21, 1914, and that she is 17 years of age; that the defendant has been guilty of extreme cruelty and that on several occasions when she attempted to leave home he threatened to shoot her and that on one occasion he struck her. She further recites that she was compelled to go to the home of her father. Defendant earns \$64 per month from the American Bottle Co., and she asks that he be enjoined from collecting any part of that money until the present suit is heard; that she be awarded alimony and restored to her maiden name.

### DR. SPARKS' SERMON.

Late this afternoon the Advocate received a communication entitled, "Appreciation of Dr. Sparks' Sermon." The copy came too late for this issue. Dr. Sparks preached an admirable sermon Sunday evening on "Has the Church Collapsed." He reviewed the causes of the great war now raging in Europe and showed thorough knowledge of the past and present conditions. He declared that the church had not collapsed during this European crisis but that the church would emerge from the great war stronger than ever in its history. Several people have asked Dr. Sparks to have the sermon given in printed form or to have it repeated at an early date.

# CHANCE FOR ALL TO GET SEASON TICKET TO GAMES

Just because the Advocate has already received a number of suggestions for the new nickname for the Newark ball club, is no reason thinking your answer may have no chance. The last answer received has just as good a chance to win as the first one. This matter is entirely in the hands of the judges, who will be selected later.

None of the judges will know who submitted the answers. That part of the coupon bearing the contestant's name, will be separated from that bearing his suggestion. The two will bear duplicate numbers and the awards will be made by number.

Pick out a short name which you think will be satisfactory, one you would like to have applied to the Newark team. Send it to the Advocate sport editor and you are entered in the contest.

The ticket is good for the fifty home games, and is worth \$12. Its a prize worth working for. It doesn't cost a cent to enter. Manager Wreath wanted a nickname for his club and asked the Advocate to help get an expression from the fans.

Send in your answer today. It may slip your mind and your idea of a nickname may be just the candy.

## RAY ALLISON WINS FIRST PRIZE IN POOL TOURNAMENT

Raymond Allison with a score of 83 won first prize in the hazard pool tournament at the English parlour in East Main street, which was conducted by Frank A. Strear. The prizes, 20 in number, were donated by Newark merchants. The prize winners were: First, Raymond Allison; second, Frank English; third, Maurice Floyd; fourth, B. H. Kreager; fifth, Lullar Dickerson; sixth, Frank Binder; seventh, Wm. Lore; eighth, George Eberly; ninth, George Young; tenth, John Briggs; eleventh, Michael Hannagan; twelfth, C. W. Smith; thirteenth, Emerson Brillhart; fourteenth, Lester Hart; fifteenth, Orville Brodbeck; sixteenth, Walter Spitzer; seventeenth, Joe Small; eighteenth, Wilbur Mitchell; nineteenth, Charles Lawler; twentieth, Joe Harris.

The booby prize was awarded to Walter Spitzer for his score of 18 in the hole.

## STRAIGHT POOL TOURNAMENT AT ENGLISH PARLOR.

Following the close of the hazard pool tournament at the English parlour, 303 East Main street, a new tournament, straight pool was opened. Two hundred contestants have participated. Some of the high scores are:

B. H. Kreager, 98; Geo. Eberly, 92; Orville Brodbeck, 91; Raymond Allison, 90; Maurice Floyd, 90; Wilbur Mitchell, 89; Walter Spitzer, 89.

## EXHIBITION SERIES.

The Canton Giants of the Buckeye league have a schedule of a half dozen exhibition games which will take the team away from home the week before the opening.

## Spurgeon and Major Pond.

Major Pond, who was responsible for introducing to the public some of the greater and lesser lights of the lecture platform had many an experience full of eccentric humor. Sometimes his charges met him with the greatest good humor. Often those whom he approached felt compelled to beat back his persuasions almost at the point of the bayonet, for nobody was so persuasive as Major Pond.

The great preacher, Charles Spurgeon, repulsed him in an ascending scale of denial. The first reply ran:

"It will only be a waste of time for you to see me, as I am not at all in your line."

The second said:

"Your good natured pertinacity is so admirable that I trust you will not waste it upon an impossible object. The whole United States in bullion would not tempt me to deliver one such lecture."

The third reply was conclusive:

"I have in as plain a manner as possible declined to make your acquaintance, and I beg, with all courtesy and decision, to do the same again. I know your business, and I have no wish to enter upon it further."

## John Bull.

"John Bull," a popular epithet for an Englishman, as a personification of what is supposed to be the English type, is derived from a prose political satire by Dr. John Arbuthnot, who used the name in his "History of John Bull" (1712, reprinted complete in "Pope's Miscellanies" in 1728). The subject of that history is the "Spanish succession during the reigns of Queen Anne and Louis XIV." Queen Anne is "Mrs. Bull."

"John Bull's mother" is the church of England, and "John Bull's sister Peg" is the Scotch nation, represented as in love with Jack (Catholism). The description of Bull is so close to the familiar figure in the pages of Punch that a sentence or two may be quoted: "Bull in the main was an honest and plain dealing fellow, choleric, bold and of a very inconsistent temper. He dreaded not old Lewis (Louis XIV.), either at back sword, single falcion or cudgel play, but then he was very apt to quarrel with his best friends, especially if they pretended to govern him. If you flattered him you might lead him as a child."

## PIRATES LOSE TO HANOVER IN EXCITING GAME

The Pirate baseball team journeyed to Hanover Sunday, where they were defeated by a score of 5 to 1. The Pirates' bad base running and their failure to hit with men on bases lost a hard fought game.

The pitching of F. Gebhart and the hitting of Dennison featured for the Pirates, while the good pitching of Thomas with men on bases featured for Hanover. The Hanover rooters also need credit for their rooting.

## NEWARK'S TRACK TEAM IS BEST IN ITS HISTORY

The Utica high school's baseball and track teams will compete with the Newark baseball and track teams on the White athletic field, Saturday, May 1, at 2:30 p. m.

At present it looks like Newark high school has the best track team that it has ever produced. The team has only met one, draw back, which happened last Saturday in a meet with the Newark high school alumni, when Stephan, the captain of the track team dislocated several vertebrae, which will disable him for the rest of the season.

Newark High's baseball season opened with a victory for the Newark lads over Doane academy. The Doane boys were neatly outplayed by the home team. This Saturday Utica and Newark High will battle on White athletic field for a victory in the national sport. The game promises to be very close as both teams are in good condition and practicing hard every evening.

## THREE MORE ARE SIGNED FOR CLUB BY MGR. WREATH

Tennant and Bougher, outfielders, and Roy Kennedy, shortstop, are the latest players to sign Newark contracts. Their agreements to play here, were received by Manager Wreath this morning. The trio will report here sometime Saturday and will be fit for the Sunday fray with Roy Montgomery's independent Zanesville team.

Tennant played 30 games last season with Beaumont in the Texas league, batting .200 and fielding .984. He is recommended by Schriever. Kennedy, the shortstop, is recommended by Lee Charles. A. A. player, who has already sent in his contract.

Bougher hails from Belmont, O. is a six-footer, and bats from the other side of the plate. He is touted as a good man.

## EVERS RECOVERING FROM INJURY; HE WILL PLAY MAY 1

New York, April 28.—According to a statement given out by Herman Nickerson, secretary of the Boston Braves, John Evers, captain and star second baseman of the world's champions, is not in nearly as bad condition as has been generally understood, and Manager Stallings expects him to return to the club by May 11, when the Western clubs make their invasion of the East.

A thorough examination of the player's ankle has disclosed that only a small bone has been moved out of place, and it is now back in position. Evers is already walking, though he is not putting any appreciable weight on the ankle.

## WREATH MAY GET PLAYERS IN COLUMBUS

There's a hen on. Manager Wreath made a hurried trip to Columbus Wednesday afternoon and before leaving he said he might have some interesting dope upon his return. He denied that he expected to purchase the entire Columbus team at a rummage sale and this denial will relieve the fans who might object to transferring the American Association bunch to Newark, inasmuch as they have won but one game in twelve. He may talk with "Lefty" Snyder and Frank Nesser while in Columbus.

## Findlay Expects to Name Manager of Club Friday

Findlay, O., April 28.—Officials of the Findlay baseball club of the Buckeye League expect to name the new manager of the club Friday, perhaps sooner. Two men are being considered, one of whom has submitted satisfactory terms. The name of neither has been made public.

The club realized \$110 from the refreshment and program privilege and expects to receive \$350 from fence advertising. A new fence, 335 feet long, is being constructed. Of this amount, \$14 feet will have an additional fence of netting to keep the sluggers from sending baseballs into the stream which borders one side of the playing field.

It is planned to change the opening date, set by the schedule makers for May 1. This conflicts with the circus date of the Robinson shows. Lima will probably agree to the transfer of the game there.

## Here's the Reason.

The most careful observers have been wondering where the Republican machine got its impulse to destroy all beneficial legislation, and what made it think the people of Ohio wanted to go back to the days of political manipulation, bossism and election frauds, and big and little graft, with the corporation managers running business and politics together. In review of the situation, George W. Perkins, Progressive leader, asks the Progressives to sit tight, and says:

"In other parts of the country somewhat similar conditions are reported to this office. All of which would seem to indicate that the Republican machine feels it was given a vote of confidence last fall and a vote of instructions to take once more the reins of government and resort to its old time political methods."

Now observe the situation and see if this is not true in Ohio. With the slide last fall Governor Willis was elected as the low man on his ticket, and decidedly as a minority governor. His leading opponent led his ticket by many thousand votes, conclusively demonstrating the faith in the policies of government he had advocated and begun. Yet the Republican administration in Ohio feels justified in a retrograde movement and a return to the old days of Han-naism and the governmental activities for personal gain which have long since been frowned upon. No wonder then that all the raiding interests, the grafters, and the scandalous lobby feels that it has been elected too.

## May Day.

On the first day of May in the old fashioned country town, the children used to expect a half holiday. It was quite customary for the teacher to take the youngsters to walk for gathering of flowers, and observation of birds, trees, and vegetation.

The twentieth century youngster is too sophisticated for such simple joys. The boys are out on the back lot playing ball and whooping like Indians. The small girls are designing new 1915 style gowns for their dolls, while the big girls are having formal teas.

In the Old World May day was a time of popular merry making. For a young woman to be chosen Queen of the May, an election based mostly on her beauty of feature, was a greater triumph than anything that could be bought with money. Light hearted revellers gathered around the May-pole, and the lads and lassies footed it on the village green.

Today in Europe, were it not for the war, May day would bring the usual socialistic and trade union manifestations. The spirit of festival seems to have gone out of the day, which has become an expression of discontent and often of hostile class feeling.

In this country May day has no longer any particular festival character. In many cities it is the annual moving day. Housekeepers, discontented with their surroundings, pack their larders and penates on the moving van, and sally forth in

latter should be extended to the shores of the Adriatic. A compromise could be arranged with Austria; a Serbia raised to the dignity of an empire would be satisfied with nothing less than the primacy of the eastern half of the Balkan peninsula. Even the gain of Trieste for Italy would not compensate for the loss to Serbia of Albania and the great harbor at Atлона, dominating the entrance to the Adriatic Sea.

The dismemberment of the dual empire of Austria-Hungary is far from being desirable; on the contrary, if this power should cease to exist the interests of Italy would require the establishment of a similar policy in its place. The Italian government should be prepared for any emergency; but from the point of view here taken the Italian army might be required to prevent the too complete triumph of one or the other European coalitions rather than to aid in the success of either of them. The thought that Italy might become the mediator underlies the article, though it is not expressed.

## Spirit of the Press

**Fame and John Bunney.**  
Millions of persons no doubt will mourn the loss of John Bunney to whom the death of a prince or prime minister would be a matter of indifference. A discriminating London critic a year ago called him the "most famous man in the world," and the reels upon reels of films that have since then displayed his expansive features have certainly not dimmed his renown.

Bunney was a competent actor of comedy roles in the regular drama for years, yet unknown to one in a thousand of those who subsequently came to know and admire him through the movies. The advent of the film drama found him peculiarly well endowed for the new art of acting without words. The range of his facial expression was altogether wonderful, and when the emotion of the moment had told its story in his features there was nothing left for the words to do.—New York World.

The second coach in the train is the one reserved by the Kaiser for his personal quarters, and it contains a salon, bedroom, dressing room, bathroom, and sleeping apartments for

## Ohio Legislative Notes

Columbus, April 28.—Threatened referendum elections on the worst of the Willis rippers passed by the 81st general assembly has had the effect of making the members of that body consider well before committing itself to decide. Promises of destruction have been prolific and both the Senate and the House have taken a hand in things that were most questionable only to be checked by the other branch, while Governor Willis and his advisers pawed over the things to see how much they could be changed to fool the people and still pass muster with the politicians as full-fledged rippers. This was true of the agricultural ripper, which provided a board with unlimited expense, and later when the press exposed the scheme, fixed a limit that would not make too great an increase over present cost when the political workers began to work. It was true of the civil service ripper which came from the hopper so raw that it needs a scolding broiling over hot coals to make it even representative of a self-acknowledged destructive administration. It is true also of the tax ripper and it will be true of any other sub-rosa attempts yet to be made. Should there be no referendum elections the possibility of having the people pass on their acts has had the effect of making the destructive measures less destructive and it has prevented from passage some measures which were too bad to put to the test. The Civil Service Association will undoubtedly refer any ripper passed. The Democratic State committees have not

yet signified their intentions as to any measure and will not until the end of the session which is not yet certain, but every act of the administration and of the legislature is being carefully watched.

The statement in these columns that the demand of Governor Willis for wholesale resignations was a cleverly masked raid on the public utilities commission is borne out by subsequent events. The governor has officially stated that he did not intend to file charges against members of the remaining commission but that he would wait for the rippers to take effect against them. When he asked for resignations he knew the rippers were under way. He further knew he could not legislate the members of the utilities commission out of office. He dared not move against that body alone; hence he issued a blanket demand. By some means he managed to secure the resignations of the members of the utilities body, and that now is his to deliver where he promised it before he was elected. It will be interesting to note developments in the management of the public utilities with the commission to be named, as there is strong suspicion of a connection with certain financier-state-men who are of any party and for any candidate where it can be made best to pay. But the significant fact is that Governor Willis will not push charges against any of the hated Cox appointees since he has scared off the two whose posts he was bound to deliver and "there's no use being mealy-mouthed about it."

The Cheson Circle was entertained at the home of Mrs. Rebecca Mann, the occasion being her eightieth birthday anniversary. Mrs. Mann received many beautiful and useful gifts, and a three course dinner of pretty appointments was served at the noon hour. Mrs. Mann received the congratulations and best wishes of her many friends.

Mrs. J. C. Montgomery was hostess to the S. S. club at her home in Roe avenue on Thursday afternoon. The guests of the club were: Mrs. S. A. Mears, Mrs. Will DeLong and Mrs. Joe Baker. The afternoon was very pleasantly spent in needlework and at four o'clock the guests were invited to

the dining room where dainty refreshments were served. Centering the table was a cluster of pink and white carnations. All the appointments of the luncheon were in the same colors. The next meeting will be with Mrs. Dave Peepers in Monroe avenue.

The Federation of Women's clubs will hold its last regular meeting, until fall, on Thursday afternoon in Taylor Hall at 2.30 o'clock. A large attendance is desired.

## NORRIS-TAYLOR.

At the Christian Union parsonage, 57 Norton avenue, Tuesday, April 27th, the pastor, Rev. W. H. Baker, solemnized the marriage contract between Mr. Rollin Lloyd Norris and Miss Jessie Mae Taylor, both of Newark, using the ring ceremony. Mr. and Mrs. Norris will be at home to friends, immediately, at 11 Burt avenue.

A party was given in honor of Mr. Fred Bellmire at his home near St. Louisville last Sunday, honoring his birthday anniversary. Mr. Bellmire received many useful gifts. Those who enjoyed the day were: Mr. and Mrs. E. W. Hisson and daughter Miss Myrtle, Mr. and Mrs. Leo Carpenter, Mr. and Mrs. C. M. Hisson, Mr. Howard Taylor, Mr. and Mrs. Will Hisson, Willie McGee and Mrs. Paul Bannan and Mrs. Alec Frazier and children.

Miss Zoe Fulton, contralto, was presented in song recital last night in the Second Presbyterian church by the Women's Music club. Miss Fulton, a familiar figure to Newark audiences, both in church work and grand opera, has only once before appeared in song recital in her home town. The magnificent resonant contralto has broadened and strengthened since she was last heard here, while in delicacy of touch and interpretation she has made a distinct advance.

The well-balanced program lent itself to the demands of voice and accompaniment most admirably. In the Swan Song by Hartman, and the Rachmaninoff "Floods of Spring" she showed her full volume and flexibility while the Cadman song to Odysseus was a triumph as was "Der Lenz" by Hilke.

With Mr. Carl Bernthal, director of the Pittsburgh Festival orchestra, at the piano, she had that unusual fortune, an artist in accompanying. Mr. Bernthal has a unique gift of weaving a beautiful setting around each gem of the song writers art that is rarely equalled. He has distinct genius for accompanying.

Responding to a personal request to have his interpretation of Grieg's Nocturne in C-major most beautifully and played a fascinating waltz of his own creation for encore.

The numbers with organ accompaniment were of unusual grace and excellence. The lovely aria from Tschekow's Joan of Arc was given magnificently, while Miss Fulton's gracious beauty and serene repose added to the stately loveliness of Handel's Aria from Rinaldo. Miss King coming in for her share of the glory in the exigencies of the brilliant

orchestral accompaniment for the Joan of Arc aria and the sustainer religious beauty of Handel's music.

The critical and musical audience evinced its approval by prolonged applause, which amounted to an ovation.

The Woman's Music club is to be congratulated over the initial concert of the artist series under the efficient president, Mrs. W. W. Davis, who has been untiring in her efforts.

The Steinway piano used was due to the courtesy of Mr. Fairall.

Mrs. Mary A. Daily entertained the members of her euchre club on Tuesday evening at her home in Lawrence street, and the game concluded with the souvenirs being awarded to Mrs. Fred Huffman and Mrs. J. C. Brown. A dainty luncheon was served the club members and the following guests: Mrs. J. H. Starr, Mrs. James Connors, Mrs. Walter Garrity of Cincinnati, and Misses Louise Sheridan and Anna Sheridan.

The members of the Proctor club will be entertained on Thursday afternoon at the home of Mrs. A. C. Davis in Hudson avenue. This is the first meeting since the recess taken during the Lenten season.

## Your Boys and Girls

A practical way to encourage a child in the composition of "thank you" notes is to talk, beforehand, about what he wants to say to this or that person. Childish phraseology is an elusive thing, more often caught on the lips than the finger tips, and talking a note over in advance makes the actual writing of it a comparatively easy matter.

The possession of a little writing desk, with attractive furnishings, and a low, comfortable chair, is a healthy incentive to letter writing and will work wonders toward interesting the average child.

A box of miniature correspondence cards, decorated with nursery designs, is a help for the child who seems discouraged at the sight of even a small sheet of letter paper. It takes such a few words to appear to good advantage on such a card that several "thank you" notes can be disposed of without unduly tiring the juvenile correspondence.

## Every Day Etiquette

"I have occasion to make several business calls a year upon men. Is it proper for me to send in my card when visiting their offices?" asked June.

"No; a woman does not send in her card at a man's business office. A better way is to give your name verbally to the clerk or servant," replied her aunt.

## In Milady's Boudoir

BY GWEN SEARS.

It is not often that I give recipes for cold cream or other lotions in the column. As a rule I prefer to advise my readers to use God's own natural beauty giving aids like fresh air, sunshine, vegetables, fruit and clean drinking water. But just to help those who really need a few good recipes for home-made beauty aids, I am giving the following splendid instructions for the making of some.

A good cold cream to have on hand to use before retiring, or as a mask to shield the complexion from the elements, is made of the following ingredients and is a cleansing and nourishing cream. Oil of sweet almonds, 1 oz.; white vaseline, 1 oz.; white wax, 1 oz.; extract of violets, 10 drops.

Here is an excellent skin food: Almond oil, 4 oz.; rosewater, 4 oz.; spermaceti, 1 oz.; white wax, 1 oz.; tincture of benzoin, 1 dram; orange-flower, violet or lavender water may be substituted for the rose water.

This is an astringent tonic and, as most astringents, has a whitening effect. Put this on after washing the face: Rose water, 3 oz.; elderflower water, 1 oz.; simple tincture of benzoin, 1-4 oz.; tannic acid, 5 grains. Mix and wipe over the face with a soft cloth several times a day. When the skin becomes dry, use less frequently, and when very dry omit altogether. The action, however, will be largely offset by the use of a cold cream as the one given above.

Sweet milk, cream and buttermilk are natural beautifiers which have been employed by celebrated beauties

## THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## MISS HAUSER IS A LIFE-LONG SUFFRAGIST

Miss Elizabeth J. Hauser of Girard, who has been working for suffrage since she was a mere child, will be in charge of the Newark Suffrage meeting, May 1st. No one in the state knows more about the history of the suffrage movement, both nationally and in Ohio, or its fundamental principles than does Miss Hauser. She is one of the best speakers the Ohio suffragists have. Since she became connected with the Ohio Suffrage Association, she has been its press chairman, executive secretary, first chairman of the Cleveland Woman Suffrage Party and state organizer. She knows personally the leaders of the movement in every county of the state. By virtue of the work she did in Columbus during the Constitutional convention in 1912, she is acquainted with the leaders of the political parties in the state, with the chief figures in the labor, single tax, temperance and other reform movements, and understands the political situation as few men do.

Before Miss Hauser entered the suffrage association, she was editor of a weekly newspaper, and if she had not chosen to give herself to the suffrage cause, she would have made her mark in the literary world.

She assisted Tom Johnson during the last months of his life in the preparation of his autobiography, known as "My Story," and she has contributed largely to magazines and newspapers along with her suffrage work.

Two of the recruits from Toronto, who recently sailed for England, are sons of a man who fought in South Africa, grandsons of a British soldier and great-grandsons of a soldier who fought at Waterloo.

## LITTLE EFFECT OF GASES FROM GERMAN BOMBS

(Associated Press Telegram)

Havre, France, April 28.—Asphyxiating bombs used by the Germans in their attacks Monday night against the Belgian positions had little effect, because preventive measures had been taken by the Belgians who had learned of the effects produced by the fumes from these shells upon the French and British.

Advices received here state that the Germans, confident that the gases would prove effective, advanced in compact masses south of Dixmude, but were greeted with a hail of bullets from quick-firers. A furious bayonet charge then was launched by the Belgians and the Germans retired. Their losses are said to have been very heavy.

**PIMPPLY? WELL, DON'T BE!**

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Olive Tablets. Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or anything else.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

## EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all of the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and cheerful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy. Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

## KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

## LADIES DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Saxe Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used to keep her hair beautifully dark, glossy, and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant. Agents Hall's drug store. "Member of Sales"

## RAIDS

ON MEDICAL INSTITUTES LAND MANAGERS IN NEW YORK POLICE COURT.

Warrant is Promised For Wealthy and Prominent Man as Backer of Many.

(Associated Press Telegram) New York, April 28.—The cases of 25 of the operators and managers of medical institutes recently raided by the police were before the police court today. Afterward it was promised, a warrant would be issued for a wealthy New York man who has backed financially many of the institutes. The evidence which involves him in the operation of the institutes is regarded by the prosecutors as the most important revealed as a result of the raids. It was obtained from a confession by one of the managers who had been arrested. He is said to be widely known in Chicago and St. Louis.

## ELECTION ON A BOND ISSUE FOR CHERRY VALLEY

There will be a special election Saturday for the voters of the Cherry Valley school district No. 7, for the purpose of voting on a \$12,000 bond issue for the erection of a new school house, at the corner of West Main and Twenty-first streets, to replace the two-story building being used at present for a four-room building, with all the modern improvements and conveniences.

The North precinct voters will vote in the rest room of the court house and the South precinct voters in the township house in South Second street. Only those living outside of the city school district in the township north runs to the north line of the George Ritter farm and on the west to an alley east of Eighteenth street. There is much interest manifested in the election and in all probability a big vote will be cast.

## BELGIAN REPORT OF VICTORY IS ISSUED TODAY

(Associated Press Telegram) London, April 28.—An official announcement has been given out from Belgian army headquarters on the continent which reads:

"The situation on April 27 at 6 p. m. showed that the German artillery was evidencing little activity on the front held by the Belgian army. The French, after having taken Lizerne and several German trenches in the direction of Het Sas. More than 100 dead were counted on the battlefield. The booty comprises six quick firing guns and 200 prisoners. The attack continues."

## RAILROADS FINED FOR VIOLATING FULL CREW LAW

Toledo, O., April 28.—Fines aggregating \$2,700 were assessed against six railroads late yesterday by Federal Judge Kilgus. The defendants admitted violations of the federal working hour and full crew laws.

The roads fined and the amounts were: Cleveland, Cincinnati and St. Louis, \$100; Toledo Terminal, \$200; C. H. and D., \$1,600; Michigan Central, \$100; Lake Shore and Michigan Southern, \$100; Wabash, \$275.

It is said that T. B. Macauley's memory was so retentive that, after reading a book once he could give all the salient points to it, and recite many long passages of it verbatim.

## COLD ON YOUR LUNGS?

A cold on the lungs is often dangerous. Don't delay! Hoff's German Liniment "hits the spot" and removes the danger in a hurry.

For Rheumatism, Lamé Back, Neuralgia, Cold on the Lungs, Cold in the Head, Bruises, Sprains, Aching Joints, Sore Feet, Bunions, etc., you simply rub it on the sore parts and the pain disappears. Can be taken internally for Colds, Coughs, Croup, etc. Thousands of mothers appreciate Hoff's German Liniment for relieving children's ailments. They know that there is nothing like Hoff's German Liniment for stopping pain. Made from white emulsion of camphor cream with other pure, harmless, effective ingredients. Everyone knows that camphorated oil rubbed on the chest is good for cold on the lungs, etc. The only objection to it is that it leaves the pores open, making one a waiting victim for the next attack of cold. Hoff's German Liniment keeps the pores closed—keeps colds out.

All druggists sell Hoff's German Liniment—a quarter pint for a quarter, large family size, 50c. It is pure and white as snow and it won't soil the finest clothes. It is stainless and greasy and has a refreshing odor. We absolutely guarantee results and authorize your druggist to return your money if dissatisfied. There is only one genuine Hoff's German Liniment. Beware of substitutes.

## ROUGH WEATHER UNDOES WORK OF LIFTING THE F-4

(Associated Press Telegram) Honolulu, April 28.—The work which has been carried on for several weeks in an attempt to raise the submarine F-4 from the bottom of the ocean, has practically all been undone by the rough weather of the last two days. Only one cable is left holding to the bulk, it was learned today. The scows used in the raising operations have been anchored to prevent them from drifting out to sea. On account of weather conditions, diving operations are impossible.

## FRENCH REPORT MORE PROGRESS NORTH OF YPRES

(Associated Press Telegram) Paris, April 28.—The French, who office this afternoon gave out an official report on the progress of hostilities reads:

"To the north of Ypres we have continued to make progress. This is particularly so on our left, where we took six machine guns, two bomb throwers and much war material, at the same time making several hundred prisoners, including a number of officers."

"The losses of the enemy were heavy. At a single point on the front not far from the canal, we counted over 600 bodies of German soldiers."

"On the heights of the Meuse, along the front of Les Eparges, Saint Remi, the trench of Calonne, we continued to gain ground, advancing about one kilometre (2-3 of a mile) inflicting very heavy losses on the enemy and destroying a German battery."

## RAILWAY FARE BILL IS REPORTED

Columbus, O., April 28.—After one of the most vigorously contested hearings of the present session, the Utilities Commission of the House has reported out with recommendation for passage, the re-drafted Thatcher two and one-half cent fare bill. Mr. Thatcher has taken a canvass of the lower house of the legislature and says he is confident of a favorable hearing and believes the measure will pass.

The bill, as recommended by the committee makes the minimum and the legal fare of Ohio two cents, with a possible maximum of two and one-half cents, and gives to the Utilities Commission the authority to determine the reasonableness of the new rates after a period not exceeding 150 days shall have elapsed.

The railroads are given the privilege to go before the commission en bloc. They have 30 days in which to file their amended tariffs after which the commission has 60 days for hearing, which may be extended for a further 60 days if that time shall be necessary.

Appeal to the superior courts of the state is allowed to the railroads under the provisions of the bill. The act also provides that passenger fare rate hearings shall have precedence over all other matters before the commission and that they shall press such hearings to the earliest possible conclusion.

## A Physician's Opinion

A physician who uses Grape-Nuts in his family was recently asked his opinion of this food. He said:

"It is a concentrated, palatable, nourishing and healthful food. Sweetened slightly and moistened with good rich cream, Grape-Nuts makes a very toothsome dish."

There's a reason for these excellent qualities in Grape-Nuts. This food is made of whole wheat and barley, thoroughly baked and processed to render it easily and quickly digestible—generally in about one hour.

Grape-Nuts contains all the rich nutriment of the grains, including the phosphorus, iron, sulphur and other mineral elements so necessary for proper nourishment of body and nerve cells. It's a healthful food, and economical also.

## CASUALTY LIST OF CANADIANS IS VERY HEAVY

(Associated Press Telegram)  
Ottawa, Ont., April 28.—In giving out a list of more than 50 names of non-commissioned officers and privates wounded or missing in the battles of Langemarck and St. Julien, the Canadian militia department today explained why the casualty lists contain for the most part names of those whose next of kin reside in the United Kingdom. In the cases of those whose relatives reside in Canada, the department said its custom is to notify these relatives before giving out the names for publication. It is understood that the department has a heavy casualty list of Canadian soldiers on hand which will be made public as soon as the relatives have been notified.

## ALASKA RETAINS HANGING; GIVES JURY DISCRETION

(Associated Press Telegram)  
Juneau, Alaska, April 28.—Governor J. F. A. Strong has vetoed the anti-hanging bill passed recently by the territorial legislature. In his veto message, made public today, the governor said the present law leaving it to the discretion of the jury to declare whether murderers should be hanged or imprisoned for life, was sufficiently lenient. The senate sustained the veto.

## PROTEST

OF "JITNEY" OWNERS SAYS ASHTABULA'S ORDINANCE IS CONFISCATORY

Street Railway Claims of \$2,000 Monthly Loss, and Accidents Led to Ordinance.

(Associated Press Telegram)  
Ashtabula, O., April 28.—Action taken by the city council to regulate the "jitney" traffic here, where it is developed probably to a greater extent than anywhere else in the state, has resulted in protest from the "jitney" owners. The council passed an ordinance requiring all jitney owners to pay an annual license fee of \$100 and put up a bond of \$5,000 to \$8,000 according to the capacity of their buses. Jitneys will also be obliged to run from 5 a. m. to 11 p. m. and no driver can be less than 21 years old. Cars must not be overloaded and violations of traffic ordinances will bring suspension or revocation of licenses. Jitney men claim the ordinance is confiscatory. Numerous accidents in which jitneys figured and protest of the street car company which claimed loss of \$2,000 per month because of the competition, led to the ordinance.

## CALAIS

MAY BE OBJECT OF ANOTHER  
CAREFULLY PLANNED GERMAN ATTEMPT

May Explain the Recent Activity and Concentration of Vast Forces.

(Associated Press Telegram)  
Paris, April 28.—The offensive assumed by the Germans in the Ypres region has given rise to the report that they are about to undertake another carefully planned attempt to force their way to Calais. Military authorities are cautious, however, in accepting this suggestion as an explanation for the Germans recent activity.

The magnitude of the forces concentrated by the Germans on such a limited front cannot be explained, it was believed here by a mere desire to keep the allies active. The opinion is expressed that it was and perhaps still is their purpose to break a large gap in the allies line preparatory to a more important undertaking.

## A MESSAGE TO THIN, WEAK, SCRAWNY, FOLKS

An Easy Way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point. Evans' drug store and other good druggists have Sargol, or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient.

Cautions—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.

## THE BILL WAS LARGE BUT HE PAID PROMPTLY

Dr. J. T. Lewis, who recently won a case in common pleas court, paid his attorney fee by check, immediately upon receiving a bill for the same, and out of this incident, Dr. Lewis' friends are finding much amusement.

While the case was being heard his gloomy friends prophesied he would lose the suit but Dr. Lewis declared he was right and that it was impossible to lose. When he was victorious, these same friends gravely shook their heads and said he was fortunate, but that his misfortune would come when he paid his attorney fees.

Then they got busy. In some manner they secured a statement blank from the office of the doctor's attorney and made out a bill the amount named being just six times that which the attorney expected to charge.

It was duly mailed to Dr. Lewis. He gasped when he read it but being a good sport, drew a check for the amount and mailed it promptly to the attorney.

The attorney, being honest and upright, as all attorneys are, promptly refunded the excess and then the dentist got busy making his explanations.

## FOOTBALL STAR IS DYING; GAVE HIS BLOOD FOR WIFE.

(Associated Press Telegram)  
Seattle, Wash., April 28.—Dr. Wm. C. Spedel, who was a football star at the University of Washington in 1903, and the University of Chicago in 1904, was in a critical condition today as the result of an operation for transfusion of blood yesterday in an unsuccessful attempt to save the life of his wife. The operation lasted 30 minutes, more than a quart of blood being taken from Dr. Spedel. His wife died a few hours after the operation.

## PREACHERS SHOULD BE PENSIONED BY CHURCH AT LARGE

(Associated Press Telegram)  
Chicago, April 28.—Ministers in the Congregational churches of the northern states receive, as an average annual salary of less than \$800, Rev. Francis L. Hayes, western secretary of the annuity fund for Congregational ministers, asserted today before the national convention of the board of conference claimants of the Methodist Episcopal church. The convention is being held in the interest of a \$10,000,000 fund for retired ministers.

The Rev. Hayes said that less than two percent of the Congregational churches pay ministers an annual salary of \$3000 and upwards; more than half not over \$1000 and one-quarter not more than \$500.

"The underlying reason why every member of the Grand Army of the Republic receives a pension with the general approval of the people is the nation's sense of obligation. It is time that the church's sense of obligation should rise to the same level," the speaker said.

## CHILD DIES OF BURNS.

(Associated Press Telegram)  
Cleveland, O., April 28.—Louis Unverrich, 12, died in a hospital here today from burns suffered when an incubator lamp exploded in his home last night. His father, Chas. Unverrich, suffered probably fatal burns in an attempt to rescue the boy. The house was destroyed by the flames. Other members of the family escaped.

## BED BUGS

INFEST MT. VERNON COUNCIL CHAMBER COMING IN FROM CITY PRISON

Members and Officials Will Remain From Future Meetings Until Pests are Removed.

Mt. Vernon, O., April 28.—Councilmen and City officials have declared their intention to remain away from future council meetings until the city makes arrangements to free the council chamber from bedbugs. The city lockup is in the same building and the hundreds of hoboos harbored there during the winter months left the place infested with the vermin. The insects have made their way to other parts of the building, have driven the firemen from their quarters and otherwise thrown the city into a mild panic. One councilman who attended this week's meeting, disrobed in the garage, leaving his clothing there. He made his way to the house attired in a bathrobe which his wife tossed to him from a back window.

## FREE TRIAL OF SAMOSE

Flesh-Forming Food Given on Approval by Druggist Erman.

Would you like to be fat and plump and strong and hearty? Here is a chance so do it without risking the loss of a single penny.

W. A. Erman and son, our well known druggists have a new treatment called Samose, which they are selling on approval, that is said to be a true flesh forming food. It is in tablet form retailing at 50c a box.

If it does not increase the weight, fill out the thin scrawny form and restore health and strength, there will be no charge whatever for Samose. Go to W. A. Erman & Son today and get a treatment of Samose with their promise to refund the money if it does not do all that it claims.

They will give you a free trial of the preparation, for unless it does increase the weight it will not cost a cent.

Drastic Measures Being Adopted to Enforce Prohibition in West Virginia.

(Associated Press Telegram) Charleston, W. Va., April 25.—State authorities today renewed their vigilance in enforcing the West Virginia prohibition laws following the discovery and confiscation of the contents of a car supposed to have been loaded with furniture but in reality containing intoxicating liquors here yesterday. A carload of piano boxes, trunks and barrels from which protruded bits of bed clothing were found by the authorities to be filled with bottles of whiskey.

Gene Drennen, a local restaurant keeper at whose home a wagon load of liquor was alleged to have been found and Mrs. Maude Hull and Mrs. Mackie Duncan, relatives of Drennen were arrested and held under bond. The car, it was said, was sent here from Cincinnati.

The prohibition officers also confiscated a consignment of "hardware" which was found to be whiskey.

## LARGEST CLASS TO GRADUATE FROM UTICA SCHOOLS

(Special to The Advocate)

Utica, O., April 25.—The twenty-ninth annual commencement of the Utica Public Schools will be held at the Opera House, Friday evening, May 21, at 8:15 o'clock. Dr. Ernest Fremont Little of Delaware, will deliver the class address. Music will be furnished by the Jennings orchestra of Mt. Vernon.

The graduating class this year is the largest in the history of the school, and consists of the following members: Hazel Constable, Ruth Sutton, Genevieve Warner, Hazel Edman, Wave Reynard, Irene Selby, Florence Elliott, Iva Lupper, Leota Lupper, Phoebe Friel, Beulah Marlowe, Gretchen Nickel, Harry Abbott, Floyd Carlisle, Stanley Dove, Harry Downs, James Fravel, David Kempton, George Penick, Ralph Raley, Paul Permar, Lester Snook, Paul Sutton, Harry Williams, Glenn Tompkins, Paul Warner, John Downs, and Mabel Shuff. This list is subject to revision at any time.

The baccalaureate sermon for the class of 1915 will be delivered at the M. E. church, Sunday evening, May 10, at 7:30 o'clock, by Rev. W. J. Du Hadway of the local Methodist church.

It is the hope of the class that the commencement this year may be free, as it has been for two years previous. To this end a play will be given by the class.

The regular annual senior play will be given at the Opera House Wednesday and Thursday evenings, May 19 and 20. There are sixteen characters in the cast, most of whom have had some considerable experience in work of this kind. The play, "The School Mistress," is a late work by a good author, and is full of amusing situations. The class hopes to have large enough attendance to defray the expense of commencement. With Prof. C. M. Parker of Newark in charge of the play, something good is expected.

## AGED REFUGEES IN PARIS FROM YPRES DISTRICT

(Associated Press Telegram) Paris, April 25.—Three hundred refugees from Poperinghe, eight miles west of Ypres, which has come under the fire of German artillery, have arrived in this city on special trains. Most of them are inmates of an orphanage and a home for the aged conducted by Franciscan sisters.

When the bombardment of Poperinghe was begun on Sunday, the sisters declare, the institutions were not spared, although they were flying the Red Cross flag. Three nuns were killed while superintending the removal of their charges and several of the inmates wounded.

## Lime Starvation Causes Tuberculosis

The Medical Record (New York) of December 18, 1909, contains an article on "The Treatment of Pulmonary Tuberculosis Based on the Assumption That the Dietetic Cause of the Disease is Lime Starvation," by Dr. John F. Howell, who says: "The condition which is recognized as preceding the active development of tuberculosis in the adult may be considered as due to lime starvation. Among inorganic substances lime salts appear to be of special physiological importance, and it is difficult to suppose that the cells can appropriate them for food." Years of widespread use confirm the belief that the success of Beckman's Attractant in cases of pulmonary tuberculosis (consumption) and chronic throat and bronchial troubles is due in large measure to its content of lime, so combined with other ingredients as to be easily appropriated by the cells. Doubtless this has had much to do with the results obtained in many cases of these affections, which appear to have yielded to Beckman's Attractant. As it contains no opiates, narcotics or habit-forming drugs, it is safe to try. Your druggist will order it for you or you can send direct. Beckman Laboratory, Philadelphia.

## LIFE TERMERS IN MICHIGAN PRISON GET AN AUTO RIDE.

(Associated Press Telegram) Michigan City, April 25.—The five men who have served longest in the state prison here were taken on an automobile ride to La Porte by Warden Foxworthy yesterday. ## ADVISES ITALY TO STILL KEEP HER NEUTRALITY

(Associated Press Telegram)

Turin, Italy, April 27.—Via Paris, April 28.—Count Apponyi, leader of the Opposition in Hungary, is quoted in an interview in the Stampa as declaring that the war must lead to the reconstruction of a powerful Germano-Italian alliance, capable of enforcing peace by force and also the freedom of the seas.

To attain this object, the count is reported to have declared it is necessary to avoid resentment between the countries which would be involved. He therefore urges Italy not to be tempted by what seems to be a favorable opportunity, to push her pretensions unreasonably. Count Apponyi expressed the hope that there would be no break in the relations between Austria and Italy, for "if Austria is crushed a Russian victory would constitute a Muscovite danger today and not tomorrow."

## CARRANZA CLAIMS DISTRICT CLEAR OF VILLA'S MEN

(Associated Press Telegram)

August Prieto Sonora, April 28.—General Helias Casas, Carranza commissioner in Sonora, today made public a telegram from Col. Miguel Samaniego, stating that eastern Sonora as far as Sahuaripa, 170 miles south of here, has been cleared of Villa troops.

Samaniego said the inhabitants of the territory renewed their allegiance to the Carranza government when his expedition appeared. Villa forces, he said, withdrew toward Ures, where Governor Maytorena, who is a Villa partisan, is understood to be mobilizing an army.

## BEECH WOODS

Marion Foster, the well known thresherman, while at the dinner table the other day choked on a pickle. Before he had time to masticate it it accidentally slipped down his throat, lodging, and causing him much annoyance and pain. His wife beat him on the back vigorously to relieve him of the choking, but all to no purpose. Later in the day she tickled him in the throat with a large goose feather, which served as an emetic, this caused hard coughing, and the pickle popped out. Foster has recovered with the exception of a very sore throat.

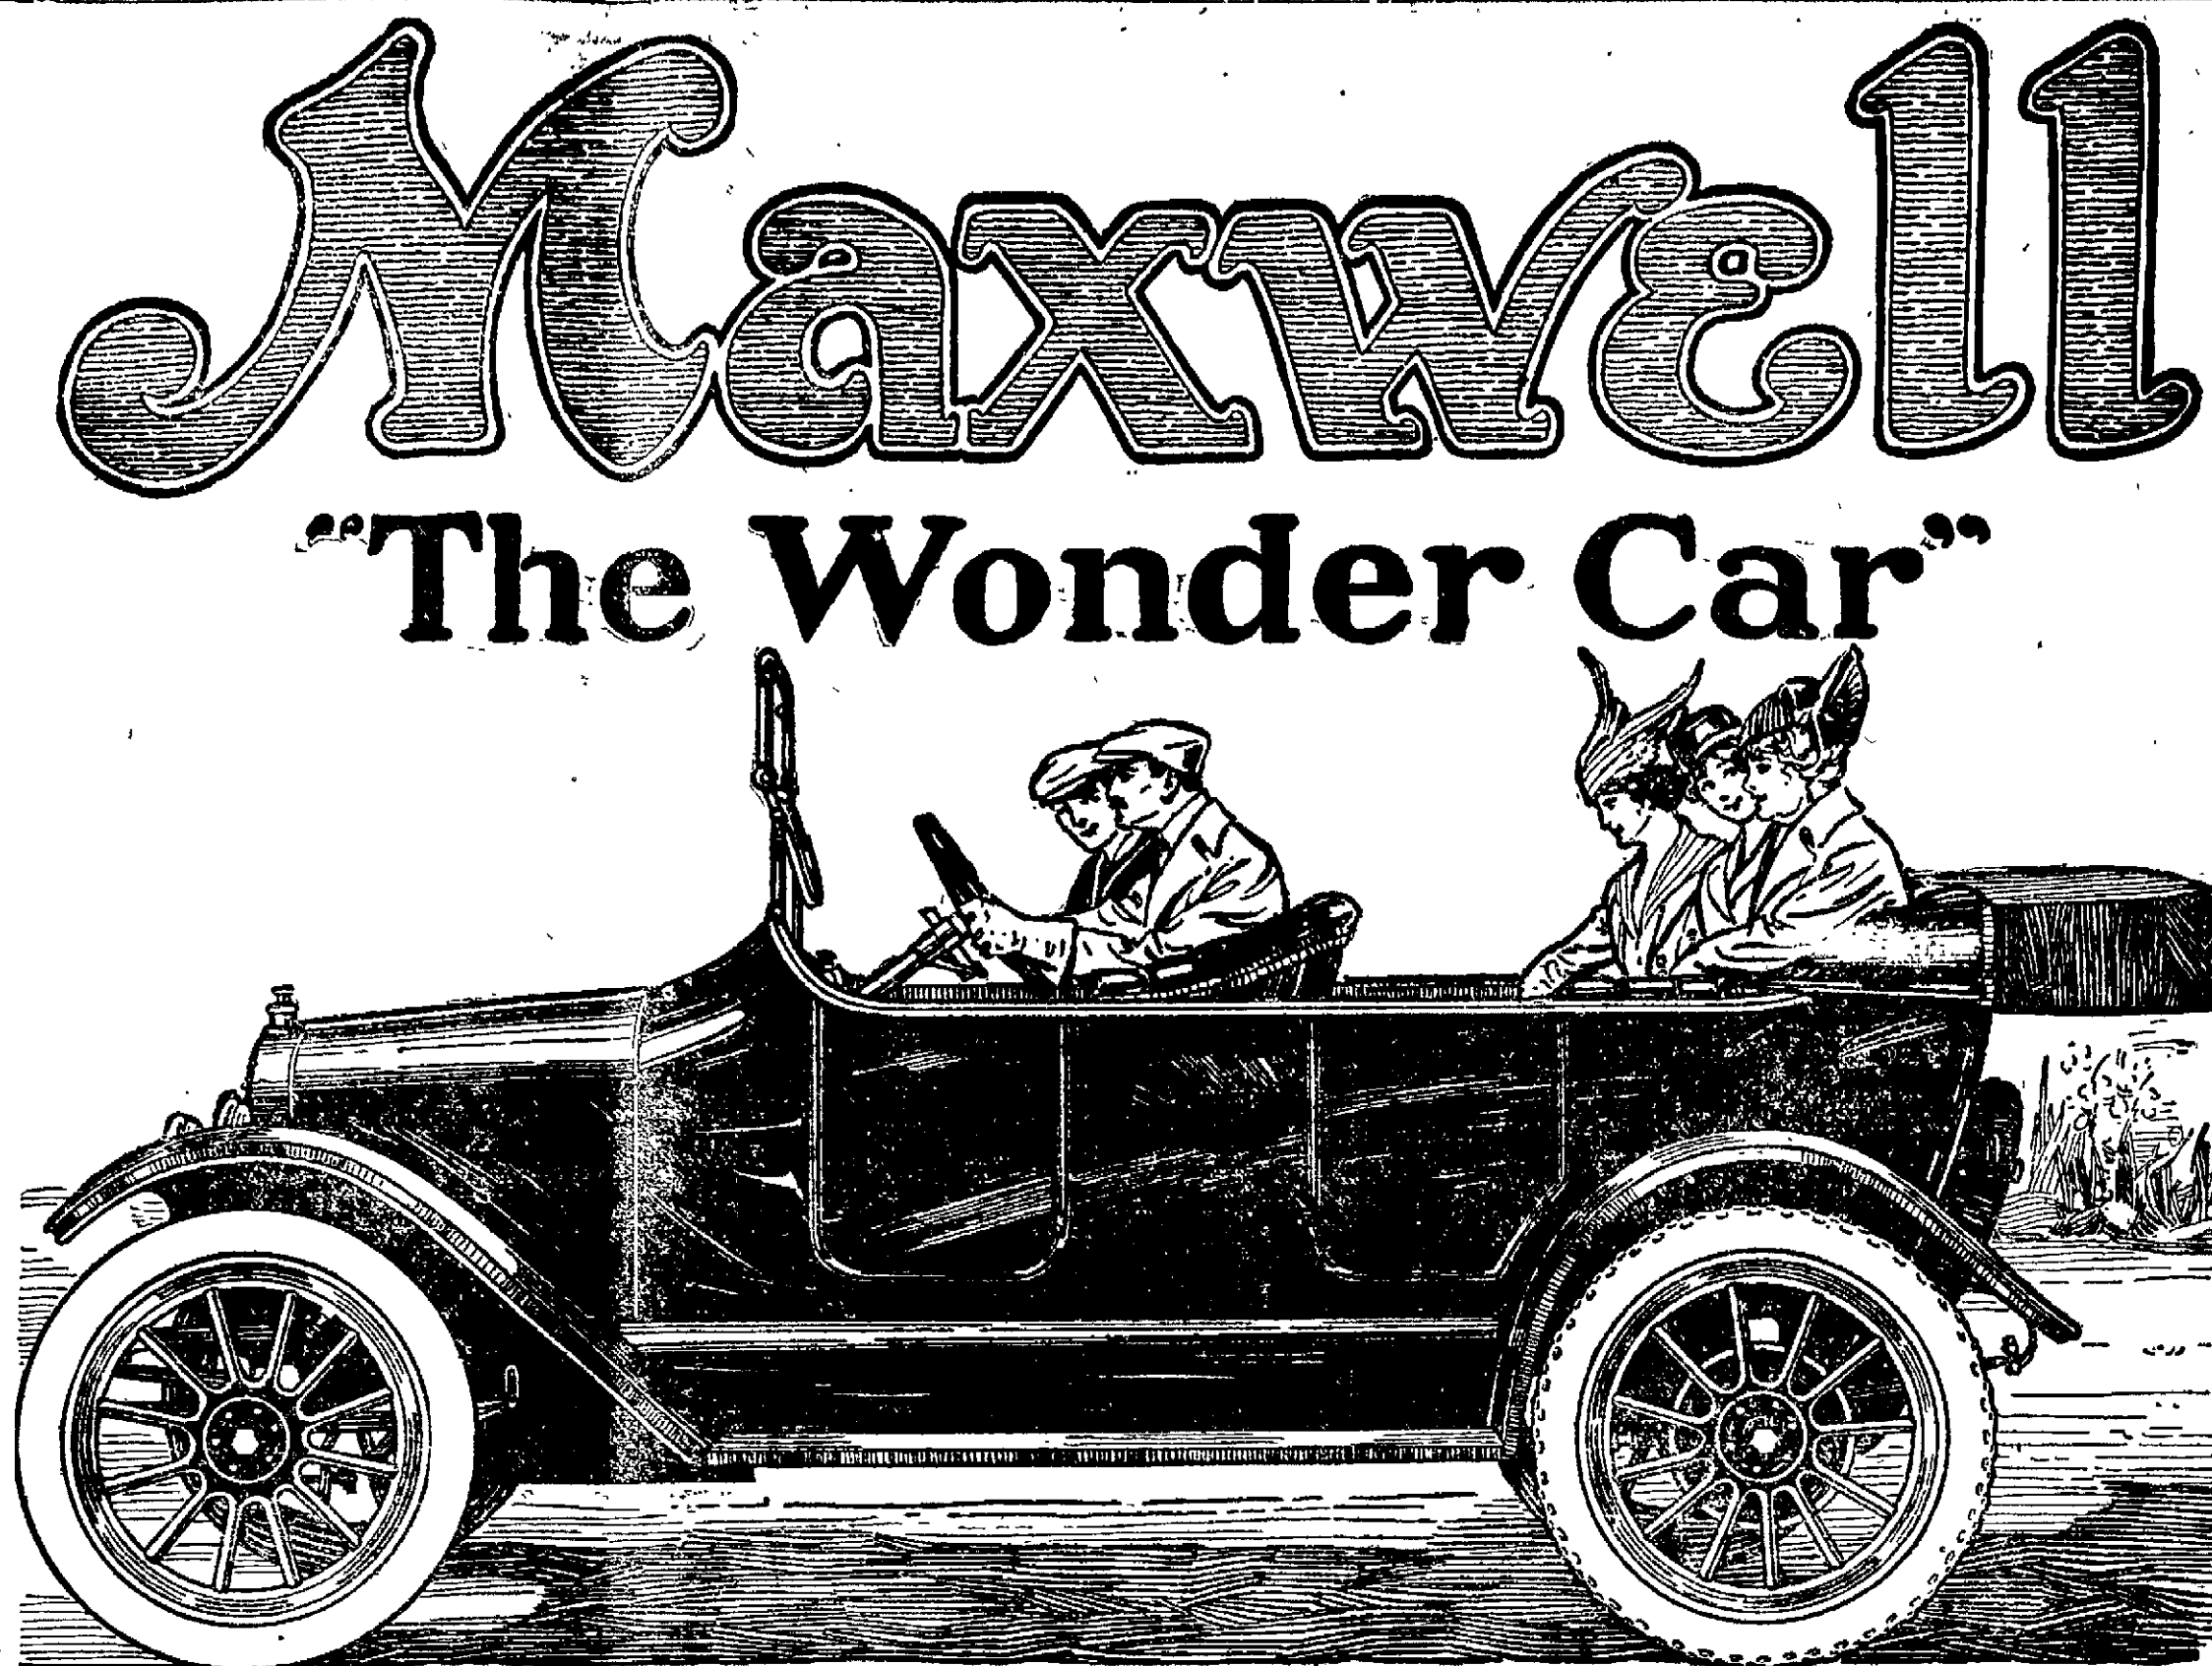

A. H. Miller of this place, while driving a herd of cattle to his farm north of Somerset, Saturday, met with an accident with one of his cattle. The animal took fright at some of the constructive material along the new pike and ran violently back, and was struck by a big auto truck which was coming at full speed when the crash came. The animal met instant death. The matter was adjusted and Miller proceeded with the rest of his cattle to the farm.

# This is the car that 38,000 happy owners have given the "rough and tumble" acid test of real automobile owners' wear

An automobile on the road for 18 months in constant, every-day use by an owner ceases to be a designer's theory.

It becomes—either a great automobile success;  
Or it becomes—a great automobile failure.

Multiply one model by 38,000 and give each one of these 38,000 automobiles day in and day out rough and tumble road wear, and if this car stands up and delivers, it has become one of the rare great automobile successes. And that is the Maxwell success

today—that is exactly the "Acid Test" that the Maxwell has passed through, and that is why the Maxwell is the most talked about automobile that is built today. The Maxwell automobile is today one of the very few great automobile successes the world has ever known.

And this is the car we urge you to see. This is the car that you owe it to yourself to see. We want to tell you about its hill climbing triumphs. We want to tell you about its speed and endurance records. We want to show you and add up for you every one of its new features.

### Read This List of Expensive Features. The 1915 Maxwell Has These Features And Many Others.

<p><b>PURE STREAMLINE BODY</b></p> <p>A large, roomy, beautiful body, fitted with deep, comfortable upholstery, ample leg room, adjustable front seat and the best fourteen-coat, hand-painted and striped finish. All Maxwell bodies are constructed of pressed steel, mounted on a steel-channel sectioned frame, offering the greatest possible strength with minimum weight.</p>	<p><b>THE POWERFUL MAXWELL MOTOR</b></p> <p>The most powerful, durable motor of its size made. Ample power to negotiate any road, mud, sand or hill—always at your command. Almost troubleproof, every part accessible, and what is more, it is a motor of genuine economy. More miles per gallon, day in and day out, than you would believe possible if one were to tell you. The Maxwell motor stands to-day one of the very best in dependable efficiency.</p>	<p><b>DOUBLE SHELL RADIATOR</b></p> <p>A beautiful, troubleproof, highly efficient radiator. Every part but the shell constructed of high-grade copper. It will not corrode and leak. Protected against breakage by a heavy pressed steel shell and special shock-absorbing devices on each side of the frame that protects it against the many strains and twists of the car.</p>	<p><b>BRAKES THAT HOLD AND LAST</b></p> <p>One square inch of braking surface to every twelve pounds of weight. That's more than most any other car gives to-day. Maxwell brakes are thoroughly dependable, enclosed and protected from dust and dirt, and have special anti-rattling devices. Maxwell brakes are very easy to handle. The slightest pressure of the foot and your car comes to a dead stop.</p>
<p><b>SPRING SUSPENSION</b></p> <p>Without a doubt you will find the Maxwell the easiest riding, light car made. With its ample sufficient wheel base, and semi-elliptic front springs and three-quarter elliptic rear</p>	<p><b>THE STEERING GEAR</b></p> <p>Irreversible worm and gear, the only safe steering device. Maxwell uses a gear instead</p>		

### The Maxwell Company's Guarantee of Service to Maxwell Owners

## Telephone Operators To Hear Efficiency Expert At a Meeting Thursday

Operators from the Automatic Telephone exchange of this city, are deeply interested in the lectures of W. S. Vivian, telephone efficiency expert, of Minneapolis, who has been secured by Newark, Mt. Vernon, Licking and Knox county telephone companies for the benefit of their operators.

The first of these lectures was heard at Mt. Vernon yesterday by more than 100 operators from Central Ohio. The second was heard today by just as many girls, and the third will be heard in Newark Thursday when Mr. Vivian comes to Newark to give special instructions to telephone girls here.

These lectures were arranged as a feature of the regular monthly meeting of operators in Central Ohio, a plan inaugurated by the Newark company with a view of cultivating a better personal acquaintance among the toll operators who often have no more than a telephone acquaintance.

Mr. Vivian is secretary of the Independent Telephone Association of America. He has made a special study of efficiency of operators and for some time past, he has been delivering these lectures over the country where progressive telephone companies seek every opportunity to improve the service.

Tuesday's meeting was held in the director's room of the Mt. Vernon company which occupies its own building. It was an all day meeting, a splendid dinner being served by the Mt. Vernon company.

Operators were present from Newark, Mt. Vernon, Mansfield, Columbus, Zanesville, Ashland, Loudonville, Orrville, Wooster, Millersburg, Fredericktown, Sunbury, Hanover, Granville, Glenford, North Liberty, Danville, Homer, Brandon and other cities and towns in Central Ohio.

These meetings are conducted by the operators themselves, usually some official of one of the telephone companies interested, acting only as presiding officer. Problems coming up daily in the work of the operators are discussed and remedies suggested.

This feature of the meetings was set aside for the Tuesday and Wednesday sessions and the same plan will prevail at the meeting here Thursday.

This was done for the purpose of giving Mr. Vivian every opportunity to give the girls valuable instructions in their work.

At the opening session Tuesday, Mr. Vivian presented to the girls the wider view of public service which is becoming more and more recognized as a valuable asset. The closer personal acquaintance of operators in the county could not help but do away with frequent wrangles and disputes which delay good service, Mr. Vivian stated. On purpose of these meetings is to bring this about.

Mr. Vivian also mentioned the code system for speeding up long distance calls, called "C. A. A." as meaning that the party wanted was out of the city, and "A. B." as anyone who can talk business—two simple time-saving devices in extensive use.

Each girl is supplied with a pad and pencil to use in taking notes. The Newark and Mt. Vernon companies are offering four prizes, aggregating in value \$10, for the best essays on the meetings, the same to be judged by disinterested parties—probably editors of telephone journals. The first prize is \$5, the second \$3 and the third and fourth \$1 apiece.

Mr. Vivian in his lectures, uses three miniature switchboards calling upon three operators from those present to "put up" test calls. When these calls have been executed, other operators are called upon to criticize the methods, which may not have properly applied the instructions in his lectures.

This is said to be the first school for operators ever conducted by telephone companies in Ohio. It can not help but be advantageous to the operators, the companies and what is more important, to the telephone users.

Newark operators are much interested in the novel idea of giving them expert training. Fifteen of them made the trip to Mt. Vernon Tuesday, eleven remaining all night. The four who returned to Newark Tuesday night, went back to Mt. Vernon Wednesday to hear the second lecture. They were accompanied to both meetings by C. E. Hollander, manager of the Newark Telephone company.

DAMAGES ASKED BY THE ADMINISTRATOR OF ELZA STRAUDEMAN'S ESTATE

From P. C. C. & St. L. Railroad—  
Defendant was Struck by  
Switch Engine at Cedar St.

Edward Kibler, Jr., administrator of the estate of Elza Straudeman, has filed a petition in common pleas court asking for damages in the sum of \$10,000 from the Pittsburgh, Cincinnati, Chicago & St. Louis railroad.

The petition alleges that Straudeman, employed as a crossing watchman at Cedar street, in the service of the defendant, was through the latter's negligence, struck by a switch engine on Dec. 2, 1914, that his left side was crushed in and that he was injured internally, of which injuries he died. The petition was filed by Kibler & Kibler, attorneys for the plaintiff.

### In Common Pleas.

The case of Wagon Price vs. John H. Hawley was passed pending the making of a survey of the disputed line between the farms of the parties in this county. Each party to select a competent surveyor, and said surveyors to make a survey and report to the court.

In common pleas court on Wednesday, the court and a jury took up the trial of the case of Michael Murphy vs. the Licking Window Glass Co. Plaintiff sues for damages for personal injuries sustained in May, 1913, at the defendant's factory.

State of Ohio vs. Theodore Chapman, indicted for burglary and larceny, the state charging that the defendant robbed the Adams Express company office in this city some weeks since. The defendant appeared in court, waived the reading of the indictment and pled guilty. The court sentenced the defendant to the Ohio state reformatory at Mansfield, and suspended the sentence during such time as the defendant refrains from the use of intoxicating liquors and lives an exemplary life, and to pay back to the express company, within 60 days, \$15, the amount taken.

For trial Friday: John Trick vs. Victor Bologna; a suit on an account. Chas. M. Morley vs. Addie E. Dowland, et al., a suit in partition. Leave given to make A. J. Yoakam a party defendant with leave to file cross petition, and to make Erasmus Einswiler, et al., parties defendant.

### Constantinople's Great Church.

The mosque of Sancta Sophia, Constantinople, stands as the world's greatest monument of Christian architecture. Professor Paparizopoulos, the Greek historian, whose estimate is regarded as the most careful ever made, reckons the cost of ground, material, labor, ornaments and church utensils at about \$61,000,000. The common estimate of the cost of St. Peter's in Rome was something less than \$18,000,000, says the Geographic Magazine.

No other Christian church has at all approached Sancta Sophia in the variety and priceless value of its marbles, in the prodigious employment of gold, silver and precious stones, and in the number and value of its sacred vessels. The expenditure for Sancta Sophia was doubtless greater than for any other sanctuary ever reared by any people to the glory of God.

## FATHER WEEPS AS CHILD'S SAVINGS PAYS HIS FINE

A Lancaster man, arrested Tuesday on a charge of intoxication, wept bitterly in police court Wednesday morning when his wife arrived from Lancaster bringing with her the money taken from their son's bank, which was used in paying the costs in the case, that the man might gain his freedom. When the court costs were settled, the wife had just 19 cents. She had eaten no breakfast and had no money to pay their fares back to Lancaster. Court attaches contributed enough to allow them to get breakfast and buy two tickets to their home.

The husband and father seemed repentant when the wife told in court how the seven-year old son of the defendant had insisted that the mother take the money from his bank and secure his papa's release. Even the court attaches, usually hardened to emotions of others, were touched by the display of affection on the part of the youngster.

Mayor Bigbee suspended the fine and admonished the father that in the future; he should repay such devotion as that shown by his wife and son, with an upright life.

# GOVERNOR WILLIS MAD AT DEFEAT

## Of the Andrews Bill, Decentralizing Liquor Licensing System

### BEGINS DICTATING TO THE OHIO LEGISLATURE.

# A PROLONGED SESSION

Is Now In Prospect, Since the Governor Declared Last Night That the Lawmakers "Must" Pass a Bill That Suits Him Before Their Final Adjournment.

(Associated Press Telegram) Columbus, April 29.—"Before the general assembly adjourns, it must pass a liquor license decentralizing law."

This statement Governor Willis made last night, following the defeat by the house of representatives yesterday afternoon of the Andrews bill, which sought to provide for the selection of license dispensers by the people of each county voting at the primary election in the odd years. The governor declared that he was not committed to the Andrews bill, but that in view of the Republican platform pledge for decentralizing the saloon license system he would insist that some measure be put through taking out of the hands of state authorities the right to name county dispensers of licenses.

The rejection of the Andrews measure, a bill having administration sponsorship, marked the crisis of what has been considered the closing weeks of the session. The governor's position, it is now thought may mean an indefinite extension of the session's length. Rumors are afloat regarding the possibility of a special session immediately following the regular session should adjournment be forced by the opponents of license decentralization. Administration leaders are endeavoring to get together on some sort of compromise in the way of a license bill, but their plans are thus far incomplete. It is generally agreed that unless the session is to extend over until the latter part of May or the early part of June, the license bill must be rushed within a few days.

The Andrews bill after defeat was given new life by a strategic error of its enemies. The latter moved reconsideration when the vote showed the bill to be defeated by 57 yeas to 59 nays. They hoped to defeat reconsideration and thus bury the measure for good. But the friends of the bill rallied and carried reconsideration by a vote of 50 to 58. Automatically this revived the bill.

Its first rejection was brought about by the alliance of the Democrats of the house with 13 Republicans—the nine Hamilton counties, Neiding, of Lorain, Baker of Muskingum and Oberlin and Agler of Stark. Only one Democrat, Wintermute, of Mercer county, voted for the bill.

Republican leaders today said they had found a means of decentralizing the liquor licensing system which would meet the approval of Hamilton county legislators, whose insurgent movement in the house yesterday was the main reason for the killing of the Andrews bill by a vote of 57 to 59.

The new measure probably will be introduced in the senate tomorrow or Monday by Senator McDermott. (Continued on Page 11, Col. 4.)

# Recognition of Gen. Carranza By United States Is Expected By That Mexican Chieftain

(Associated Press Telegram) Washington, April 29.—Unofficial advice received here early today which said that General Carranza expected early recognition by the United States government attracted widespread attention in official and diplomatic circles here today.

The Carranza authorities have been active recently in seeking recognition and it has been reported that they intended issuing a statement covering their intentions. The United States government, it is said, had been advised of the Carranza plans, although it was said at the state department that the question of recognition had not been formally considered.

The American government has unofficially indicated to the various factions in Mexico the general principle

CELEBRATED ARTIST DIES IN AN OBSCURE STUDIO IN POVERTY. (Associated Press Telegram.) New York, April 29.—Wealthy patrons who forty years ago overwhelmed Francis Duque, aged 83, an artist with their commissions, were surprised today to learn that he had died in an obscure studio to which he retired after his former success had departed. He died suddenly yesterday of cerebral hemorrhage. Duque was born in Colombia, South America. After one of his works had been accepted by the Paris salon, he became a favorite here. His income was large but later the death of his son and his wife so affected his work, that he lost popularity. For years he obtained a scanty living by giving lessons in painting.

# PRICE WILL NOT STAY AT OHIO STATE

(Associated Press Telegram) Columbus, April 28.—Homer C. Price, dean of the college of agriculture, Ohio State University, recently removed by the board of trustees, will not remain at the university in another capacity. President Thompson had tendered him the professorship of rural economics at the maximum salary and begged him to accept it. But Dean Price has declined. He resents the adverse action of the board, in view of the progress of the college, under his administration, and in a letter to President Thompson, a copy of which has been sent to each of the trustees and to the president of the alumni association, suggests with some emphasis that the reason for such radical action ought to be stated.

# BOY RECALLED HIS IDENTITY IN CLEVELAND

(Associated Press Telegram) Cleveland, April 29.—A boy, 19 years old, who wandered into the Central Y. M. C. A. building here yesterday, a victim of aphasia, and who could not remember his name nor anything that had happened prior to his finding himself in this city yesterday morning, today recalled his identity. He is Robert Boyce, of 965 Seventeenth street, Detroit, Mich. His parents live in Toronto, Ontario. He was employed by an automobile plant at Detroit. He says he started for a walk in Detroit Tuesday night and remembers nothing more until he found himself here. Reading a story in a magazine in which the name "Boyce" appeared, enabled him to recall his name.

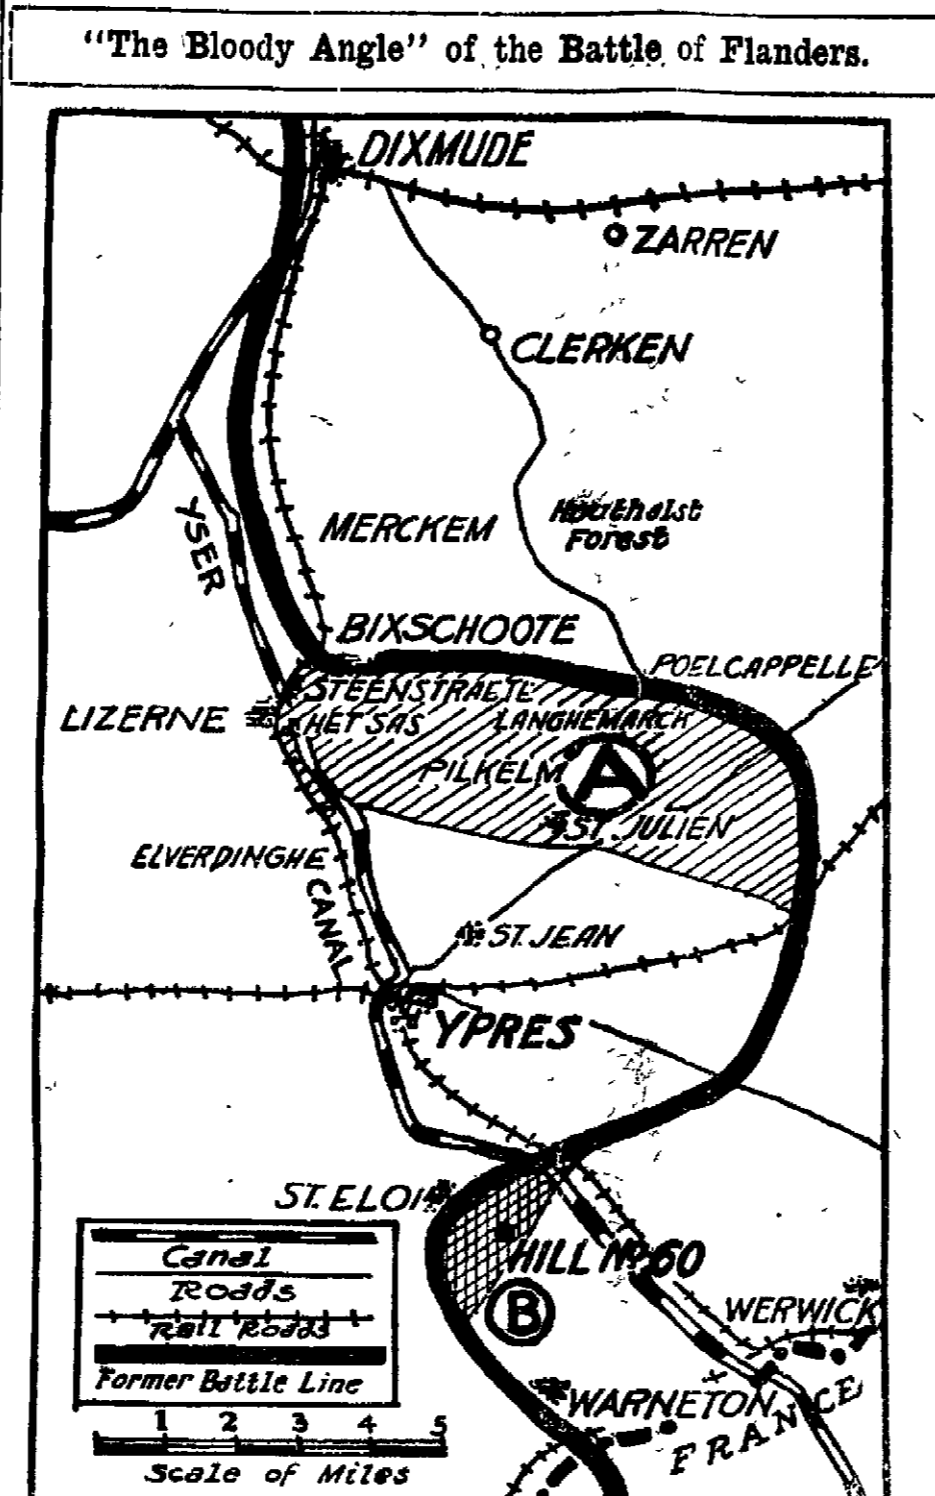

# WALL COLLAPSED INJURING FOUR

(Associated Press Telegram) Cincinnati, April 29.—Without warning, a section of the foundation of the former laundry building which stood at the southwest corner of Sixth and Sycamore streets, recently demolished to make room for a ten-story office building, collapsed this morning at 9 o'clock.

Four men were caught by the tumbling rocks and the tons of sliding gravel. One of the four, Henry Willen, foreman of the crew, was probably fatally injured. The other three, all laborers, were seriously hurt.

# SERIOUSLY INJURES HAND.

Charles Martin, taxicab owner had his left hand mashed on Wednesday. Mr. Martin was engaged in repairing a machine when a jack he was using slipped and the bones in the little finger were mashed and the finger nearly severed. The hand was also painfully bruised. Dr. Carl Evans dressed the injury.

This map shows "The Bloody Angle" of the great battle now raging in Flanders. While the world has been looking on and wondering when the heavy spring fighting was to begin, the troops have been at it with the result that in this small space thousands have been killed. For six days the terrible fight has raged. The angle covers the territory in which the Germans were defeated last fall when they drove toward Calais. The return of the German attack takes place further to the north than the points where their heaviest attacks of last October fell. Then they attacked from Zantvoorde through Gheluvelt, to Zonnebeke. The present German attack was apparently anticipated by the unexpected British assault on Hill No. 60, further south (B). Although only a small gain in territory this success was most important because of the bill's domination of the surrounding territory. The real German attack came Thursday, April 22, on the north side of the salient shown by a black line. This onslaught, preceded by the use of gas bombs, carried them in some places two miles into the allies' lines and across the Yser Canal, as shown by the lightly shaded area (A). It may be noted that in these three days' fighting the Germans have reduced the area of the allies' salient by fully a third, and they are now in position to cover the entire remainder by artillery fire. Reports are persistent, though unverified, that Field Marshal von Hindenburg now commands the German troops in Flanders, with 500,000 men at his disposal.

# Believe Incendiaries Tried To Set Fire to the City of Vancouver, British Columbia

(Associated Press Telegram) Vancouver, B. C., April 29.—Fire, held by some police officials to be part of a plot to burn the city started simultaneously today in the Cambie and Granville street bridges connecting the business and residential portions of Vancouver. The loss was \$300,000. Aside from the bridges, however, no attempts at arson were discovered so far as could be learned. Thousands of persons blocked on their way to work, watched the flames soar from the wood and tar pavement of the great Connaught bridge at Cambie street. The chief damage was here. The frame of the bridge is steel. The flames gradually burned themselves out. The fire at the Granville street bridge, a mile away, was extinguished with small loss.

# Italy Has an Understanding With Great Britain and France as to The Terms Upon Which She Is to Join

(Associated Press Telegram) Rome, Italy, April 29.—Via Paris, April 29.—From persons in close touch with the war situation, as it affects Italy, there was obtained today information which indicates that the government has arrived at an understanding with Great Britain and France concerning terms upon which Italy will enter the war, if she eventually decides to do so. This information, while unofficial, is gathered from men who made a close and careful study of the situation. The agreement is described as follows: "First, a provision for concerted military action. Italy will refrain from hostilities during the present stage of desultory trench warfare, which would enable Germany and Austria to concentrate a large part of their force against her. She will time her blow contemporaneously with a general effort by all the opponents of the central empire now in the field. "Second—An understanding concerning the territory to be awarded to Italy in the event of victory. "Third—A provision that after the war an alliance shall be formed be-

# SPECTATORS APPLAUDED ROOSEVELT

## As He Entered the Courtroom at Syracuse This Morning

### AND SMILINGLY TOOK PLACE IN WITNESS CHAIR.

# SETH LOW IS MENTIONED

## In Connection With Senator Platt and a Meeting Arranged By Colonel Roosevelt Between the Two Men Before Low's Election As Mayor of New York City.

(Associated Press Telegram) Syracuse, N. Y., April 29.—This was expected to be Theodore Roosevelt's last day as a witness in the suit for alleged libel brought against him by Wm. Barnes.

When the colonel left the stand yesterday he was under redirect examination, his cross examination having been concluded during the day. His own counsel said that they had but a few more questions to ask the former president.

In questions ready to be put to him on redirect examination the colonel was to be asked to explain for the benefit of the jury more of the things mentioned in correspondence between himself and former United States Senator Platt, "the easy boss" and Mr. Barnes.

The defense today summoned by telegraph several witnesses expected to go upon the stand after the colonel was finished with.

When Colonel Roosevelt entered the courtroom today, the spectators applauded him and attendants had some difficulty in restoring order.

The colonel was smiling as he took his seat in the witness chair and awaited the first question which was about a letter in which Messrs. Bidwell and Stranahan were mentioned. "I remember that letter," said the colonel. "Senator Platt wanted Mr. Bidwell appointed collector of the port of New York. It seemed inadvisable, however, so I appointed Mr. Stranahan, a state senator."

In regard to the election of Seth Low as mayor of New York City, and a meeting he arranged between Mr. Low and Senator Platt, the colonel said:

"The organization had helped elect Mr. Low. I wanted Mr. Low to take the same attitude I did toward the organization. Therefore I wrote to Mr. Platt about a meeting between the two. I did not want the organization to feel it was slighted. But I wanted Mr. Low always to understand that he was to do what he thought best. I was president then."

"Why did you write about Mr. Platt's name and some one else's name?" asked Mr. Bowers. "Why that meant nothing derogatory." (Continued on Page 11, Col. 3.)

# LARGEST ISSUE OF SECURITIES PLACED BY J. P. MORGAN & CO.

(Associated Press Telegram) New York, April 29.—Financiers and bankers were gratified today by the announcement that the sale of what was said to be the largest issue of corporate securities ever placed in the United States had been consummated yesterday. This was made known when J. P. Morgan & Co., as syndicate managers stated that substantially all of the \$100,000,000 of New York Central twenty-year six per cent convertible bonds offered to stockholders had been subscribed for. The proceeds of these bonds will be used to fund an equal amount of debt and in the acquisition of property.

# MAN WHO SET MORGAN FREE DIED TODAY

(Associated Press Telegram) Madisonville, Ky., April 29.—Capt. L. D. Hockersmith, who is reputed to have dug his way out of the Columbus, O., penitentiary during the war between the states, and to have liberated his commander, the Confederate general, John H. Morgan, with a number of his men, died at his home here today.

Morgan and a remnant of his command was captured near Pomeroy, O., in July, 1863, during a raid through Kentucky, Ohio and Indiana. Captain Hockersmith was 82 years old. He was widely known in the south.

# AMERICAN NEGRO IN UPRISING OF AFRICAN NATIVES

(Associated Press Telegram) London, April 29.—The British government has taken official cognizance of charges alleging that the Rev. Mr. Booth, an American negro parson, connected with the Seventh Day Adventists, had played a part in the recent uprising among the natives in Nyassaland, British Central Africa.

Lewis Harcourt, secretary of state for the colonies, was asked in the house of commons today "whether any means can be adopted to prevent this person and his American negro supporters from propagating their doctrines in the British protectorate."

The colonial secretary said: "Steps now are being taken to meet the situation."

# BRYAN SAYS U. S. WILL RECOGNIZE NEITHER FACTION

(Associated Press Telegram) Washington, April 29.—The United States is not considering the question of recognizing any government in Mexico, Secretary Bryan again declared today when his attention was drawn to a report that the Carranza administration expected early recognition. The secretary would not discuss the matter further.

It is known that Carranza officials here are urging upon the state department their claims to recognition and plan to issue a statement soon outlining the proposals to this end they have presented.

# GEN. VON KLUCK RECOVERING FROM A RECENT WOUND

(Associated Press Telegram) Amsterdam, via London, April 29.—General von Kluck, the German commander who was wounded last month, is now on the road to recovery according to the Hamburg Nachrichten. This newspaper adds that the general is now able to appear in the garden of his villa which has been converted into a hospital.

# Lloyd George Proposes A Heavy Additional Tax On Alcoholic Liquors

(Associated Press Telegram) London, April 29.—Chancellor of the Exchequer David Lloyd George made known in the house of commons this afternoon his plan to deal with the question of the too great consumption of alcoholic liquors in England. He proposes a very heavy surtax on both spirits and beers containing more than seven percent of proof spirit and the duty on spirits is to be doubled.

The root and branch treatment originally proposed by Mr. Lloyd George for dealing with the liquor problem in its relation to the output of munitions of war, dwindled to a modest pruning when the chancellor presented to the house of commons this afternoon the government's scheme for restricting the sale of drink. The chancellor in his opening statement, indicated that difficulties had been met with, as he said: "After weeks of trying to find a solution of the question, I am prepared to take a pledge never to politically touch drink again."

# WOMEN ARE NOW MAKING RESPIRATORS

## On the Theory That The Germans Will Still Use Poisonous Gases

### AND THOUSANDS WILL BE SENT OUT TO THE SOLDIERS.

# REPORTS IN A CONFLICT

## As to Operations In the Dardanelles, England Maintaining That Those Sent Out From Constantinople and Berlin Are Not Only Censored, But Absolutely Framed Up.

(Associated Press Telegram) London, April 29.—The fighting at the tip of the Gallipoli peninsula, across which the British have strung their forces and the efforts to dislodge the Germans from Steenstrate, the only point on the west bank of the Yser, which the invaders have been able to hold since the recent rush in Flanders, may be isolated today as the areas which, although comparatively small, hold the greatest possibilities for far-reaching results. Although the Turks and the Germans maintain that the British on the west and the French on the east side of the Dardanelles are being crushed in their attempts to press forward, newspaper readers in London are being told that all official statements from Constantinople and Berlin, bearing on the Dardanelles struggle are being not only censored but framed with the especial purpose of exerting favorable influence on Italy and other wavering neutrals.

French and Belgian artillery is today battering away at the German bridge head at Steenstrate, but there is no claim of substantial gains by either side. At the same time the British show no disposition to abandon their attempts to force the Germans to yield the ground gained by them up to the present time. There is no confirmation of the rumor current that they have recaptured St. Julien.

In the expectation that the Germans will continue to use poisonous gases, the women of England are working valiantly to supply simple respirators for the men in the field and thousands soon will be sent to the front.

# ALLIES TO ADVANCE ON OPPOSITE SHORES

(Associated Press Telegram) London, April 29.—The following dispatch has been received by the Exchange Telegraph company: "The British force landed on the European coast of the Dardanelles has been entrusted solely with the mission of occupying the Gallipoli peninsula which is defended by 60,000 Turks.

"The French force has been landed entirely on the Asiatic coast with the object of advancing along the Littoral to keep pace with the progress made by the British on the opposite coast.

"The bombardment of the straits was resumed Tuesday and lasted twelve hours. It was directed particularly at the Milla Bahr forts."

Born to Mr. and Mrs. H. E. Wilson of South Fifth street, nine pound daughter, Sunday, April 25.

# ARREST MADE IN BALTIMORE CASE; FOREMAN IS HELD

(Associated Press Telegram) Baltimore, April 29.—Miss Ida L. Robins, the 22-year-old stenographer, who was murderously assaulted in the office of her employer here last Monday, today made a statement to the police, following which Julius Rupert, foreman of the Printers Ink Manufacturing company in which both worked, was arrested. Rupert was charged with assault with intent to kill and with assault with felonious intent.

# STILL TALKING OF PENSIONING THE PREACHERS

(ASSOCIATED PRESS TELEGRAM)  
Chicago, April 29.—Pensions for retired ministers would have a tendency to eliminate the commercialization of the pulpit through "money making on the side," according to Dr. W. H. H. of Indianapolis, Ind., secretary of the board of ministerial relief of the Disciples of Christ, who addressed the national convention of conference of the Methodist Episcopal church today.

Plans are being considered by the convention to raise a \$10,000,000 fund to provide pensions for retired ministers, their widows and orphans.

"Pensions would help to obtain more and better ministers," Dr. Warren said, "by overcoming the natural opposition of parents, by enlisting the sons of ministers who would otherwise have to go into business to care for the parents."

## ITALY

(Continued from Page 1)  
attitude of Italy lay the pressing necessity of gaining time, for Italy was unprepared for war and needed an interval for preparations. The ambassador accordingly sought to tie Italy's hands by presenting concrete offers which, even if satisfying her only in part, would cause a large section of the public to urge the government to accept them and thus avoid the hardships of war.

"It was under these circumstances that the German ambassador first proposed a settlement whereby Italy should receive the Austrian territory inhabited principally by Italians. This suggestion originally was vague and was not accompanied by evidence that Austria has acquiesced in it. Several weeks were required to give shape to this proposal, which eventually was reduced to a plan for rectification of the Italian frontier in such a way as to make it less open to invasion.

In the meantime, Italy's military preparations were approaching completion. This enabled Foreign Minister Sonnino to assume a firmer attitude. He said clearly that the government could not possibly come to any understanding which was contrary to the unanimous wishes of the people and parliament, stating that there was a complete unification of sentiment. Furthermore, he said, the cabinet was unwilling to continue negotiations initiated by Germany unless they should be participated in by Austria, with which any agreement necessarily must be concluded.

Austria at first declared that Emperor Francis Joseph would never consent to the alienation of one inch of territory. Thus facing an impossible situation, Prince von Buelow threatened to abandon his post, rather than a rupture, Austria entered the negotiations and asked Italy to state her demands.

It was at the middle of March when Italy made response, repeating to Austria virtually what she had already said about territorial aggrandizement to Prince von Buelow. To this she added that she wished Austria to pledge herself that, whatever the result of the war, she would respect the territorial integrity of Serbia. The reason for this request was that Italy, having taken her stand on the principle of political solidarity for the Italian race, could not consistently be a party, even indirectly, to any settlement of the war whereby the political entity of the Serbs would be threatened.

The Austrian view was that Italy's demands were excessive and unacceptable. She intimated that Italy, having declared herself neutral, when the war began, should inter-

fere in any settlement between Austria and Serbia in addition to claiming for herself extensive territories possessed by Russia.

The two points of view were so far apart that a rupture seemed inevitable, but Prince von Buelow succeeded in averting such a conclusion. The negotiations were taken up afresh. Signor Sonnino stated that the minimum of Italian demands included, in addition to the clause concerning Serbia, cession by Austria of the entire province of Trent and also a certain number of the an dalso a certain number of the Dalmatian islands.

Austria came forward with counter suggestions, limiting the territory to be ceded to part of the province of Trent and certain other territory, excluding Pola and Trieste. The latter city under this arrangement was to be transformed into a free town under Austrian suzerainty.

Italy definitely refused these proposals. It is asserted that Prince von Buelow came to the end of his resources when he suggested that Trieste be made a Hanseatic town under international control and that he expected both Vienna and Rome to refuse.

It is understood that little has been accomplished since these last named proposals failed, and accordingly there is a general feeling that Italy will have recourse to arms.

# BOTH CLUBS DENY A DEAL FOR WHEAT, DODGERS' FIELDER

(ASSOCIATED PRESS TELEGRAM)  
New York, April 29.—Officers of the Brooklyn National league baseball club denied today that Zack Wheat, the Superba's heavy hitting outfielder, was to be traded or sold to the New York Nationals. President Ebbets of the Brooklyn club said there was not the slightest truth in the report and that none of his star players is for sale at any price.

"I am at a loss to understand how the report that Wheat was to be traded to the Giants for Robertson, Perritt and Murray originated. Apparently everybody in Brooklyn knew about the deal except the officers of the club. I consider that Wheat is more than the property of the Brooklyn club—he is the property of the Brooklyn fans. The story that he is to be traded or sold is ridiculous and cannot be denied too strongly."

The members of the New York National league office force today denied all knowledge of such a deal and a similar statement was made at the office of President Tener of the National league.

# Pitcher-Infielder Will Report Sunday From Quaker City

C. L. Hunt, a pitcher and first baseman, has asked for a position here and has been notified to report for a tryout. If he should prove to be a player of ability he stands a little better chance than a man who is not so versatile. Wheat is anxious to get real utility men with his club to guard against possible injuries, which would cripple a club with a limited list of players.

# Denison Plays An Exhibition Game With Newark May 5

Manager Wreath has completed arrangements for an exhibition game with the Denison University team at Wehrle Park, Wednesday, May 5. Coach Livingston has developed a splendid team and, no doubt, the locals will find the college boys a little better than the average team taken on in an exhibition series.

# Nesser Signs With Chillicothe; Will Not Join Newark

Frank Nesser, Columbus first sacker, has signed with Chillicothe of the Ohio State league and therefore will not come to Newark. Manager Wreath visited Columbus Wednesday afternoon with a view of coming to terms with Nesser but Nesser told him he was too late.

# STOCK COMPANY IS BOOKED FOR THREE WEEKS

W. Prescott Bailey, new lessee of the Auditorium, has booked a stock company for a three weeks' engagement and they will open Monday, May 3 in "The Rosary." Tuesday they will produce the "Third Degree," and will give nothing but standard attractions, their repertoire including "The Traveling Salesman," "Within the Law," and a number of other fine plays. The lease for the Auditorium, it is understood, will be made tomorrow, and Manager Bailey will take entire charge of the theatre Saturday.

**Some Forms of Rheumatism Curable.**  
Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headaches, Sciatic Rheumatism and Lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain. "Sloan's Liniment is all medicine." Get a 25c bottle now. Keep it handy in case of emergency.

# STIFF SCHEDULE FOR TRACK TEAM OF NEWARK HIGH

With the best track team in the history of the high school Newark boys will face the hardest schedule yet arranged for track events. They will participate in two interscholastic events conducted by Ohio colleges and one triangular meet, besides a meeting with the athletes of North High of Columbus.

Utica High is the first school to compete with Newark, this event being arranged for Saturday, and while there is no intention to underestimate the ability of the youths from the Washington township metropolis, they believe they will be able to win Saturday.

The Utica boys have a habit of developing an unusual amount of determination which goes a long distance in school athletics.

On May 8, the track team will go to Athens to take part in the interscholastic meet, conducted for high schools by Ohio University.

A triangular meet on May 15 will find Newark in contests with track athletes from Mt. Vernon and Zanesville.

compete with Columbus North High, May 22 the team will compete with Columbus North High. The last event is the entry in the interscholastic meet at O. S. U., and under the auspices of the athletic department of that university. On the same date the Big Six track meet will be staged.

Local athletes have shown a wonderful improvement over their work last season, all recent records for the school having been trimmed by a good margin.

## ENTRIES OF NEWARK HIGH FOR THE MEET WITH UTICA SCHOOL

Utica High school meets Newark High school in a track meet and baseball game on the White Athletic Field next Saturday afternoon. Utica has a splendid sprinter, and they seem to be especially strong in the high jump, broad jump, the weight events, and distance runs.

Some of the local stars are Clarence Young, Dale Warner, Fred Jones, Geo. Moyer, and Frank Sims. There are many others who will give a good account of themselves by day of the meet and undoubtedly many records will be broken.

The order of events and entries for Newark are as follows:

1. 100-yd. dash—Warner, Jones, McKirich.
2. Hamm throw—Young, Biebrich, Philker.
3. 50-yd. run—Young, Emmons, Andrews.
4. 220-yd. dash—Warner, McKirich, Philker.

# HERZOG'S REDS PROMISE WELL FOR THE SEASON

CINCINNATI MANAGER BELIEVES  
CLUB CAN STAND SIX  
MONTHS GRUDDING

"Weak" Pitching Staff Develops Into  
Consistent Winning Combination  
and Fans are Happy.

Cincinnati, April 29, 1915.—Got 'em, guessing again, Mr. Herzog. Last season, when the Reds were going so well at the start, everybody was tossing posies at Manager Herzog and the Reds. But Buck only smiled grimly, for he realized that he was riding his team beyond its speed—that the stuff wasn't there for a long race; and so it proved. This season, however, Friend Herzog doesn't hesitate to say that the team has the goods to stand a grueling of six months; and when one considers what has been done in the short space of time that the boys have been a-field, it would appear that our old friend, Moses and Elijah, hadn't much on the Red leader as a prophet. Fortified in the matter of utility men; stronger in the box than was anticipated, and provided with three of the classiest backstops in base ball today, the Reds will continue to go through the season as one of the National League's greatest trouble-makers. They may not finish as high as they are now—but it's an even bet that there will be four teams lower in the race than they at the finish.

Let's take a little peep at the supposedly weak pitching staff and see how it has performed so far this season. Rube Benton, with good conduct medals struck all over him, has performed wonderfully in three games; Red Ames, after his bad start in the inaugural, has shown that same careful efficiency that made him so valuable last season; Douglas and Schneider, while a trifle wild, have shown advance form over last season. Lear, who worked but little last year, has shown remarkable form in his two games so far, and will be worked regularly. Brown and Dale, newcomers, have delivered brand of goods that makes them fixtures with the team, while much is expected of Fred Toney, the tall Southerner, just purchased from Louisville. Thus does another reported hoodoo flee.

With the Federal League bug-a-boo smashed to smithereens and the players of the big leagues again listening to the cheers of the fans instead of the merry chink of the outlaw's gold, these United States are seeing a better brand of baseball this season than last, and incidentally there is a better attendance and more enthusiasm on the part of the fans. Last season, knowing that the players' minds were not so much on their work as on the prospect of securing a fat offer to jump, the followers of the game became listless. With this menace to good baseball removed, the lovers of the game are coming out again in their old numbers. This has been evidenced in the opening and Sunday games played here so far, and will be further proven in the future. The fans want to see games in which the undivided attraction of the players is on the contest; and that's what they are getting these days.

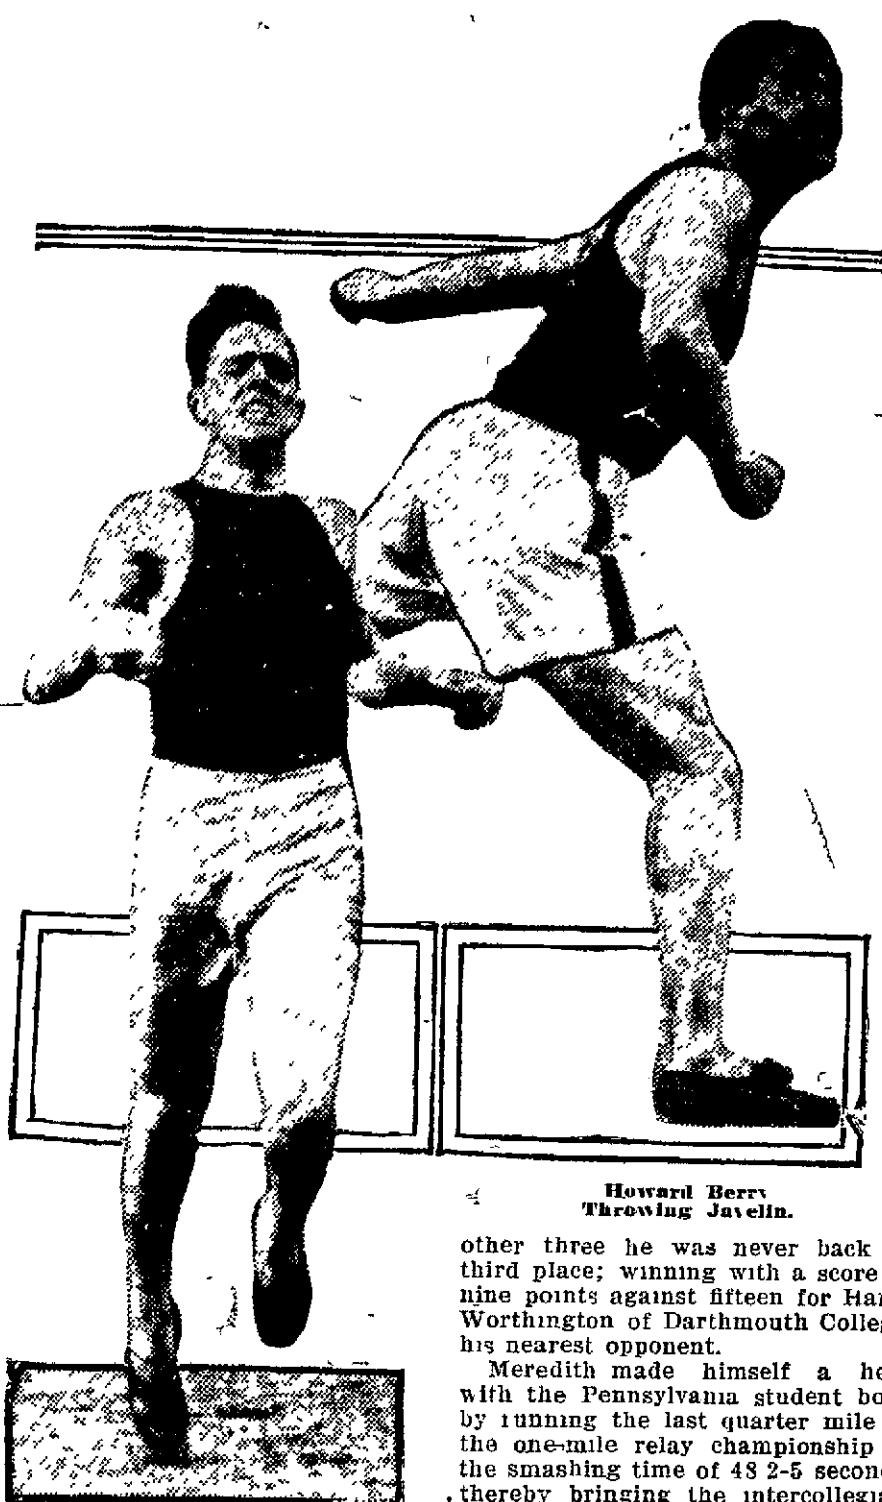

Seems to be a good chance for lovers of the merry game of pugilism in this country to see just how Willard put it all over Jack Johnson at Havana. Efforts now are being made to have the National League, forbidding the showing of moving pictures of prizefights, declared unconstitutional, with good prospects of success. That law was passed in pique over the results of the Johnson-Jeffries fight, as it was not thought good policy to allow the public to see a white man bested by a negro. There being no objection to a reversal of this order, as in the Willard-Johnson fight, and because there are many films shown that are much more harmful than fight pictures, and it is believed that the effort to have the Willard-Johnson pictures go on tour will be successful.

Excellent progress is being made in the formation of a company to build a \$500,000 automobile speedway near Cincinnati. Leading business men of this city have interested themselves in the enterprise, making it a quasi-municipal affair in which only men of the highest business standing will be allowed to participate. The new track will be two and one-half miles in length, and will be identified with a Middle West circuit in which Indianapolis, Chicago, Minneapolis and Detroit also will be represented. It is proposed to hold races this fall, and to inaugurate the regular circuit events in the spring. Aeroplanes, exhibitions, athletic meets, pole matches and other outdoor pastimes also will be held at the track.

It is reported from Lexington, Ky., where the spring racing opened the latter part of last week, that there are more and better horses at the track than ever before. This is due partly to the fact that practically all the big eastern stables have sent their stars to Kentucky for the early racing, and partly to the fact that more attention has been given to breeding in the past two or three years than for a long time previous, thereby bringing out a larger and better class of youngsters than heretofore. A new rule of the Kentucky Racing Commission whose operation will be watched with interest is that making it compulsory for all Kentucky tracks to put on one race for maidens daily. This may exhaust the supply of maidens long before the season is over, but will act as a spur to every breeder to produce something that has at least one chance of winning during the season.

## Two College Athletes Join Galaxy of Stars.

Howard Berry  
Throwing Javelin.

Ted Meredith  
Finishing in One Mile Relay.

When the result of the fifteenth annual relay races of the University of Pennsylvania, which were run off at Franklin Field, Philadelphia, were tabulated it was found that the chief honors of the meet were won by Howard Berry and Ted Meredith, two Penn students. Against college athletes from practically every state in the Union these two youths showed the most brilliant performances at their respective specialties ever shown at a Penn relay meet.

Berry, who has never shone as an athlete before, won his spurs in the pentathlon, which is an all around contest of five events—a 200 metre run, a discus throw, a javelin throw, a running broad jump, and a 1,500 metre run. Of the five events Berry triumphed in two, the javelin in which he is shown here in action, and the 1,500 metre run, and in the

other three he was never back of third place; winning with a score of nine points against fifteen for Harry Worthington of Dartmouth College, his nearest opponent.

Meredith made himself a hero with the Pennsylvania student body by running the last quarter mile of the one-mile relay championship in the smashing time of 43 2-5 seconds, thereby bringing the intercollegiate championship and a new world's record of 3:18 to the Quaker college. The Olympic half mile flier started on practically even terms with Bill Bingham of Harvard, and after a terrific duel of speed and strength, beat the Crimson's fastest middle distance runner to the tape by six yards. This performance of Meredith, incidentally, puts at rest the rumors that Meredith has not been taking good care of himself and is not the runner that he was when he won his Olympic honors at Stockholm in 1912.

The pentathlon event, in which Berry won fame for himself, was the first of this kind that has ever been contested by American college athletes and it has proved so popular with both the athletes and spectators that it is a foregone conclusion that the pentathlon will be sanctioned as a regular championship contest by the intercollegiate A. A. A. next year.

## Decatur of Three-I League, Only City In Country To Offer Fans Free Baseball

Decatur, Ills., April 29.—As the opening day is a league holiday on which the gate receipts are pooled, an admission charge has been made for the Three I opening game today, but tomorrow Decatur becomes the only league town in the country with free baseball. About \$8,500 has been given by enthusiasts and business men and this with other sources of revenues, is expected to support the team for the season. Decatur had Peoria for its opponent today.

## WREATH LANDS THREE PLAYERS IN COLUMBUS

Manager Paul B. Wreath's trip to Columbus Wednesday afternoon was not without results. He landed three men, among whom was John Butler, former Brooklyn National catcher, who will be depended upon to train the young pitchers who will join the local club. Butler has been with the Columbus club this spring training the young pitchers. He has plenty of knowledge of baseball, and in him, Wreath believes he has a valuable man, one who will get the best out of the pitchers.

Albert Deitsch a catcher living in Columbus was also signed. He is not a stranger here. He played with Marion here in the last Ohio State league season experienced by Newark. Later he was with Ironton and has had much experience in baseball. Samuel Sher, a southpaw pitcher from Columbus, who has had semi-professional and league experience signed a Newark contract. He was with Milwaukee last season and was farmed to the Twin Cities club in the Wisconsin-Illinois league. He had offers from the Central and Virginia leagues but had a desire to play nearer home.

## EXTRA CARS FOR SUNDAY'S GAME ARE PROMISED

Manager Wreath of the Newark club has secured the promise of extra car service Sunday for the opening of the exhibition season here. The Newark team plays Roy Montgomery's fast independent team from Zanesville and like all Newark-Zanesville games this contest is arousing the interest of the fans.

Besides marking Newark's re-entry into organized baseball, it is the game which will give the fans an opportunity to give the players signed by Wreath the "once over." Of course the players are here only for tryouts and all will have to show ability to hold their jobs.

Ground Keeper Lake and a force of carpenters have been hard at work this week putting the playing field and stands into shape and word comes from the park that the grounds will be in splendid condition.

## GREAT INTEREST IN CONTEST FOR CLUB NICKNAME

Local fans are taking great interest in the Advocate's contest for a club nickname for the Newark team. Every mail brings a large number of answers and these show that fans here are interested in selecting an interesting cognomen for the Wreath bunch of ball tossers.

Answering a number of questions which have been asked it may be said that only one answer will be considered from any individual. Boys, girls, men and women are eligible. Answers received indicate that the women are as interested as the men, and that they have grasped the idea sought to be conveyed in the Advocate's offer.

The nickname proposed may have local significance, it may signify some relation to the name of the manager, or any other significance which the contestant thinks would be appropriate.

It must be remembered that one has as good a chance to win as the other. The judges will not know the name of any contestant.

The name and address of the contestant should be written on the top line in the coupon and the nickname suggested should be written in the space below. Nothing should be put in the space after the abbreviation "No." This space is reserved for the sport writer to write duplicate numbers on each coupon. Then the name will be cut off and only the suggestion will go to the judges. This suggestion will bear the same number which is opposite the name of the contestant and the award will be made by number.

The answers may be sent to this office by mail or otherwise, but they must be directed to the sport editor to make certain that they find their way to the right department.

Send in an answer today. Yours may make a hit with the judges. No one but those connected with this paper are barred from competition. The Advocate has selected some of the judges who will pick the winners out their names will not be announced until the close of the contest as it is desired that the judges shall receive no suggestion from contestants as to answers submitted.

## COURT ORDERS SALE OF FEDERAL CLUB AT AUCTION

Indianapolis, Ind., April 29.—The receiver for the Indianapolis Federal league baseball club has been ordered by the superior court to sell the property of the club to the highest and best bidder. An appraisement filed yesterday by the receiver fixes the value of the property at \$15,296.70. The lease and buildings on the ball park are appraised at \$15,000.

## THREE PLAYERS FOR ZACH WHEAT WAS THE REPORT

New York, April 29.—A big deal was completed here yesterday between the New York and Brooklyn Nationals by which Zach Wheat, the crack left fielder of the Brooklyn, and regarded by many as the star outfielder of the National league, will come to the Giants.

In exchange for Wheat Manager McGraw of New York has turned over Outfielders John Murray and Dave Robertson, together with Pitcher W. D. (Polly) Peritt, to the Brooklyn. Peritt is the former St. Louis National pitcher who jumped to the Pittsburgh Federals last winter, but was persuaded to jump back to the Giants. He has lost all three games in which he started this season, being knocked out of the box in three innings in each of his last two games.

The New York Nationals, in further cutting down its roster, has released Pitcher Kinnayer to Decatur, Pitcher Press to Jersey City and Infielder Reed to Troy.

## OLD NEWARK BOY NEARLY EQUALS WORLD'S RECORD

Maynard White, son of Mr. and Mrs. Clarence H. White formerly of this city, while spending last week at Providence, R. I., as the guest of Brown University where he has a scholarship, took part in some athletic events there last Saturday, and in one sprinted the 100 yards in 10 seconds flat. This is remarkable for a lad still in his teens, as it is within a small fraction of a second above the world's record for the distance.

Ann Arbor, Mich., April 29.—The University of Michigan and Western Normal College of Kalamazoo played a 10-inning, scoreless tie game here yesterday afternoon. Thirty strikeouts were mainly responsible for the lack of run-getting. Sisler, Michigan's star left-hander, fanned 12 men in five innings and Ferguson struck out six in a like number. Koob, the Normal hurler, fanned 12. Sisler, who went to left field when relieved by Ferguson, made Michigan's two hits, both singles, while Hyames, the Normal shortstop, beat out a hunt in the ninth inning for the Kalamazoo team's only safety. Score.

## "BUZZ" WETZEL NEW MANAGER FOR MARION

Marion, O., April 29.—Owner Van Horn of the Marion, Buckeye league club, closed a contract yesterday with "Buzz" Wetzel of Columbus to act as manager of the Diggers for the season. Wetzel is a former Ohio State and Central league player and is well known to Newark fans. He managed the Charleston, W. V. club of the State league winning pennants both years. He is a good hitter batting .270 last season. He is an infielder. Marion players will begin reporting May 3.

## NEW QUINTET LEAGUE IS ORGANIZED; WILL START SEASON SOON

Local quintet enthusiasts have organized two quintet leagues of 10 clubs each and arrangements are being made to draft a schedule. Local business houses have been asked to grant the privilege of using the firm names as names of the teams. This is calculated to arouse more local interest.

## Season Ticket for Fan Who Gives Best Name for Newark Ball Club

Manager Wreath wants a name for his Newark team in the Buckeye league. The Advocate is going to ask the fans of the city to make the selection. Just pick what you think would make the best nick name for the new club, and send it in a letter to the sporting editor of the Advocate. The winner will be given a season ticket to all games in Newark by the Advocate.

The Cleveland Americans are known as the Indians, the New York Nationals as the Giants, the Boston

## BUY MADE IN U.S.A. PRODUCTS

A love for beauty, order, neatness and good health ought to persuade a man to clean up his yard. Clean-up day May 4.

Owing to the dilatory tardiness of their mothers in mending their stockings many of the girls have so far been unable to observe Low Shoe Day yet.

The scientific agriculture bulletins are regarded highly by the farmers unless they are so bold as to conflict with the instruction they received from their fathers.

It is pretty hard to collect any money to feed the deserving poor at this time when it has become absolutely essential to lay in gasoline and tires.

With strict economy a boy can worry along through the large Eastern colleges on about the sum that it takes to support a minister with a wife and five children.

There is still a hot discussion about the value of the United States navy, but it is a mighty convenient thing to have a war ship in the harbor when the girls are going to give a dance.

The principal danger on the water this year is not the German submarines, but the fellow who thinks he knows how to sail a boat. This paragraph is printed for the benefit of visitors to Buckeye Lake.

It is claimed that it is now too late to observe the centenary of trousers by ordering a new pair, as these garments came in in 1812, but some of us are still observing the occasion by wearing those they bought in 1912.

New York City's debt has risen from \$341,000,000 in 1898 to over \$1,000,000,000 last year. Hereafter the city is to pay cash for non-productive investments. It's time to stop and look and listen. The new plan means higher taxes now but a lower rate in the future.

## One Result of War.

Two German concerns have purchased sites at Elizabeth, N. J., for the purpose of erecting manufacturing plants. One will produce chemicals and the other aniline dyes, the former starting in with 600 employees. Both companies have been driven to this venture by the war.

These are items related to the European conflict of importance to the United States, says the Pittsburgh Gazette-Times, which adds:

Some people have the impression that, owing to the enormous demand for men and war materials in the various belligerent countries, all private enterprise is at a standstill. This is far from being the case. No nation could long maintain a war footing were it not that meanwhile, as far as is practicable, ordinary industrial and agricultural activities are prosecuted with due vigor. It is necessary also, wherever possible, to continue exporting in special lines or surplus commodities, so that a people may not be compelled entirely to support themselves. Manufacturing capital, moreover, if the lanes of the sea be closed to it, will inevitably seek an outlet through the establishment of factories in foreign lands in which there is reasonable promise of a return on the investment and of operations under peaceful conditions. The German enterprises spoken of have a double significance. They

## Medium-Sized Man.

(Popular Mechanics Magazine.)

We are all inclined to look up to the physically big man, not only literally, but the way is always a certain presumption in his favor that he must be correspondingly strong mentally. People make room for him; they attach more importance usually to what he says than to the same words uttered by an undersized man. We unconsciously picture in our minds the bayonet charge and storming of the trenches as the work of large men. The boy dreams of hav-

## 168,200 tons of Steel for the "Pennsylvania"

The Pennsylvania Railroad Company has asked for proposals on millions of dollars of steel and will follow the theory of helping the other fellow first, that they may help themselves. That applies to your case, too — don't put off buying "just because." It hurts.

## Buy-It-Now

This is the time of all times for the U. S. A. to make vast strides. Let's all get busy.

## Spirit of the Press

## Little David.

An esteemed but perhaps inadvertent contemporary with a taste for biblical comparisons tells how "the black Goliath went down before the white David" in the recent cultural affair at Havana. Turning to statistics, one finds that the White Hope who revised the map of Africa stands 6½ feet, and weighed 245 pounds in his birthday suit. Some David!—Milwaukee Sentinel.

## Good Time For Painting.

Much has been said about the fact that this is an especially favorable time for constructing buildings because of the supply of labor available and current rates for materials. It is an equally favorable time for painting. By having such work done now that must be done soon anyway, a considerable saving may be effected and at the same time employment given those who need it.—Zanesville Signal.

## "Clean-up" Week.

The unusual April warmth emphasizes the necessity of cleaning up, the special business of the week. It would have been well if the cleaning had been done before and all the breeding places had been destroyed. Swatting the fly is a good summer business, but a process that is a good deal more economical of effort and more certain of result is the destruction of the manure piles and other places where the fly breeds. That can be done at any time as early as February.—Columbus Dispatch.

## Nobody.

"Spring Flowers Bloom in Midst of War's Ruins," says an afternoon headliner. That's altogether likely. And yet, who would blame the four o'clocks if they refused to open, the Johnny-jump-ups if they ran to cover the bleeding hearts if they shriveled and died, and the yellow asters if they turned white in alarm, the hellebores if they tolled, the roses if they blushed with shame, the foxgloves if they folded up, the forget-me-nots if they lost their memory, and the snowballs if they melted in tears?—Pittsburg Gazette Times.

## The Historical Background.

A war in America would not have a certain glamour for Europeans, that a war in Europe has for Americans. A great battle at Humaneville, or Podunk or Dobbs Ferry would have no traditional interest compared to battles around Verdun, or for Strassburg, or in Poland. Think of Verdun, a place of French and German battling with modern guns; and of Verdun, the place where was first marked off by treaty the beginnings of French and German national or racial lines.

The lack of a great deal of such traditional interest is happy enough. Thank heaven it is not with us. But the historical background across the water helps the war news greatly.—Kansas City Star.

## Good Advice.

Gen. Huerta will not be invited to the White House, and presumably he has enough sense not to risk seeking an opportunity to call. If he is well-advised he will stick to the Great White Way and steer clear of the Great White House.—New York World.

## Two High Spots.

Shortly after the Fourth of July the old Liberty bell will be placed aboard a flat car and started on its long journey to San Francisco. The bell and the canal, which the exposition typifies, are two high spots in Uncle Sam's life.—Detroit News.

## Speed the Parting Guest.

Oh, look who's here! Mr. Prosperity? Certainly Mr. Shakespeare was right, and Mr. Adversity does have some sweet uses. He has his good points. Nobody ever was worth much who did not get visits from Mr. Adversity.

All the same, now that Mr. Prosperity has come—Here's your hat, Mr. Adversity; what's your hurry?—Kansas City Star.

## Don'ts For Novelists.

Don't make your heroine "drop her eyes." The public has grown tired of that trick. Don't make your hero "heave a sigh." It is more modern to make him heave a brick. Don't say the heroine "swept him with her eyes." All modern homes have vacuum sweepers nowadays.—Indianapolis Star.

Necessity may be the mother of invention but she hasn't made good on the carpet beating proposition.—Zanesville Times Recorder.

As the days go by it is becoming increasingly certain that Italy either will or will not enter the war.—Chicago Herald.

The long range weather forecast says warmer, followed by cooler. Sooner or later it usually happens that way.—Pittsburg Dispatch.

This is the season of the year when a man would like to intern his wife with his mother-in-law, and slip away for a few days' fishing.—Boston Globe.

Chicago's new Mayor was inaugurated Monday with a "prosperity parade." The fact cannot be too widely recognized and advertised that good times are marching on.—New York World.

A possible solution of the Mexican muddle is to have all the presidents intern in turn.—Boston Globe.

A man was expelled from a St. Louis theatre because he wore a grey flannel shirt. Westward the star of culture takes its way.—Pittsburg Dispatch.

"Kiss a modern girl and get painter's colic," is one from Rev. Billy Sunday. But probably Billy didn't always feel that way.—Cleveland Leader.

## THE SUN.

The sun is a success, though, sometimes, we confess, it shines so long with rays so strong, it fills us with distress. Up in its vault of blue, it shines on me and you, and breeds the flies, and roasts and fries, till in our fat we stew. Beneath a sun-cooked sky, the crops go all awry; the peas and beans, the corn and greens, turn up their toes and die. Earth's surface cracks and shrinks, dry are the wells and sinks, and cattle howl and caterwaul for cool refreshing drinks. Ah, then, with anguished eyes, we view the sizzling skies, and cry, "Old Sol, you've cooked us all, the whole world lukes and fries." We murmur and repine, and say, "It would be fine, if that blamed sun would just get done, and let some other shine!" But when the sun's concealed, behind a cloudy shield, and sends no ray, day after day, to light the golden field, how sad and gloomy then are all the sons of men! "We'd give four bones," all mankind groans, "to see the sun again!" The Spring is one of clouds, so gloom the land enshrouds, and grief is rife in every life, and wrath inspires the crowds.

 The reason why a woman knows that her hat is right in style this year is because it looks like something that the garbage man refused to carry away.

It isn't always love that makes a woman cap — a woman wart hog for

## DYSPEPSIA OVERCOME

Tone Up the Stomach With Hood's Sarsaparilla.

When you have dyspepsia your life is miserable. You have a bad taste in your mouth, a tenderness at the pit of your stomach, a feeling of fullness, headache, heartburn, and sometimes nausea.

Dyspepsia is difficult digestion—that is what the word means—and the only way to get rid of it is to give vigor and tone to the stomach and the whole digestive system. Hood's Sarsaparilla, sold by all druggists, is the one medicine which acts on the stomach through the blood and also directly. Its beneficial effects are felt at once. Improvement begins immediately.

Hood's Sarsaparilla purifies the blood, makes the rich red blood that is needed for perfect digestion, and builds up the whole system. No other medicine can take its place.

BRITISH FORCES LANDED ON EUROPEAN, FRENCH ON THE ASIATIC COAST.

Bombardment of Dardanelles resumed—40,000 Turks Occupy Gallipoli Which British Besiege.

Constantinople, April 27.—Via Amsterdam, April 29, and London, April 29.—There has been given out here an official announcement bearing on the fighting at the Dardanelles which reads:

"Sighi Dere, to the west of Seddul Bahr, has been cleared of the enemy. The enemy, who landed near Kaba Tepeh endeavored to maintain their positions under cover of their ships, but early in the morning our troops stormed these positions and forced the enemy back along the whole front inflicting severe losses on them.

"Part of the enemy fled in the direction of the sea and taking to their boats disappeared. Those unable to escape, raised the white flag and surrendered in masses.

"A transport of the enemy was sunk off Aviburun on the west coast of peninsula of Gallipoli.

"Later reports declare that hostile forces, estimated at four brigades, have been driven into the sea on the coast of Kaba Tepeh."

## Next Tuesday, May 4th, Newark Clean-Up Day

Next Tuesday, May 4th, has been designated as Clean-up and Paint-up day for Newark. Practically everybody is now at work in anticipation of this occasion. The town can not be cleaned in a day. As the wagons removing the trash will start to work May 5, the clean-up of premises should start now. No trash is to be placed in the street before May 4th. There are some lots and spots about town that will be overlooked. Some vacant property may be neglected. It has been suggested that the attention of the Associated Charities, (Auto phone 4311) be called to these places.

Fire Chief Bausch has ordered an inspection of all cellars in the business district. Every merchant is requested to remove debris from the cellar and back yards. Correct defective wiring, remove rubber hose gas connection and swinging gas brackets. A general clean-up will be of invaluable benefit to Newark. Let everybody lend a hand.

## BOATHOUSE

AT BUCKEYE LAKE PARK MUST BE REMOVED BY DANIEL COFFMAN

In the case of Daniel Coffman vs. Will D. Harris, et al., the court of appeals has handed down its decision in a lengthy statement, the substance of which is that the court finds that the plaintiff brought suit to enjoin the defendants from taking possession of the boat house stands. It also finds that 13 years ago Harry B. Arnold built and constructed the boat house in question, and used and occupied the same for many years, that Coffman through purchase, became the owner of the boat house and became in possession of same.

The court after reviewing the evidence states that it is of the opinion that there was no valid lease to Daniel Coffman from the owner of the said premises upon which the boat house stands. It also finds that 13 years ago Harry B. Arnold built and constructed the boat house in question, and used and occupied the same for many years, that Coffman through purchase, became the owner of the boat house and became in possession of same.

The court is of the opinion that in law and equity Daniel Coffman is now the owner of the said boat house, but that he has no right, title or interest in or to the real estate upon which the said boat house stands. The court adjudges and decrees that Daniel Coffman is the owner of the said boat house and that he be given a reasonable time in which to remove it from the premises on which it is located.

The Dramatic In Life.

The undying interest which is taken in the theater is explained by the very profound line with which Shakespeare began a very silly speech, "All the world's a stage." People, as a rule, take no interest in anything that is not dramatically or, as in the case of politics, melodramatically formulated. Any creed to be popular must be dramatically stated. Therefore the gospels are preferred to the epistles. Aesop's fables are remembered because they are the truth about things stated dramatically and memorably.—George Bernard Shaw.

## Obituary

Charles A. Smith, 65 years old, well known paperhanger and painter, died Wednesday evening at 7:30 o'clock at the City Hospital following a short illness of acute indigestion. It is thought the malady may have been caused by painters' colic. He was taken seriously ill Wednesday night and his condition was such that it was deemed advisable to remove him promptly to the hospital and Criss Brothers' ambulance was called for that purpose. Though everything was done for him, his death followed March 4, 1850 and lived there during his early youth. He has been a resident of Newark a quarter of a century.

Besides his widow he leaves one son, J. B. Smith, two sisters, Mrs. Kate Burch of Columbus and Mrs. Ella White of Hebron.

The body was taken to Hebron today where funeral services will be conducted Friday afternoon at 2 o'clock. Burial in the Hebron cemetery.

G. Ross Korne.

It will be news to the many friends of G. Ross Korne to learn that he died in Columbus about two weeks ago.

Mr. Korne was a former resident of this city and for the past ten years has been engaged in newspaper contest work, principally through the south and southwest. For the last three years he had worked through New England cities.

Mr. Korne had associated with him for six or seven years Mr. Charles Weaver of this city, a son of Mrs. W. F. Hull of West Main street, and these gentlemen operated one of the largest contest bureaus in the country, and directed contest on papers with a national reputation. Some six months ago Mr. Korne suffered a nervous breakdown and since that time his decline was very rapid. His funeral occurred in Columbus and interment was made in that city, where he resided with his wife. He is also survived by a sister, Mrs. S. S. Orr of Columbia street, this city.

Mrs. Matilda Armstrong Hull, widow of the late Abraham T. Hull, who made her home for a number of years with her daughter, Mrs. George Kimball in Elmwood avenue, died Thursday morning after suffering for an extended period with a complication of ailments. Mrs. Hull was born in May, 1838, and is consequently 77 years of age. She is survived by two children, W. F. Hull of West Main street and Mrs. George Kimball, from whose home the funeral will be held. The arrangements not having yet been made.

— Gone But Not Forgotten.

In loving remembrance of our dear husband and father, Roy F. Bowers, who died April 28, 1914.

Wife and Children.

Many Yale students and other New Haven citizens rushed to the new Yale hotel because they thought the wooden parts of the interior of the hotel were in flames. The scare was caused by a fire nearby. The flames were reflected from the white slopes of the hotel itself in such a way that it looked as if the hotel itself was afire.

## The Co-operative Tire

Goodyear has always built co-operative tires. Every saving has gone to the user. The more men bought the better we built them, and the lower we sold them.

That is why Goodyear has held top place, outselling any other tire.

### 3 Reductions

Note that in two years we made three big price reductions. The last—on February 1st—brought the total to 45 per cent.

Yet in costly ways these tires have been bettered. In not one iota were they ever skimmed.

Our Fortified Tire is still "On-Air" cured to save blow-outs. Yet that one extra cost us \$450,000 yearly.

It still has our No-Rim-Cut feature. It has in each base 126 braided piano

wires to make the tire secure. It embodies hundreds of rubber rivets, formed to combat loose treads.

Our All-Weather tread is still double-thick. It still has the sharp, tough, resistless grips.

Those extras—all exclusive to Goodyear—are all retained, despite our price reductions. And we still spend \$100,000 yearly to discover new ways to better them.

### Your Ally

In all these ways, Goodyear is your ally. You do injustice to yourself when you fail to secure this advantage. Never in tire history was such value given as you get in Goodyear tires today.

No smaller makers can ever give so much. Any dealer will supply you. [227]

## NEW BUILDINGS

### MEDICAL SCHOOL

### DEDICATED TODAY

(Associated Press Telegram)  
St. Louis, April 29.—The new buildings of the medical school of Washington university were dedicated with an elaborate program here today. The three large buildings which contain laboratories, dispensaries, lecture rooms and libraries, cost \$1,200,000, and with the new Barnes hospital, the St. Louis Children's hospital and St. Johns hospital form one of the largest groups of buildings in the world devoted to medical and surgical purposes.

## Gambetta Heroes

### Buried With Full

### Attendant Honors

(Associated Press Telegram)  
Rome, April 28, via Paris, April 29.—The bodies of fifty-six men who lost their lives when the French cruiser Leon Gambetta was torpedoed by an Austrian submarine in the Strait of Otranto, were buried with full naval honors at Santa Maria Leuca this afternoon. The funeral was arranged by the officers of Italian torpedo boat destroyers. Residents of the neighborhood joined the Italian sailors in attending the services at the cemetery.

## ITALY

SEEMS TO BE PLAYING BOTH ENDS AGAINST THE MIDDLE IN HER POLICY

Negotiations Carried On With The Allies and Germany and Austria At the Same Time.

(Associated Press Telegram)  
Rome, April 28.—Via Paris, April 29.—Italy is continuing negotiations with the powers arrayed on both sides in the war. The diplomatic interchanges with the allies are designed definitely to clear the atmosphere with regard to what Italy would obtain should she enter the war on the side of the triple entente. The conversations with the Central empires seem to aim chiefly at convincing Vienna and Berlin that this country is determined to remain steadfast in her demands.

It is said to have been pointed out to Germany and Austria that the Italian program has not been framed by the present cabinet which might be changed with a change in government, but is based upon the unanimous and insistent demands of the country to which the cabinet must submit or be removed from office. Foreign Minister Sonnino is credited with the ability to hammer home as forcefully as any other man in the country Italy's determination to insist upon realizing her territorial aspirations. He is said to have resisted obstinately the diplomatic efforts of Prince von Buelow, the German ambassador, while insisting that Trent and Trieste are Italian by race and history and must be returned to Italy.

Prince von Buelow still is striving to induce Austria to make concessions and prevent Italy from becoming one of the belligerents. A member of the government on the other hand, when asked whether any agreement had been reached with the Central empires, made the significant reply: "Nothing has been done and nothing will be done."  
Deputy Brazili, a native of Trieste, who has been elected to the chamber from Rome for the last 25 years, speaking of the patriotic event at Quarto Sant' Elena on May 5, when a movement will be unveiled in memory of Garibaldi, volunteers in the presence of the king and veterans of the war of independence, said: "This event will be an official declaration of war against Austria; it will be a challenge of the Latin to the German world."

## Missions, a "Work of Faith Which is Done On Faith"

(Associated Press Telegram)  
Louisville, Ky., April 29.—Work of the foreign mission board of the Presbyterian church for the last year was described as a "work of faith done on faith," by Rev. A. Woodruff Halsey, secretary of that body, in an address last night before the women's board of foreign missions of the Presbyterian church, in forty-fifth annual session here. The present meeting is the first ever held in the south.  
At the beginning of the fiscal year, Dr. Halsey said, the board faced a deficit of \$292,000. The world war, he said, had added to their difficulties, but "in the most trying period in fifty years we raised \$2,287,000; \$30,000 more than our budget called for."

## JACKSONTOWN

The exhibit given by the schools of the township on Friday at the High school building was very interesting to the many people who visited the building during the day. The upstairs rooms were filled with manuscripts, paintings, fancy work, woodcraft, samples of culinary art, seeds, grains, relics, and cut-work. An interesting program was given by the pupils of the township and much credit must be given to the teachers who helped make the exhibit a success.

## FIRE DESTROYS BRIDGE; DEE HAS NARROW ESCAPE

William Dee, formerly of this city, representing a well known Chicago packing house, had a narrow escape from death yesterday afternoon when the Belle Isle bridge connecting Belle Isle and Detroit, at East Grand Boulevard and Jefferson avenue, was destroyed by fire. Shortly after the outbreak of the fire, the entire center of the bridge collapsed and fell into the river. Mr. Dee was under the bridge in a canoe and falling timbers hit the boat and sank it, the occupant swimming to shore, reaching there in an exhausted condition.

The fire is said to have caught from a tar wagon crossing the bridge. A city engineer estimated the total damage at \$250,000 and said the bridge, the only one which connects Detroit and Belle Isle, will have to be entirely rebuilt. It is three miles from the center of the city.

## URGE HOTEL MAN TO ENTER RACE FOR MAYORALTY

Chief of Police Herbert of Toledo has been given an \$850 diamond badge by friends. Sherman Bond, proprietor of the Boody House, well known to local traveling men and hotel men, made the presentation speech. Mr. Bond is an orator of rare ability and can make an excellent speech just as well as he can run an excellent hotel. It is said his friends are urging his candidacy for the mayoralty of the Maumee City. Should Mr. Bond decide to comply with their solicitations he would probably make a runaway race of it as he is one of the most popular men in Toledo.

## WHAT TO DO FOR ITCHING SKINS

Eczema, ringworm and other itching, burning skin eruptions are so easily made worse by improper treatment that one has to be very careful. There is one method, however, that you need not hesitate to use, even on a baby's tender skin—that is, the Resinol treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of Resinol ointment and Resinol soap. This proved so remarkably successful that thousands of other physicians have been prescribing it constantly for 20 years.

Resinol stops itching instantly, and almost always heals the eruption quickly and at little cost. Resinol ointment and Resinol soap can be bought at any drugist's.

## CLEAR BLOTCHY SKIN

Try Resinol soap for a week. You will be surprised to see how it clears and freshens your complexion, even in that short time. Used for the shampoo, it removes dandruff and keeps the hair live, rich and lustrous. This is because it contains the soothing, healing Resinol medication.

## LANDSCAPE GARDENER IS NOW AT WORK

Adolph Camp, Columbus landscape gardener, started a gang of men to work Wednesday morning in the court house park, laying out the beds for shrubbery which will be planted in accordance with the plans agreed upon by the city council and county commissioners.

Elaborate plans for the improvement have been drawn and when the work is completed within the next ten days, the park will present an entirely different appearance.

Twelve large beds of shrubbery, occupying the corners made by the walks surrounding the park and those leading to the court house, will be arranged in symmetrical design.

The spaces around the county building itself will be planted with flowering shrubs.

Arrangements have been made with a local implement dealer to apply a liberal coating of lime to the lawn. The dealer agreed to use a lime spreader without charge, if the city would furnish the lime. The demonstration of the machine will be of interest to the agricultural men of the county. This demonstration will take place Saturday.

The entire lawn will be fertilized and in places where the grass has been killed, a mixture of blue grass, timothy and white clover will be sown.

All the plants set out in the various beds, will be heavily mulched for the summer, with a view of protecting the roots from the hot sun. The same practice this fall will protect the roots from frost this winter, leaving the plants in good shape for the following spring.

All the plants and shrubs to be used are of the largest and healthiest to be obtained and will be taken from the ground at the nursery in Philadelphia and shipped direct to Newark. They will be in full leaf which will make it possible to have a beautiful park this summer, without waiting for the plants to attain their full growth which would be necessary if smaller plants were purchased.

Among the plants to be utilized in the improvement are the following: Japanese Barberry, Bridal Wreaths, Golden Bell, Privet, Hydrangea, Syringa, Snowball, Bush Honeysuckle, Mock Orange, Elderberry, Barberry, Dogwood, Washington Thorn, Rose of Sharon, Japanese Rose and Boston Ivy.

## TO MAKE FIRST APPEARANCE IN THE AFFINITIES

Miss Ruth Blair, the typical and most beautiful American girl, will make her first appearance in "Affinities," a comedy drama written by Charles U. Reed, an Upper Sandusky, O., newspaper reporter. Miss Blair was selected from thousands of applicants. The Moving Picture World says: "When it was decided to get the typical American girl the requirements demanded were that she be beautiful, have ability as an actress and screen well. Of over 13,000 photographs secured from all parts of the country, a selection of eight girls was made. They were called to New York for the final test. A well known artist, a famous sculptor and a studio expert made the selection. Miss Blair was immediately offered a contract for three years which she accepted. She is twenty-two years of age, is a blonde with large brown eyes and weighs one hundred and thirty-five pounds."

## IRON TRADE REVIEW.

Cleveland, O., April 29.—The Iron Trade Review today says: Favorable developments continue to dominate the iron trade. There has been decided increase in pig iron buying, including 100,000 tons quietly placed in New York, a large tonnage of basic bought by the Youngstown Sheet & Tube Co. and other consumers in the central west, and from 50,000 to 80,000 tons of various grades bought at Chicago.

War business is still responsible for a large part of the orders for machinery and during the past week the buying of machine tools by companies which have taken orders for shrapnel has been on a liberal scale.

The coke market is showing improvement and several furnace companies are in the market for their requirements.

## Readers' View Point

Roosevelt-Barnes.

Editor of The Advocate:—From the reports of the Barnes-Roosevelt libel suit at Syracuse, N. Y., it certainly doth appear that these two former friends and political bedfellows are turning "state's evidence" against each other. Or to put the same great truth in other terms each one is trying to establish his innocence by proving the other one guilty of the same tricks. Meantime, "from the heights of yonder pyramids the centuries are looking down" upon the proceedings, and all the earth are crying aloud, "O, what shall the harvest be?—O, what shall the harvest be?"

## PROSPECTS FOR PEACE IN MINERS' STRIKE STILL APPPEAR, AT CONFERENCE

Operators' Plan of Arbitration of Future Disputes Partially Accepted by Miners.

(Associated Press Telegram)  
Cleveland, O., April 29.—With one big stumbling block out of the way and another hinging upon possible action by the legislature, the third day's session of the joint scale committee of Ohio coal operators and miners opened here today with prospects of peace still rosy.

The disputed point which has been obliterated is that of a plan for arbitration of future disagreements between the two factions. Late last night the miners' leaders accepted the arbitration proposal of the operators with slight alterations and thereby smoothed out one of the main difficulties which have faced the conference.

The agreement provides that future disputes which cannot be settled in any other way, shall be referred to an arbitration board consisting of one representative from each side and one chosen from the three members of the industrial commission of Ohio, the decision of the arbitrators to be binding on both sides.

The second big moot point which is dependent upon action of the legislature is the fate of the Gallagher amendment to the Green screen coal law, now pending before the general assembly at Columbus.

The operators say there can be no settlement unless the Gallagher amendment is passed. The miners say the passage of the amendment renders a settlement impossible.

The Gallagher amendment permits operators to make contracts with miners on either a run of mine or screen basis. The present Green law makes mine-run contracts compulsory, the miners contend.

A set of rules governing possible future strikes of which the arbitration agreement is a leading feature, as adopted last night, provide among other things that no strike shall be called at any time except for failure to pay on the regular pay day without explanation and that fines may be levied on miners violating this rule or upon operators for any lock-out.

## ENGLISHMAN IS PRAYING THAT GERMANY WINS

(Associated Press Telegram)  
Berlin, (via London), April 29.—Houston Stewart Chamberlain, the English author, who has lived in Germany and Austria since 1885, has been decorated by Emperor William with the non-combatants iron cross. Since the war began there have been published in German newspapers with his consent, letters to friends in which he blamed England for beginning the conflict. One of the letters attributed to him closed with the words:

"May God protect the glorious German cause. There is no other hope for the future of mankind."

Newark, Like Every City and Town in the Union, Receives It.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Newark evidence of their merit.

Mrs. C. Gartner, 131 S. Second St., Newark, says: "About a year ago I was having trouble from my back. I couldn't sweep my house or do washing or ironing, but what I suffered severely from dull pains across my loins. I often had to sit down, leaving everything undone. Another of the family had been helped by Doan's Kidney Pills and I thought I would try them, getting a box at Evans' Drug Store. I had benefit from the first and a few more boxes made a complete cure of my case."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gartner had. Foster-Milburn Co., Props., Buffalo, N. Y.

## COMPARE PRICES

## In the Light of Firestone Extras

YOU who know, know tire values from experience; but note also the specifications in this cross section. The same relative values apply in all sizes of Firestone tires. For instance, in the 30 x 3 inch, you pay only 40 cents more for the more mileage values represented in these extras. And only a trifle more in proportion for the larger sizes.

Less material and lower grades are traps to make sales on prices. The Firestone organization, the largest in the world specializing on tires, can make and market tires and tubes at a lower cost to you, the user, than any one else in the industry.

Natty Young Man Weds Second Wealthy Widow

Widow of "Silent" Smith.

Society in New York, Washington, New York and some of the capitals of Europe will be intensely interested in the news of the sudden marriage of Jean H. E. St. Cyr, a natty young society man of twenty-eight, and Mrs. Annie Armstrong Smith, widow of "Silent" Smith, a New York broker, who was believed to have left something like \$40,000,000 when he died some years ago.

This is the second elderly and wealthy widow the young man has married. His first venture was with Mrs. Ray Redfield, widow of a Hartford, Conn., banker. She died last January of pneumonia in her apartments in the Waldorf-Astoria, New York. Mrs. Redfield was about sixty years of age and her husband about twenty-five when they were married. She left him \$1,000,000. Later he went to White Sulphur Springs, Va., and there he was seen often driving and riding with Mrs. Smith.

Mrs. St. Cyr, who is a sister to Mrs. Anthony J. Drexel, of the wealthy Philadelphia and London family, was Miss Annie M. Armstrong, a beauty of Baltimore society. She married William Rhinelander Stewart of New York, one of the heirs of the rich Rhinelander estate, in 1879, some thirty-six years ago, and thereby fixed her position in New York society.

Her daughter, Anita Stewart, in 1909 married Prince Miguel of Bra-

Various reasons are assigned for pimples and blotches. They may indicate internal disorders, due to impoverished blood, impaired digestion, unwholesome food, lack of proper hygiene, impure toilet articles, "nerves" and so on.

A little bit of accounting will, as a rule, determine the cause of the unsightly blemishes.

Dr. Hunt Discovers Method that Kills Corns by Penetration. ONLY 10c.

That old corn, that stubborn corn, that soft corn, that sore corn, the corn that will come back, you can now get rid of it once and for all, for Dr. Hunt of Sidney, Ohio, has discovered the scientific principle that makes corns go easily and painlessly.

Dr. Hunt's New Corn Cure does its work by penetration. That is Nature's own way. Goes to the very root of the corn. Corn lifts out, root, body and branch in two days.

No paring. No dangerous caustic ingredients. No liquids to dry out. No bulky pads or greasy salves. Dr. Hunt's New Corn Cure comes in ready-to-apply plaster form. Trim plaster exact size of corn and apply. More than two applications are seldom necessary for the most stubborn case. Your corn cures up at once. The soothing penetrating ingredient works without discomfort. In two days you have no corn. This is a doctor's discovery. The result of life-time study.

And a box-full costs you only ten cents. Guaranteed or money refunded. Sold by all druggists and shoe dealers. Or, send ten cents in stamps to American Chemical Company, Sidney, Ohio.

Fifty Years Ago Today.

April 29.

The United States officially removed all restrictions upon commerce (excepting articles contraband of war) in the city of Richmond and all ports and counties of Virginia.

Confederate ram Webb, last vessel under that flag in western waters, was destroyed in the Mississippi, below New Orleans, by her own crew.

Sherman's army started from Raleigh, N. C., on the march to Washington.

Twenty-five Years Ago Today.

Germany's standing army was smaller than that of France by 40,000 men. Conscription was limited to 1 per cent of the population. France had 700 more field guns than Germany.

Preparedness.

"How is plant life in Mexico?" "Mostly prickly pear, cactus and Spanish bayonet. Even the vegetation is prepared for war."—Pittsburg Post.

The Reason.

She—Why do you paint the inside of a chicken coop?

He—To keep the hens from picking the grain out of the wood.—Lehigh Burr.

Your Boys and Girls

In pointing a moral, the mother may adorn her tale with home-made jingles which the children will soon commit to memory and apply. For instance:

Because the teeth are out of sight, Forget them, not but keep them bright.

And again she will remind by saying:

Be sure and keep your teeth snow white, Or food will never taste just right.

Sometimes she will tell how to brush them by humming the jingle:

To cleanse your teeth, brush up and down, Once said a dentist of renown.

To impress these truths upon their minds she will set a good example, and when particles of food become wedged between the teeth she will use dental floss, which will nearly always serve the purpose, and the toilet tables of children should be kept supplied with this necessity, which is of quite as much importance as wash-cloth and towels.

Something in This.

Besides, if the skirts get much shorter this summer there will be no excuse for making them as thin as they were last summer.—Dallas News.

MEN'S SUITS

It Can't Be Done!

One of the best clothiers in a neighboring city recently came into our store and when he saw the kind of clothing we are selling for \$15; exclaimed:

"It Can't Be Done—I go to New York every season, and nowhere can I find manufacturers who can give me such goods to sell at \$15."

We convinced him, however, that it can be done.

Our store is part of a big organization, operating many stores, thus we are able to contract for enormous quantities of merchandise, and as we are satisfied to make only a modest profit on each suit, we can give the value we do.

# GOLD DUST

and how it actually works for you

The active principle of Gold Dust is a valuable antiseptic cleansing agent

It actually works. It gets into the little corners and crevices where fingers and washcloths can't reach.

It permeates and dissolves dirt, grease and grime everywhere and it cleans and brightens everything.

Use Gold Dust not only for washing dishes, but for washing bathtubs and bathroom fixtures, scrubbing floors, washing woodwork, cleaning and freshening linoleum and oilcloth, cleaning and brightening pots, pans and cooking utensils, giving luster to glassware—in short, for any and every cleaning and brightening purpose.

## FRENCH REPORT THAT ADVANCES STILL CONTINUE

(ASSOCIATED PRESS TELEGRAM)

Paris, April 20.—The French war office gave out a report on the progress of hostilities reading as follows:

"In Belgium we have continued to progress, in conjunction with Belgian troops, in a northerly direction. On the right bank of the Yser canal, we took 150 prisoners as well as two machine guns.

"There is nothing new on the heights of the Meuse nor in the Vesges.

"The enemy has been bombed by means of flying machines and using incendiary shells the open town of Epervan, occupied exclusively at that time by hospital detachments.

"Definite information which has come to hand sets forth that the Zeppelin airship which eight days ago threw bombs on Dunkirk, was seriously damaged by our artillery. Finding it impossible to navigate further, the machine was wrecked in the trees between Bruges and Ghent."

## COCOANUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified cocoanut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

## Granville

(Special to The Advocate)

Granville, April 20.—The nineteenth annual presentation of the famous Denison Dandy Dances was held last night in the Granville Opera House before a large and enthusiastic audience, and easily sustained the reputation enjoyed by this aggregation of college talent, through many years. The end men, "Shorty" Long and "Bob" Morris, were artists in black face and kept the audience well diverted by their amusing stories and irrepressible antics. In their bright green satin suits, with the checker-board waist coats, they certainly justified their name of "Dandies", as did their assistants, Ned Putnam, Herb Shorney, Earl Marsh, and Van Beach, in shining purple satin. Most of the jokes got across and hit the audience squarely, as was attested by the hearty applause. The work of the chorus of thirty-two men was especially to be commended, well balanced, well drilled and up to date. Without interludes, they sang in succession, "When You Were a Tulip," "The Little House Upon the Hill," "I Didn't Raise My Boy to be a Soldier," and "There's a Little Spark of Love Still Burning," in which Mr. Athey sang the solo, and Messrs. Collier, Athey, Ullman, and Nellis joined him in a perfectly balanced quartette, which was heartily recalled. Order of events in part first, each of which was accorded an encore, was: "Back to Dixie Land"—Mr. Beach. "Everybody Rag Wid Me"—Mr. Shorney. "Alabama Jubilee"—Mr. Marsh. "Dat's Harmony"—Mr. Putnam. "On My Way to New Orleans"—"Bob." "Kentucky Home"—"Shorty." Closing Chorus of four selections—Fritze Company. Part II—Olio 1: "Nobody Knows"—"Herb" Shorney and Ned Putnam. Mr. Putnam is a clever song and dance artist and his work made a hit. Olio 2:

## MR. ASHBROOK AIDS CHARITIES IN GARDEN WORK

Through the aid extended by Congressman W. A. Ashbrook, the Associated Charities of Newark will be enabled to more successfully carry on its vacant-lot gardening project. Mr. Ashbrook secured garden seed from the government. Besides the help given by Mr. Ashbrook, local seed merchants and greenhouse proprietors have assisted by giving a large quantity of seed and plants to help carry on the work.

This information is contained in the following bulletin, No. 32, issued this morning by Superintendent Wm. E. Hopkins of the Associated Charities:

"Gardening vacant lots is one form of out-of-door relief which is meeting with popular support. The chairman of the garden committee wrote our representative at Washington for a large quantity of seeds, and although the chief of the bureau ruled the request outside the usual custom, the seeds were received, together with the accompanying letter from Mr. Ashbrook:

"You will notice by the enclosed letter from the Bureau of Plant Industry, that I have been able to secure a compliance of your request for seed and that an exception is made in your case. I assure you that I am glad to favor you in this way and trust the seed will be promptly received and serve your laudable purpose.

"With kind regards, I am, 'Very respectfully, (Signed) 'Wm. A. Ashbrook.'"

"Thirty vacant lots have been donated and assigned to families. The plowing has been done by the committee in most cases, and seeds provided where needed. The chief crop will be potatoes, but a large variety of other garden products will be grown.

"Our own seed houses, grocers and greenhouses have donated quantities of seeds and plants, and other friends have given money toward the expense of the work. The committee will submit a full report later, but we wish at this time to express our appreciation of the splendid co-operation given in this branch of our work.

"We have other lines of constructive work in progress which will make for the self-support and independence of many families. We need larger funds and the continued co-operation of those who are willing to be neighbors to those in need. We can make Newark a more prosperous as well as a more beautiful city. Will you help?"

## BRITISH VICTORY STRONGLY DENIED BY GERMAN WRITER

(ASSOCIATED PRESS TELEGRAM)

Berlin, April 20.—(By Wirephoto to Sayville)—Wilhelm Scheffmann, a well known German war correspondent has sent the following report to his paper:

"When one compares the German general staff report with that of the British, there is an irreconcilable difference. In my trips along the front by Neuve Chapelle and Givency, I have traveled much of the time in territory which, according to reports and maps, published in English newspapers, is in possession of the British troops, but in reality, I did not see a single Englishman on the road, not even a prisoner.

"Since the preceding day had been very quiet, I entered upon the field of the battle at a spot which, according to British representations, was a part of the gain in the battle of Neuve Chapelle. According to British reports and maps the next village must be in British hands, but it did not look so: every house was flying the Bavarian flag, made by tearing the superfluous red stripes from the French tri-color.

"Hide grade cattle fodder is a new French product from tomato seeds. The seeds are dried in a furnace, sifted to remove woody fiber, crushed, by heated millstones, freed from oil in a hydraulic press and compressed into four-pound loaves.

## A WESTERN MAN SELECTS NEWARK FOR A LOCATION

Newark is to have a new lumber yard, which will be located on the site adjoining the railroad tracks in Clinton at Wyoming street. The new business is being promoted and managed by Raymond B. White, who has located in Newark, but whose home was formerly in Kansas City, Mo.

Mr. White is the son of a western lumberman, John E. White of Kansas City, who is extensively engaged in the manufacturing end of the lumber business. The Newark yard, however, will represent only the interests of Mr. R. B. White, who will hold the majority of the stock of the company to be incorporated and with him will be associated Mr. C. E. Shagle of Louisiana, who is at present engaged in the sawmill business. The incorporation of the new company will be made at about \$35,000, and work has been started on the Clinton street site and the clearing is being made for the yard. The contract for the construction work has been awarded to a local contractor, Mr. Ben Bolin, and the work will be rushed as soon as plans are perfected.

Mr. White is a young man, and has chosen Newark in which to locate his interests, believing that Ohio, and particularly Newark, offer the 'brightest opportunity for business interests. The site for the lumber yard has been secured from the B. and O. railroad company and has been leased by Mr. White.

## SCOTT ADVANCED TO HIGHER RANK BY SEC. OF WAR

(ASSOCIATED PRESS TELEGRAM)

Washington, April 20.—Major General Arthur Murray, commanding the western department of the army, attained the retirement age of 61 years today, but by an order of Secretary Garrison, in conformity with legislation by the last congress, will be retained in his present command on the active list until the end of the Panama-Pacific exposition next December.

Brigadier General Hugh L. Scott, chief of staff of the army, has been advanced by Secretary Garrison to the grade of major general to succeed General Murray, his commission dating from today.

## BELGIANS' REPORT ON WAR'S PROGRESS

(ASSOCIATED PRESS TELEGRAM)

London, April 20.—There has been given out in Belgian military headquarters an official report on the progress of hostilities which reads:

"Several points on our front, such as Ramschapelle, Pervyse, Lampernis Se and Osveleperen, have been repeatedly bombed. The Belgian artillery has vigorously co-operated with the French in their attack against Steenstraete. Our aviators have shown great activity."

Get a 10-cent box now.  
Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Casaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Casaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. The Union Cottage Prayer meeting will be held at the home of Jno. Cool on McKinley avenue near O'Bannon avenue, Friday evening at 7:30. Everybody invited.  
Band Concert Good.  
The Buckeye Band's first public concert on the public square was given Wednesday night and was attended by a large crowd. The band was directed by Frederic Abbott who has been successful as a leader. The program as published in Wednesday's Advocate was carried out. It is probable that other concerts will be given during the coming summer.  
C. W. Bowman, a taxicab driver and John Yost driving his own automobile, were ordered before Mayor Bigbee on a charge of exceeding the speed limit. Fines of \$10 and costs were assessed in each case, both defendants paying the amount.

tory to the men. It was simply to identify them."  
"How did you finally happen to be nominated for vice president in 1907?"  
"An objection was sustained."  
"Did President McKinley send you a communication on that subject?"  
"Yes."  
"Did you accept after receiving the message?"  
"Another objection was sustained."  
"Did he say 'I accepted so as to gratify President McKinley'?"  
"In a letter produced by counsel for Theodore Roosevelt during the re-direct examination of the former president of the United States today, Governor Charles S. Whitman, then district attorney of New York, told Charles H. Buell of New York, that 'the time is ripe' for all Progressive Republicans and members of the party control which is responsible for corruption."  
The letter was written in 1904, and the district attorney wrote that 'the men and the policy responsible for the corruptions were not confined to any one party.'  
Mr. Barnes' name was not mentioned in the letter, but the colonel in reply to questions said he understood that the reference was to him. Colonel Roosevelt was excused from the stand soon after this letter was introduced.  
"Do you remember hearing that any of the men named by Mr. Ivins contributed to your campaign fund in 1904?"  
"Until after I left the presidency I never heard the names of these men as having been contributors. I heard most of them the first time when they were read here. I know some people had contributed but I did not know how much. I know of Henry Frick, George W. Perkins, Gifford Pinchot, the widow of Senator Hanna and George Von L. Meyer. I also remember a widow who contributed a dollar."  
"What did you do in regard to the New Haven Railroad and the Harvester company?"  
"Action was taken against the New Haven. An investigation was made of the Harvester company, and it was reported to me that it was all right."  
The colonel then said he remembered an investigation had been made of the DuPont Powder company.  
"How about the Northern Pacific Railroad?"  
"An objection was sustained."  
"Was action brought during your administration against the Standard Oil company?"  
The court upheld another objection.  
"Was any other action taken against any corporation in which Morgan or other gentlemen whose names appeared as contributors were interested during your administration?"  
An objection was sustained.  
"Now for the Tennessee Coal and Iron and the United States Steel corporation?"  
"When the merger took place I understood the Tennessee was so weak that the Steel corporation did not consider it a dangerous competitor. The corporation controlled about 60 per cent of the output. The Tennessee had 19-10 per cent of total output. Subsequently the output of the Steel corporation shrunk to 54 per cent. The action occurred during the height of the panic of 1907. The prime interests of every citizen was that some measure should be taken to stop the panic and restore confidence. In New York the situation was trembling on a hair as to

whether every business would have to be shut down. One night I received notice that next day Mr. Frick and Mr. Gary of the Steel corporation would come to see me. I had received thousands of appeals to do something."

In reply to questions the colonel then said:

"I always consulted Mr. Platt about appointing judges. I discarded his advice on judges, however, more than I did on anything else. Some of the judges I appointed I knew personally. On others I had the recommendation of men I knew or bar associations. In appointments to higher courts, I always knew the man or knew all about him."

"While you were governor or president was there any invisible government on your part?"

"There was not one particle," replied the colonel with great emphasis.

"Do you remember reading at the time of the New York insurance investigation the testimony given by Senator Platt?"

"Yes."

The court would not allow the witness to answer a question on what the testimony was.

### GOVERNOR

(Continued from Page 1.)  
Trumbull and will be similar to his original decentralizing bill which was considered by the temperance committee and finally abandoned, throwing the solution of the question into the house.

Senator McDermott said today the new bill will create districts consisting of two or three counties each, with Hamilton and Cayuga counties constituting distinct districts in themselves. Each of these districts will have two licensing commissioners, without other duties, who will be elected by a board of three county officials from each county in the district.

Persistent reports were circulated in legislative circles today, however, denying that the liberal Republicans had even agreed tentatively to support any decentralizing measure that had been proposed. It was said in usually well informed quarters that the license program was as much unsettled as ever. Serious intimations were made that the continued disagreement, combined with Governor Willis' announcement last night that the legislature must not adjourn without passing a decentralizing measure, might result in an active session prolonged far past the end of next week.

The fact that Republican liberals today refused to say they had agreed on a license bill encouraged reports that they had entered into an alliance with Democrats to kill the Fleming bill to give students the right to vote in school communities, the Lovett bill, prohibit brewers from raising campaign funds by deducting portions of bills for payment, and the McDermott bill to combine the presidential electors and state tickets next year.

The Fleming and Lovett bills are objectionable to the liberals, while the McDermott bill is opposed by Democrats. The combination of Democratic and liberal Republican votes then would be used against a license bill.

These county officials composing the elective board, probably will be the clerk and auditor, with either the president of the county commissioners or the probate judge.

The plan proposed in the original McDermott bill of having secondary election districts the county clerks of which should elect the licensing

commissioners for licensing districts, has been abandoned. Senator McDermott said. He explained that the new system will make each licensing district, usually of three counties, self sufficient for the selection of the licensing authority.

The state inspector plan will be retained. This official, appointed by the governor, will have power to enforce liquor laws. His appointment will constitute the only direct connection between the governor and the license system.

Governor Willis appeared to be much pleased today over prospects of settling the disagreement over the license question. He announced that an agreement had been made at a conference last night, in which Peter W. Durr, Hamilton county auditor and Republican leader, participated.

Senator McDermott's statement conflicted with the governor's however. The senator declared that no definite agreement with the Hamilton county liberals had been reached. It was expected that no attempt would be made in the house today to take up the Andrews bill for reconsideration although that is possible as a result of the house voting 59 to 58 before adjournment yesterday to reconsider it.

Further delay on the appropriation bill will be necessary and will not be introduced until next Monday or Tuesday. Chairman Reighard of the house finance committee announced today. Last week the finance committee had expected to have it ready for presentation today or tomorrow. It was said to be possible the bill may not be acted on finally until after the recess.

Members of the committee today denied reports that they have decided to make an appropriation to start active work on the new prison farm at London. They considered the bill probably an appropriation of not to exceed \$10,000, for a few small buildings, so that the farm may be used for growing crops but not for erecting prison buildings.

The house again this afternoon postponed consideration of the Gallagher bill. It was set over to next Wednesday.

Both houses of the legislature planned to adjourn late today, according to administration leaders. The recess is intended to give an opportunity for working out the deadlock over the liquor license decentralization measure.

VAPORS PRODUCING STUPOR WHICH LASTED FOR THREE OR FOUR HOURS

Was Used By Germans According to Report of An Official Belgian Committee.

(ASSOCIATED PRESS TELEGRAM)  
Havre, France, April 29.—The official Belgian committee appointed to investigate reported violations of the laws of nations has addressed to Minister of Justice Wiat a report on the use by the Germans of asphyxiating gases. It is stated that gaseous clouds extending 300 feet into the air were carried away from the German lines by the wind. The clouds were green in color at the base gradually shading to light yellow toward the top. Several kinds of gases appeared to have been used, including chlorine, the nitrous vapors of sulphur anhydride and others the nature of which has not yet been determined.

The effects of the fumes were felt at distance of half a mile. They produce a kind of stupor which lasted for three or four hours.

## GERMANS REPORT UTTER FAILURE OF ALL ATTACKS

(ASSOCIATED PRESS TELEGRAM)  
Berlin, by wireless to Sarville, N. Y., April 29.—At army headquarters today the following statement was issued:

"All attacks against the German positions on the west bank of the canal north of Ypres failed.

"The number of the enemy captured by the Germans was increased to sixty three.

"Southeast of Verdun, the German positions were advanced by more than 100 yards.

"Captured French soldiers confess that they were in great fear, having

been told by their officers that the Germans shot all prisoners.

"South of Kaiwary, Russian Poland, the Germans occupied the village of Koval and the height a short distance south of Dachow. South of Sochaczew the Germans conquered a Russian point of support."

## VOLCANIC ASHES

CARRIED 40 MILES

(ASSOCIATED PRESS TELEGRAM)  
Cottonwood Calif., April 29.—Borne on the wind for 40 miles, ashes from Lassen Peak continued to fall here today after a heavy precipitation for the last 24 hours. For ten days heavy clouds has obscured the volcano, masking, it is believed, a big eruption.

So thick were the fine, salt colored ashes that sidewalks and roofs were covered as if by a fall of snow.

## "CARNIVAL JOE" HAS ACCEPTED OLD POSITION

Joseph Ramby, better known as "Carnival Joe," has accepted terms with Capt. Del Fisher at Buckeye Lake and will be found once again in yacht costume on the piers, announcing the departure of boats and telling of the points of interest along the lake.

The stentorian voice of "Carnival Joe" through a megaphone it is said can be heard almost from one end of the lake to the other. He is pleasant, accommodating and courteous at all times and a great favorite with the patrons of the boat lines. This will make his third season with Mr. Fisher and he will begin active duties when the season opens next month.

## SUN TREATMENT FOR CHILDREN'S TUBERCULOSIS

(ASSOCIATED PRESS TELEGRAM)

Buffalo, N. Y., April 29.—Dr. Joshua H. Pryor, of this city, was today receiving many inquiries from physicians concerning the first experiments made in America of the Rollier sun treatment as a substitute for surgery in cases of tuberculosis of bone and glands. Describing the treatment for children, at a banquet of the medical society of the state of New York last night, Dr. Pryor said:

"The child becomes a barbarian once more. He goes practically naked. In the winter some of them are permitted games such as snow shoeing, tobogganing and skiing. One day in February they played unheated for an hour in the snow. It was a bright sunny day. This freedom is only allowed after months of exposure and considerable pigmentation and gradual toughening."

No tight-rope walker ever attempted a feat half so gaudious as that which Helen Holmes performs in "The Girl on the Trestle," the latest episode of the series. Upon discovering that an explosion has destroyed the trestle which spans the Loro Canyon, Helen at once prepares to flag the passenger train which is due shortly. Only a steel rail, to which some ties are attached, spans the chasm. In spite of the awful hazard, the brave girl makes her way, foot by foot over the swaying band of steel. ## NEGROES

IN UNITED STATES ARMY OFFICIALLY COMPLIMENTED BY PRESIDENT.

For Their Efficient Work in Patrolling the Border Between Texas and Mexico.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 29.—President Wilson through Secretary Garrison, has officially complimented the officers and enlisted men of the Ninth and Tenth regiments of cavalry (colored) for their work in patrolling the Mexican border line to enforce the neutrality laws of the United States during the fighting between the Carranza and Villa forces. Several American soldiers were wounded during the engagements between the Mexican forces.

"By direction of the president," says Secretary Garrison, "I take great pleasure in expressing to the officers and enlisted men of the Ninth and Tenth cavalry his appreciation of their splendid conduct and efficient service in the enforcement of the United States' neutrality laws at Naco, Arizona, during November, December and January last."

The Ninth cavalry is at Fort Douglas, Arizona, and the Tenth cavalry is at Fort Huachuca, Ariz.

The youngest Red Cross nurse to return from the war zone is Esther Dramin, aged 15, of Springfield, Mass. She and her mother were visiting in Tarnow, Austria-Hungary, and for five weeks both dressed the wounds of the soldiers in the Red Cross hospital there.

ASSOCIATED PRESS TELEGRAM  
Berlin, April 30.—By wireless to  
Sayville—German headquarters to-  
day gave out a report on the progress  
of hostilities reading:

"Aviators have been active on the  
coast; at Ostend, houses were dam-  
aged."

"The fortress at Dunkirk was  
shelled yesterday by German artill-  
ery."

"Last night there was fighting be-  
tween Steenstraete and Het Sas.  
German troops have fortified and  
hold bridge heads on the western  
bank of the canal near Steenstraete

"In the Argonne district to the  
north of Four De Paris, a trench of  
the enemy was captured. German  
troops here took prisoner one French  
officer and 30 men and held the  
ground gained against repeated  
French counter attacks."

"Near Cornay in the eastern part  
of the Argonne an aeroplane of the  
enemy came to earth. The aviators  
were said to be dead. Between the  
Meuse and the Moselle, French at-  
tacks on positions conquered by us  
on the heights of the Meuse resulted  
in failure. Also to the north of  
Fleury a French charge failed with  
heavy losses."

"In the fighting on the heights of  
the Meuse between April 24 and  
April 28 the French lost in prison-  
ers forty-three officers including  
three regimental commanders and  
about four thousand men."

"The fortifications of Harwich

"In the eastern arena of the war  
the vanguards of the German forces,  
advancing into Northwestern Russia,  
reached yesterday the railroad run-  
ning from Duenaburg to Libau. The  
Russian forces did not offer serious  
resistance. Fighting is now going  
on near Szawle and Kalawarya (in  
Russian Poland north of Suwalki).  
"(Duenaburg is about 225 miles to  
the east of Libau. It is an import-  
ant manufacturing city and it is de-  
scribed as a great depot for the Rus-  
sian artillery. The railroad line be-  
tween these two points runs east  
and west through the province of  
Kovno and it is, roughly speaking,  
130 miles to the north of the Bound-  
ary line between Kovno and East  
Prussia.)"

"Strong Russian attacks on our  
positions failed with heavy losses.  
German troops took prisoner five  
officers and 500 wounded Russian  
soldiers."

"Further to the south, between  
Kalwarya and Augustowo, Russian  
charges failed."

## FRENCH REPORT CITY OF REIMS AGAIN SHELLED

ASSOCIATED PRESS TELEGRAM  
Paris, April 30.—The French war  
office this afternoon gave out a re-  
port on the progress of hostilities  
reading as follows:

"We made progress yesterday to  
the north of Ypres, in the region of  
Steenstraete."

"The city of Reims received 500  
shells of which many were of an in-  
cendiary nature. These missiles  
started several fires, but it was found  
possible to circumscribe them and to  
put them out quickly."

## French Dead In Front of Trenches After An Unsuccessful Charge.

This remarkable photograph of an actual scene recently taken after the French were defeated in a charge in northern France on a position of the Germans. It shows the dead French in front of the first line of trenches in which the soldiers who escaped have taken refuge. The French had worked their way to the trench in which they are seen, a front trench without breastworks. From that they charged on the German position. The fire was too hot for them and they had to fall back. Several men failed to reach the protection of the trench and they fell some of them within a few feet. The photograph was taken before the firing had ceased so the French might reach out for their dead and wounded.

## Japanese Ambassdor In a Long Conference With Bryan Today In Regard to New Demands On China

Washington, April 30.—Viscount  
Chinda, the Japanese ambassador,  
had another long conference today  
with Secretary Bryan, presumably on  
the Japanese-Chinese negotiations  
being conducted in Peking. Both of-  
ficials adhered rigidly to the policy  
of secrecy mutually agreed upon  
early in the negotiations, but it was  
assumed the conference related to  
the revised demands presented to the  
Chinese foreign office early this  
week.

The revised list is known to ampli-

fy the original twenty-one articles  
with three more added to it.

While no inkling has been given  
of the course to be followed by the  
United States with respect to the  
new demands, those familiar with  
the previous course of American pol-  
icy believe some further modification  
may be urged before the demands  
can be construed as not affecting the  
administrative independence of  
China.

It is believed that one of the sub-  
jects being considered is Japan's de-  
mand for the right to propagate  
Buddhism in China.

The attitude of the United States

on the demands remains an official  
secret.

### WILL PRESENT THE REPLY OF CHINA AT A MEETING TOMORROW

Peking, April 30.—The Chinese  
plenipotentiaries tomorrow when  
they will present China's reply to the  
last list of demands submitted by the  
Tokio government. There is reason  
to believe that the Chinese answer  
will contain only a limited number of  
further concessions.

### CONSCIENCE CAUSES MAN'S CONFESSION OF MURDER, 13 YEARS AGO.

Pittsburg, April 30.—Haunt-  
ed by the memory of his crime,  
for 13 years, during which time  
he wandered over much of the  
world, Antonio Rizzo approach-  
ed District Attorney R. H. Jack-  
son, in the corridor of the court  
house here yesterday and con-  
fessed that he had killed Mike  
Langelo Distano in Sharpsburg,  
Pa., in 1902. Rizzo said that  
after the murder he went to  
England and later to South  
America. He returned to the  
United States in 1906, locating  
in New Haven, Conn., where he  
has been ever since. His con-  
science troubled him, however,  
and he decided to come to  
Pittsburg and give himself up.  
Rizzo, whose bail was fixed at  
\$10,000, claimed he acted in  
self defense.

## Shells Fall In Dunkirk From The Warships of Germany Which Are Now In North Sea

ASSOCIATED PRESS TELEGRAM  
Paris, Via London, April 30.—  
German warships have been seen off  
the Belgian coast, according to an of-  
ficial statement given out in Paris  
today.

Large shells to the number of  
nineteen have fallen on Dunkirk.  
There have been several dispatches  
in the past week indicating that  
German warships were at large in  
the North sea, evidently having  
evaded the British men of war which  
for many months have been doing  
patrol duty in front of the German  
naval bases on the eastern side of  
the North Sea.

The latest report along this line  
was brought in by Captain Scott of  
a Swedish steamer, who declared  
that he had seen in the North Sea a  
German fleet numbering no less than  
65 vessels of all classes, from battle-  
ships to torpedo boats. The Scott  
report does not say where or when  
the ships had been sighted but the  
inference was that the incident had  
occurred within a week. Dunkirk  
is on the northern coast of France,  
within a few miles of the Belgian  
frontier. It is at the Northern en-  
trance of the English channel and is  
to the east of Dover and to the  
west of Ostend.

### FIVE YEAR OLD LAD HAMMERS CARTRIDGE BULLET GOES IN EYE.

Ralph Miller, the five year  
old son of Mr. and Mrs. Willis  
Miller, of South Fourth street,  
suffered a serious injury on  
Thursday afternoon, when a  
cartridge exploded, the bullet  
penetrating the eye.

The child had been given a  
cartridge by some of his play-  
mates, and taking a stone he  
tried to hammer it open. The  
cartridge exploded, the shot  
striking the bone above the left  
eye, and glancing off was im-  
bedded in the flesh between the  
eye ball and the bone, forcing  
the eyeball out of its natural  
place.

Dr. H. P. Martin was called  
and the shot was removed and  
owing to the fact that the bul-  
let just missed the eyeball, it  
is probable that the sight will  
not be injured.

### VILLA LEADER'S FAMILY GOES TO LOS ANGELES

ASSOCIATED PRESS TELEGRAM  
Nogales, Ariz., April 30.—The  
family of Jose Maytorena, Villa  
leader in Sonora, were on their way  
today to Los Angeles. It was stated  
they would remain in Los Angeles  
until conditions in Sonora, which has  
been a battle ground for five years  
became peaceful.

Maytorena has decided to make  
Nogales, Sonora, opposite here, his  
capital as governor of Sonora.

## Barnes Is Said to Have Opposed Direct Primaries Because It Gave Too Much Publicity to Candidates

ASSOCIATED PRESS TELEGRAM  
Syracuse, N. Y., April 30.—That  
William Barnes in giving his reasons  
for opposing direct primaries legisla-  
tion had said that he believed such  
elections would give too much pub-  
licity to candidates for office, as they  
would be forced to go through two  
campaigns, was the sworn testimony  
given in the supreme court here to-  
day by L. W. France, chairman of a  
committee of the Young Republican  
club of Brooklyn.

Mr. France said under oath that  
Mr. Barnes had told him that the re-  
putation of any man could be ruined  
by turning the limelight upon him  
and that he could vote the riff-raff of  
the Democrats in Albany in the Re-  
publican primaries and so disgust  
the people that they would demand a  
repeal of the bill.

Counsel for the colonel unsuccess-  
fully endeavored during the day to  
get from H. H. Vreeland, former  
president of the Metropolitan Securi-  
ties company, the holding company  
for the New York Street Railways  
company, testimony that he had con-  
tributed to both the Democratic and  
Republican organizations in 1903  
when Mr. Barnes was chairman of  
the executive committee of the Re-  
publican state committee.

Counsel for Barnes said before court

opened today that they had request-  
ed Governor Charles S. Whitman to  
send an answer by last midnight to a  
telegram inviting him to appear as a  
witness, but so far they had received  
no reply. The governor, it was said,  
was asked to appear as a witness in  
rebuttal and testify regarding the  
authenticity of a letter which was  
represented as having been signed  
by him while he was district attor-  
ney of New York. This letter which  
was addressed to Charles H. Duell,  
jr., of New York, stated that the  
time was ripe for Progressive Repub-  
licans and Progressives to rid the  
state of corrupt conditions and that

the policies responsible for such cor-  
ruption were not confined to one  
party.

Colonel Roosevelt said he believed  
the reference was to Mr. Barnes.  
The first witness was former State  
Senator Harvey D. Hinman. He said  
he remembered what went on in the  
senate in 1911, when a United States  
senator to succeed Chauncey M. De-  
pew was chosen.

Counsel for Colonel Roosevelt  
then read what purported to be a  
record of the votes candidates re-  
ceived. All the candidates were  
Democrats, except Mr. Depew. Mr.  
Hinman said. Early votes read  
showed that Wm. F. Sheehy and  
Mr. Depew were the closest contest-  
ants. In a later vote the name of  
James O'Gorman appeared. Justice  
O'Gorman was victorious.

Mr. Hinman then testified to in-  
troducing in 1910 the Hinman-Green  
direct primaries bill in the state sen-  
ate. Questions as to whether the  
witness had talked to Governor  
Hughes about the primary bill, or  
whether the governor favored the  
measure, were ruled out.

Mr. Hinman then read a record of  
the vote which defeated the direct  
primaries bill. It was defeated by  
the vote of 13 Republicans and 12

### GERMAN ATTACK HAS CEASED ON YSER, IS REPORT

ASSOCIATED PRESS TELEGRAM  
London, April 30.—The German  
attack on Yser has ceased, says the  
Times' correspondent in northern  
France, writing under date of Thurs-  
day.

"The enemy has fallen back on the  
defensive," says the correspondent,  
"and is struggling to defend the  
small territory gained. Foiled in the  
attempt to cross the canal, the  
enemy made an equally vain attempt  
to force a passage of the Yser at  
Dixemude. Belgian shells and bombs  
destroyed pontoon bridges as soon as  
they were in position and the gallant  
Belgian army still holds its lines in-  
tact."

Old newspapers are used a great  
deal in China for wrapping silks and  
for other purposes.

### WOOL PROSPECTS BETTER.

ASSOCIATED PRESS TELEGRAM  
Boston, April 30.—The Commer-  
cial Bulletin will say tomorrow:  
"There has been a somewhat bet-  
ter inquiry for wool this week and  
while sales have not been above  
those of an average week, prices are  
a bit steadier. The trading has been  
confined almost wholly to foreign  
wool including some medium south  
Americans at steadier rates."

"Buying in the West has contin-  
ued at about last week's clean  
landed basis."

### E. J. EASTON DEAD.

ASSOCIATED PRESS TELEGRAM  
New York, April 30.—Edward L.  
Easton, 59, president of the Colum-  
bia Graphophone company and a pi-  
oneer in the development of the  
talking machine, died at his home in  
Arcola, N. J., of a complication of  
diseases.

Mr. Easton was formerly a news-  
paperman.

## Capture of Gallipoli Is Reported and Allies Are Said to Occupy the City

ASSOCIATED PRESS TELEGRAM  
Paris, April 30.—A despatch from  
Athens to the Havas Agency says  
that the city of Gallipoli, on the Eu-  
ropean side of the Dardanelles, near  
the entrance of the Sea of Marmora,  
has been captured by the allies.

It is also said that the Turkish  
fort at Nagara, on the Asiatic side  
of the Straits has been bombarded  
heavily.

A despatch from London last night  
quoted the Athens correspondent of  
the London Express as saying the  
town of Gallipoli had been occupied  
by the allies. An official statement  
today from the German general staff  
said there had been heavy fighting

for two days at this town but gave  
no indication as to the result.

### BRITISH CAPTURE GERMAN STEAMSHIP.

ASSOCIATED PRESS TELEGRAM  
London, April 30.—The British  
admiralty made the following state-  
ment today:  
"The German steamship Macedo-  
nia, which escaped from Las Palmas  
Canary Islands, a few weeks ago,  
has been captured by one of our  
cruisers."

### SUBMARINE SINKS TRAWLER.

ASSOCIATED PRESS TELEGRAM  
London, April 30.—The trawler  
Lily Dale has been sunk by a Ger-  
man submarine in the North Sea, 75  
miles off the mouth of the River  
Tyne.

A patrol boat picked up the crew  
of the trawler and then went in  
chase of the submarine. The subma-  
rine however, made its escape.

### LAWSON TAKES STAND.

Trinidad, Colo., April 30.—John  
R. Lawson, on trial for the alleged  
murder of John Nimmo, took the  
stand as a witness in his own de-  
fense. Contradiction of some of the  
testimony against Lawson was pre-  
sented.

## Cardinals Petition the Pope To Abandon Neutrality In The Interests of Christianity

ASSOCIATED PRESS TELEGRAM  
Rome, April 29.—Belgian and  
French cardinals, archbishops and  
bishops have united in an appeal to  
Pope Benedict for the Vatican to  
abandon the attitude of neutrality it  
has maintained since the beginning  
of the war. They say they cannot  
understand how the head of a  
church which is founded on prin-  
ciples of right and justice, can remain  
neutral without protesting at the  
same time against those who violate  
written or unwritten law. The pon-  
tiff is urged to assume an attitude  
which would be epoch-making in the  
history of the papacy.

Malines, Cardinal Amette, Archbish-  
op of Paris and other members of

# IN ANOTHER AIR ATTACK ON ENGLAND

Considerable Material Dam-  
age Results but There  
Were No Casualties

Have Increased the Interest  
In That Phase of Europe's  
Great Struggle—Reports  
From Various Capitals  
Are Still Far From Unani-  
mous As to Military Op-  
erations.

ASSOCIATED PRESS TELEGRAM  
London, April 30.—The east coast  
of England again has been subjected  
to an aerial attack, accompanied by  
the usual infliction of material dam-  
age, but without casualties of any  
sort. Like former raids, this one  
last night is marked by differences  
of opinion as to the type of air ma-  
chine used by the Germans, but  
most people agree that a Zeppelin  
carried the raiders who arrived in  
the small hours of the morning and  
spent a brief time over Ipswich and  
Bury St. Edmunds.

Another item of news of striking  
interest was the presence, reported  
officially from Paris of a German  
fleet off the coast of Belgium and  
the shelling of Dunkirk with the  
loss of twenty lives. Further news  
of this marine activity on the part  
of Germany is awaited anxiously in  
England.

It is a fact however, that the air  
raid, the fighting along the Dardan-  
elles and the report of German war-  
ships off Belgium were compelled to  
forego the limelight in favor of the  
question of liquor regulation in  
Great Britain and the government for  
the first time since the beginning of  
the war, has had to meet a division  
in the house of commons. The at-  
titude of the house probably reflects  
the opinion of the country which is  
sharply divided on the question of  
the necessity of regulating the con-  
sumption of alcoholic beverages. Even  
the Church of England, which made  
its first official pronouncement at  
the York convocation, resolved to  
view with uneasiness any action sug-  
gesting total prohibition.

But the strongest opposition comes  
from Ireland. Some idea of the  
strength of this opposition to the  
proposals of the government is in-  
dicated by the London correspondent  
of the Manchester Guardian, a lead-  
ing government organ who declares  
that the measure proposed by Chan-  
cellor of the Exchequer Lloyd George  
will not pass the house.

Official quarters still remain re-  
ticent concerning the military opera-  
tions in the Dardanelles, but the  
London newspapers this morning  
contained a number of special dis-  
patches from that region in which  
the claims are made that the allies  
are steadily advancing under cover  
of the fire of the fleet, but not with-  
out meeting an opposition which is  
causing them heavy losses. British  
troops are reported in occupation of  
the narrow tongue of the peninsula  
to the north of the town of Gallipoli.  
Athens predicts that this campaign  
will last a long time, as the Turks  
occupy exceptionally well prepared  
defensive positions.

In the East, there has been some  
revival of activity along the line in  
Russian Poland, where improve-  
ment in weather conditions has led  
the Germans to make a number of  
isolated attacks. These, however,  
according to Petrograd advices, have  
been repulsed.

orandums to the pope, insisting that  
such an opportunity may never oc-  
cur again for the church to show  
that it stands above political consid-  
erations, caring only for the moral  
and religious interests of its people.  
It is recalled that even in the Vati-  
can council 1870, a petition signed  
by forty bishops was presented, de-  
manding that the church promulgate  
Christian principles to regulate war  
and the rights of nations. Other at-  
tempts having the same object were  
made even before that date. In 1663  
Cardinal Coullie accepted the pa-  
tronage of the "Union for the study  
of rights of nations according to  
Christian principles." Among those  
who joined in the movement were  
Cardinals Rampolla, Mercier,  
Bourne, Amette, Mailli and Vannoy.

## WOMAN REFUSES OPERATION

**Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.**

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. Resch, 1900 West Broadway, Louisville, Ky.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

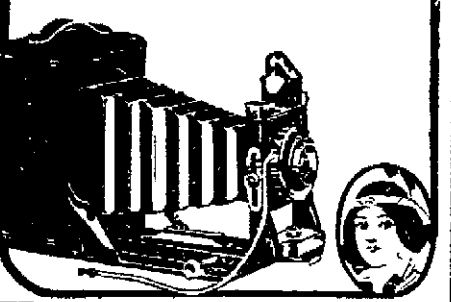

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## NEWSPAPERS BEST FOR ADVERTISING SAYS MANUFACTURER

"Newspapers are unquestionably the best standard form of advertising," says R. J. Reynolds, founder and president of the R. J. Reynolds Tobacco Company, in a recent interview, in which he discussed the growth of the company with which he has been associated since boyhood days. He stated his career as a laborer in the tobacco factory at Winston-Salem, N. C. Today he is president and active director of the company, which bears his name. It is the company which manufactures the Prince Albert brand of smoking tobacco.

R. J. REYNOLDS.

was promoted to superintendent of this factory. In those days tobacco factories only ran four months in the year and the other eight months I was engaged as a tobacco salesman.

"In 1892 the business amounted to 1,085,920 pounds. In 1893 the business amounted to 1,066,101 pounds. Seeing that my business had lost over the previous year and having had accumulated more capital than was necessary to run the business, I decided to experiment in advertising. It was really my first experience and I have found it profitable ever since.

"I spent about \$1,000 in 1894, and secured an increase to 1,215,223 pounds. Seeing that the profits on the increase I made more than reimbursed me for the money invested, I was influenced to make an appropriation for the next year of \$40,000 and erect a building with a capacity of ten times the business that was being done at that time.

"Newspapers and magazines have constituted the backbone of all our advertising," continued Mr. Reynolds. "I believe that a manufacturer who has a good product with which he can make a popular appeal, and will tell the truth about it in the daily newspapers backed with a good selling organization, will make an unequalled success. I have had ample experience with this form of advertising to prove, beyond any doubt, that newspapers are, unquestionably, the standard form of advertising."

## YOUNG MEN OF THIS CITY TO PLAY IN STOCK

Paul Brown and Ralph Davis will leave Saturday morning to join the Royal Dramatic company, having accepted a fifteen weeks' contract to play under canvas through southern Ohio, Kentucky, West Virginia and Tennessee. Mr. Davis will do the leads and heavies, and Mr. Brown, comedy. The gentlemen will also do specialties between acts. The team of Brown & Davis has made good on the vaudeville circuits and they will probably sign up for that line of work next season.

## REALITY OF RESULTS BRIGHT'S DISEASE

Patient, Draper S. Greene, 33 W. Rittenhouse Ave., Battle Creek, Mich. Case, diagnosed by two physicians as Bright's Disease and incurable.

Patient could not lie down for nine weeks. Legs were so bloated with dropsy they had to be banded. One of the physicians said he could probably live a month or so; the other did not think he would last a week.

Fulton's Renal Compound was then administered with gradual recovery. The permanence of the results are shown by a letter from this patient dated Feb. 16, 1914, written five years later, giving the names of two Battle Creek lawyers, N. A. Briggs and H. A. Jacobs as witnesses of his recovery.

He closes with the statement that "another bad case was given up, changed to the Renal Compound and is on the streets again."

The ability of Fulton's Renal Compound to reduce albumen in many cases of Bright's Disease is not a matter of opinion but A FACT IN PHYSICS. We will mail formula for albumen test that will show the percentage from week to week. As the albumen declines having been reported in thousands of cases. Formula and literature sent on request. John F. Fulton Co., San Francisco. Frank D. Hall is local agent. Ask for pamphlet.

## BARNES

(Continued from Page 1.) Democrats. The witness added that the Meade-Phillips direct primaries bill favored by the organization was passed. Fourteen Democrats and 14 Republicans voting for it.

The idea in offering this evidence, counsel for Colonel Roosevelt said during an argument over an objection, was to show a bi-partisan alignment against the Himan-Green bill, and in favor of the Meade-Phillips bill.

H. H. Vreeland, formerly president of the Metropolitan Securities company, which owned the New York City railways, was another witness. He was asked if he had contributed in 1903 to both the Democratic and Republican campaign funds, but objection to the question was sustained and after Mr. Vreeland was permitted to testify that he had contributed \$20,000 to the Republican campaign fund of last year, he was excused.

John A. Hennessy of Brooklyn, former Governor Sulzer's investigator, was the next witness. Mr. Hennessy said he made an examination of the bills and accounts of the state architect's office.

Mr. Van Benschoten read into the record a stipulation that it was agreed between counsel that in 1912, 1913 and 1914 there were gross abuses in the state government, there were scandals in the various state departments, that public officers were bartered for, contractors were blackmailed, and that civil service was debauched.

A recess was then taken.

## WHITMAN DECLARES LETTER IS GENUINE

(Associated Press Telegram) Albany, N. Y., April 30.—Governor Whitman today declared that a letter written by him and introduced at the Roosevelt-Barnes libel trial was given out by him last July. "That letter expressed my sentiments then," he said, "and I would write the same now."

While the governor declined to discuss the possibility of his going to Syracuse, it was declared by an authoritative source that he had received neither a subpoena nor a telegram from Mr. Ivins or anyone else asking him to testify.

By law the governor does not have to respect a subpoena.

In Sweden the drinking places are closed on Saturday because it is pay day, and the savings banks are kept open until midnight.

## PRESIDENT ORDERS INVESTIGATION OF BIG CORPORATION

(Associated Press Telegram) Washington, April 30.—President Wilson today directed Attorney General Gregory to make an investigation so that the government may be informed of the complaint filed yesterday in Milwaukee to determine whether the Allis-Chalmers company has entered a conspiracy with the Bethlehem Steel company or others to ship scrap metal to Europe.

The action, brought under the "discovery" statute of Wisconsin, is a state affair, but as it contends that certain federal statutes are being violated, the attorney general was directed to investigate that phase especially.

## JUDGE A. B. HUSTON DEAD.

(Associated Press Telegram) Cincinnati, April 30.—Judge Alexander B. Huston, 85, one of the oldest and best known attorneys in this section of the state, died at his home here today, following a stroke of apoplexy.

Judge Huston was on the common pleas court bench during the court house riot in this city. He was a thirty-third degree Mason.

The Bedouin marriage ceremony consists of the bridegroom killing a sheep and spilling some of the blood in sand on the floor of the house of his prospective father-in-law.

## Girls With Beautiful Faces Or Graceful Figures

American girls have a world-wide reputation for beauty, but, at the same time, there are girls in our cities who possess neither beauty of face nor form, because in these instances they suffer from nervousness, the result of disorders of the womanly organism. At regular intervals they suffer so much that their strength leaves them; they are so prostrated that it takes days for them to recover their strength. Of course, such periodic distress has its bad effect on the nervous system. The withered and drawn faces, the dark circles and crow's feet about the eyes, the straight figure without those curves which lend much to feminine beauty are the unmistakable signs of womanly disorders.

When a girl becomes a woman, when a woman becomes a mother, when women pass through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth that keeps the entire female system perfectly regulated and in excellent condition.

Mothers, if your daughters are weak, lack ambition, are troubled with headaches, lassitude and are pale and sickly, Dr. Pierce's Favorite Prescription is just what they need to surely bring the bloom of health to their cheeks and make them strong and healthy.

If you are a sufferer, if your daughter, mother, sister need help get Dr. Pierce's Favorite Prescription in liquid or tablet form. Then address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and receive confidential advice from a staff of specialists, that's free; also 136-page book on women's diseases sent free.—Adv.

## LEONARD GETS DRAW IN BOUT WITH KILBANE

New York, April 30.—Johnny Kilbane of Cleveland, featherweight champion, and Benny Leonard of this city, fought a fast 10-round draw here last night.

Leach Cross and Packey Hommey, East Side lightweights, furnished the semi-final offering, and it was a furious 10-round affair. Cross had slightly the better of the brawl at the end. It surely was a brawl, as the men slugged away at each other every second of the fray. Each rocked the other several times.

## THIEF STEALS MORPHINE FROM DOCTOR'S OFFICE

Dr. S. S. Richards reported to the police today that while he was absent from his office, in the Hibbert & Schaus building during the noon hour, some one entered the place and took everything in the medicine line which might contain morphine. Several bottles containing medicines of which the drug is a part, were stolen. "I shall be more careful in the future," said Dr. Richards, "and keep my office locked during my absence. Other physicians probably will do the same, now that it is known that the dope fiends have resorted to this method to secure a supply of the drug."

## Popular Poverty.

Katie, aged seven, was the only child of Mr. and Mrs. Jones. One day, when the new minister called, Katie, upon her own invitation, went into the parlor to entertain him until her mother came down stairs. As she approached the parlor door, Mrs. Jones heard the minister ask Katie how many children her mother had, and was very much surprised to hear her little daughter reply "six."

Her mother wisely made no comment upon the startling reply of the child, but sent her out to play, and when the minister's visit was over she asked Katie why she had told him that her mother had six children, and was more dumfounded than ever when Katie said, "Because, I did not want the strange gentleman to know that you were so poor that you didn't have but one child."—National Monthly.

## Havana's Water Supply.

For more than 300 years the water supply of the city of Havana was carried through an open ditch, built in 1502. The supply originated at the springs of the Almendares river, nine miles south of the city, and this source still provides an adequate flow, for the springs, which have since been fully developed, number 400 and are enclosed by a heavy wall of masonry which is constantly under military guard. An aqueduct has long since supplanted the ditch.

## FARM SALE

The Bissett farm in Hopewell township, consisting of 140.55 acres will be offered for sale by the Sheriff at the South steps of the Court House, at 10:30 o'clock A. M. on May 8th, 1915.

This farm will be sold in two parcels, the first parcel of 80.55 acres being appraised at \$2800.00, the second parcel of 60 acres being appraised at \$1066.67.

The first parcel contains valuable timber worth easily two thirds of the appraised value.

The farm will be sold one-third down, one third in one year and one-third in two years, or all cash at the option of the purchaser.

## Mr. Hite Awake.

An attack was made upon the Smith 1 per cent law by the Republicans in the house of representatives, Wednesday, but in the flurry over the liquor license law the matter did not get the publicity it otherwise would have had. Friends of the Smith law declare that a deliberate attempt was made to destroy the measure which, however, was saved by the Democrats.

Discussion of the Jackson municipal bond and revenue bill was abruptly stopped in the house and the bill was referred to Frank E. Whittemore of Akron, when discovery was made that the house, while in condition of semi-slumber, had adopted an amendment which practically repealed the Smith 1 per cent tax law and the Longworth debt limit act.

The amendment was offered by Mr. Federman of Cincinnati and had been prepared by his colleague, Mr. Hulswitt. Before anybody had time to grasp its effect a few members voted for it and a less number against it, and it was adopted.

Representative W. A. Hite of Perry county, discovered what it meant. He pointed out that its wording, "except as otherwise specifically provided by law," would take the lid off all levies, county, municipal and township, which must now be held within the 10-mill limit and in municipalities within the debt limit.

## Moving Pictures.

More than 11,000,000 people a day see moving pictures. The capital invested in motion picture theaters is estimated at \$120,000,000. The late available figures show that \$275,000,000 annually is spent by the public to see the shows. These figures are eloquent.

In almost all other respects, popular amusement costs higher than it used to. The people who used to be satisfied with a \$50 bicycle now have a \$1000 automobile. Those who used to spend a cheap vacation visiting relatives in the country, now go to a summer hotel or hire or own a bungalow. But millions of people who used to pay 50 cents to \$2 at theaters now see the movies for five, or 10 cents. In cities larger than Newark 20 to 50 cents is the charge by some of the picture houses for the same pictures that are seen here.

Many old fashioned people call it extravagant expenditure of money. Yet the picture shows are so cheap for so many really good performances, that the working man may not be spending any more for his fun than he used to years ago. Most people have always had one or two pet extravagances. The pictures are the cheapest popular craze of history.

Occasionally one hears expressed the hope that the great European war will end in a draw. In other words, some people hope that neither side

will win a victory so complete that it can dictate terms that will crush the defeated nations. Speaking of this phase of the matter the current number of the Youth's Companion says:

If that could be brought about in such a way that both sides would not at once begin to prepare for another and greater contest a few years hence, it would be well; but when a struggle of any sort ends in a "draw," the contestants look forward each to the time when he can renew the fight in circumstances more favorable to himself. That is human nature.

Is a draw a possible end for this conflict? Some men predict that it will not be long before Germany and Great Britain, to say nothing of their allies, will be so exhausted and impoverished that they will be ready for peace. Suppose that happens, what then? The nations now at war would agree to an armistice and appoint plenipotentiaries to represent them in discussing terms of peace; but the reasons for fighting, which were many at the beginning, have increased in number and complexity as the war has gone on, and all of them are regarded differently at the different capitals. How, then, could the peace delegates come to an agreement upon any one of them?

Take, for example, the case of Serbia. What possible decision could anyone suggest to which both Russia and Austria would agree, no matter how exhausted they were? And to pass over the subject altogether would be a virtual victory for Russia, which Austria would not tolerate. Belgium is a still harder problem. Germany would refuse to evacuate the country and make compensation for the ruin that the fighting has wrought there; but nothing less than that would satisfy Great Britain, which, having made itself the champion of Belgium, is bound in honor to stand by it to the end and to get for it a just indemnity for its undeserved sufferings.

On questions like these there is no room for compromise. The statesmen of Europe know it, and therefore there will be no conference until some nation is so much more exhausted than the others that it will be willing to accept such terms as that state of things is not a draw. Arbitration is equally out of the question. There is no government that both Germany and Great Britain would accept as an umpire, or any that would be willing to expose itself to the hostility it would incur from both sides by attempting to judge between them, or even by giving advice as to terms of peace.

Therefore, the war will probably go on until one, at least, of the parties to it is unable to continue. It may be unfortunate for the world at large to have one group of belligerents obtain an unquestionable ascendancy in Europe, and the other group hampered in their national aspirations; but we must find our consolation in the belief that such an outcome will lessen the chances of another such war.

## United Action Needed

The people of Newark are urged to unite in making the Spring Clean-Up Day next Tuesday a pronounced success. Concerted effort will do it.

Let us clean the streets and alleys, the back and front yards, the vacant lots and particularly the cellars. Let us remove the dirt wherever we can find it. Why not paint up as well as clean up?

There is both pleasure and economy in such a campaign. Removal of accumulated dirt means less sickness, fewer flies, fewer fires, a more beautiful city, a better citizenship.

In the past three years this annual spring clean up movement has swept the country. Newark was the first city in Ohio to establish a clean-up day. Remember this year's clean-up day is Tuesday, May 4. Start the work today.

## Spirit of the Press

## Enforced Segregation.

In some parts of the South the negroes of their own accord have settled in certain sections by themselves. In Mound Bayou in Mississippi and in other places they have their towns governed by negroes. It is well that they should have the opportunity which these negro settlements afford of developing and demonstrating their powers of self-government; but any enforced segregation will result, as Dr. Weatherford shows, only in harm to both white and blacks. It would end in the negro moving in large numbers to the cities, which do not afford him as good opportunities as the country for the development of integrity, thrift, and character. It would thus deprive the Southern white man of the labor he needs.—Southern Workman.

## Chicago's New Mayor.

Mayor Thompson, of Chicago, was inaugurated by a huge "prosperity parade," but he has already been aroused to the political danger of allowing it to be supposed that there is any prosperity, so in his speech to the City Council he described his plurality of 148,000 as the expression of popular fear and aversion toward the Democratic party, which has inflicted business depression on the country. The Chicago campaign was a red-hot campaign on "red-light" districts and gambling houses and the frequency of highway robbery, and those are the only things Mr. Thompson remembered to talk about the night of the election. But the possibility of using it in national politics has since been explained to him. The night of the election Mrs. Thompson was pointing with pride to the election of her husband as evidence of the determination of the women to suppress vice.—Philadelphia Record.

## Russia in the Sciences.

In the sciences Russia has done admirable work in the right spirit, and if it is less well known than it deserves to be it is because the Russians are not advertisers. How many English boys know that it was a Russian, Lobachevsky, who discovered the non-Euclidean geometry which has revolutionized the sciences? Or how many boys who study chemistry remember that it was the speculation of a Russian, Mendeleev, which changed (by his periodic law of the elements) the whole current of thought among chemical investigators? As for history, Russians have made the Byzantine age their own. No specialist can afford to ignore their researches. It was a Russian again, M. Vinogradov, who inspired F. W. Maitland's history and was the discoverer of Bracton's Notebook, one of the invaluable documents in English history.—The Spectator.

## Horse Racing.

Horse racing is being revived throughout the country. Horse racing should never have disappeared, and good statesmanship would have stopped the gambling and preserved the sport. It is the old story of the political pendulum swinging too far in one direction. The fake reformers stopped a clean, high grade American sport without killing the gambling, as all policemen and bookmakers will testify.—St. Louis Times.

## For the Road Nuisance.

In a certain Southern village, says Everybody's Magazine, there was a physician noted for his reckless automobile driving. One day when he answered the telephone, a woman's voice asked him if he were going out driving that afternoon.

"No, I hardly think I shall have time this afternoon," replied the doctor. "But why do you ask?"  
"Well," replied his questioner, "I want to send my little daughter downtown for some thread if you are not."

## LITERATURE.

I like a rattling story of whiskered buccaners, whose ships are black and gory, who cut off people's ears. A yarn of Henry Morgan warms up my jaded heart, and makes that ancient organ feel young and brave and smart. I like detective fiction, it always hits the spot, however poor in diction, however puny in plot; I like the sleuth who follows a clue o'er hill and vale, until the victim swallows his medicine in jail. I like all stories ripping, in which some folks are killed, in which the guns go zipping, and everyone is thrilled. But when I have some callers, I hide those books away, those good old soul enthrallers which make my evenings gay. I blush for them, by jingo, and all their harmless games: I talk the highbrow lingo, and swear by Henry James. When sitting in my shanty, to "have my picture took" I hold a work by Dante, or other heavy book. But when the artist's vanishes, I drop those dimy tomes, old Dante's stuff is banished—I reach for Sherlock Holmes.

Rheumatism In Joints

Pain Disappears and Swelling Vanishes in a Few Days.

That is what happens if you use Rheuma, the wonderful remedy that T. J. Evans and all druggists sell on the "money back if not cured" plan. There is a vast amount of rheumatism in this vicinity, and if you know any sufferer, call his attention to this generous offer.

Rheuma is a quick-acting prescription. You will know your rheumatism is leaving 24 hours after you take the first dose. It dissolves the uric acid and drives it from its lodging place.

Mr. Alice A. Brown, Ithaca, N. Y., writes: "For seven years I suffered greatly with rheumatism in my hip; at night I was scarcely able to sleep. One bottle of Rheuma cured me."

That sounds miraculous, but Rheuma does miraculous things. Fifty cents a bottle.

While digging potatoes in Hope, Me., Arthur Hobart found one 12 by 15 inches in circumference, in which was a mouse nest, containing one old one and four little ones. The skin was left on the top like a trap door.

## FIRE DAMAGES CANTON HOTEL EARLY FRIDAY

(ASSOCIATED PRESS TELEGRAM)  
Canton, Ohio, April 30.—Estimates of the fire loss caused to the Courtland hotel early this morning are placed at from \$40,000 to \$60,000. The flames swept the top story of the building and drove the 130 guests from their rooms. All, however, were aroused without panic. The entire fire apparatus of the city responded to the alarm and succeeded in confining the flames to the top story which was occupied by the Canton club and business offices.

The immense quantity of water used to extinguish the stubborn blaze soaked the interior of the building from top to basement. Much of the finishing was destroyed and the furnishings are badly damaged. Two firemen were overcome by smoke, but were rescued by comrades. Others had narrow escapes from being caught by portions of the roof which fell in.

The fire started in the attic above the kitchen of the Canton club. The cause has not been ascertained.

## What Thin Folks Should Do to Gain Weight

Physician's Advice For Thin, Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skininess and think nothing will make them fat. Yet their case is not hopeless. A recent discovered regenerative force makes fat grow after years of thinness, and is also unequalled in repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strengthening, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Evans' Drug Store and other leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

## LABOR MEMORIAL WILL BE HELD ON SUNDAY, MAY 23rd

The memory of the departed trades Unionists is to be honored by their Brethren at the High School Auditorium. The second annual Memorial services of organized Labor will be conducted in this city on May 23, 1915. The doors will be thrown open at 1:15 o'clock at which time the public will be welcome.

At 1:30 o'clock sharp the march of all Trades affiliated with the Newark Trades and Labor Assembly will start from Labor Hall located on the West Side of the Square. Mr. W. M. Morgan and Mr. Geo. H. Hamilton will be the speakers, making the first time that two Newark Gentlemen were accorded that honor.

The committee in charge of the services is composed of W. S. Coen, A. J. Bingham, W. W. Little, S. C. Alsdorf, B. Smith, Wm. Cain. The public is invited to attend the exercises, especially the ladies.

## TURKISH REPORT

(ASSOCIATED PRESS TELEGRAM)  
Constantinople, April 30.—Via London.—An official statement issued here today says that the allied forces which landed on the Asiatic side of the Dardanelles have been entirely cleared away, that a large part of the troops which invaded Gallipoli peninsula has been driven off and that several warships and transports of the allies have been damaged.

## BELGIAN REPORT

London, Apr. 30.—There has been given out at Belgian army headquarters an official report reading:

"During the night of April 28-29, our troops repulsed with success a German attack delivered from Steenstraete. On April 29, the enemy's artillery became active and bombarded at intervals various parts of our line. We occupied a farm to the south of Plauvoetberg."

## How to Treat Croup Externally

Rub Vick's "Vap-O-Rub" Salve well over the throat and chest for a few minutes—then cover with a warm flannel cloth. Leave the covering loose around the neck so that the soothing medicated vapors arising may loosen the choking phlegm and ease the difficult breathing. One application at bedtime insures against a night attack. 25c, 50c, or \$1.00. At druggists.

## FORTY INJURED IN WRECK OF TRACTION CARS

(ASSOCIATED PRESS TELEGRAM)  
Fremont, O., April 30.—Investigation was begun by traction officials here today into the head-on collision of two Lake Shore electric cars, six miles east of here last night in which forty persons were injured, several seriously.

Physicians who have the victims in charge said today that no fatalities would result from the crash. The cars burned to the trucks after the wreck but the passengers who numbered 70 on the two coaches, were all rescued from the flames.

The two most seriously injured, Mrs. Hattie Bonner, of Fremont and F. I. Boldman, of Toledo, were progressing favorably today.

## PROGRESS

## BEING MADE AT CONFERENCE BETWEEN MINERS' OFFICERS AND OPERATORS

It May Take Several Days Yet to Iron Out All the Wrinkles in Situation.

(ASSOCIATED PRESS TELEGRAM)  
Cleveland, O., April 30.—While further progress was made at yesterday's conference of the joint scale committee of Ohio miners and operators meeting here in an effort to settle the year old strike, it was not expected that today would see the end of the session. Both sides say it is taking more time to iron out all the wrinkles in the situation than they had anticipated and the conferences may extend over into next week.

Rules governing the right of operators to hire and discharge miners, the right of aggrieved employees to appeal to a grievance committee and the handling of "dirty" coal were the matters at issue yesterday.

"Dirty" coal is the term used to describe the mine product containing a high percentage of slate and rock. The operators seek to have embraced in any contract a clause binding the miners to use care to load only clean coal.

"I believe I see a settlement ahead," said William Green, secretary of the state miners federation at the beginning of the fourth day's parley today.

Charles E. Maurer, of the Glens Run Coal company for the operators, said:

"I am optimistic over the outlook. We did not disagree on any matter discussed yesterday. I believe we will succeed in negotiating a wage contract before we adjourn."

## WAS SALVATION ARMY CAPTAIN; NOW PREACHER

The many friends of Vernon P. Martin, formerly Salvation Army Captain in this city, will be interested in learning of the honors that have come to him. Almost three years ago Mr. Martin united with the First Presbyterian church of this city with a view to taking a course in theology, preparatory to entering the gospel ministry. He at once matriculated at Lane Theological Seminary, Cincinnati, where he has been a student ever since, and has taken exceptionally high class standing. He will be graduated from the seminary next week. Mr. Martin has been called to the Presbyterian church at Winchester, Ohio, and is now on the field. Wednesday evening he was ordained as pastor of the Winchester congregation. The Rev. Calvin G. Hazlett of the First Presbyterian church preached the ordination sermon. Mr. Martin is a man of more than ordinary mental equipment, has a fine personality and enters upon his new life work under very favorable conditions. The Winchester church is a fine field.

## GERMANS REPORT GREAT BRAVERY TURKISH TROOPS

(ASSOCIATED PRESS TELEGRAM)  
Berlin, by wireless to London, April 30.—The following official statement was issued last night from the headquarters of the general staff:

"Reports from the Dardanelles pay tribute to the bravery and enthusiasm of the Turkish troops. In the first battle of Kum Kale, the Turks did not fire a shot, but repulsed the enemy with the bayonet. Forty warships bombarded Seddul Bahr. While this battle was in progress, the Turks captured a large quantity of rifles and ammunition."

"At Gallipoli the Turks fought uninterruptedly for two days against the constant attack of the enemy without showing fatigue."

"On the eastern and western fronts the situation, generally speaking, is unchanged. In Russian Poland and the Carpathians there have been lively artillery duels in which our fire was very effective. In the Opor valley the enemy after many hours of artillery fire, vainly attempted a night advance against the heights held by our infantry."

## BREVITIES

**Bicycle Thieves Busy.**  
Bicycle thieves have again become busy in Marion and have resumed operations after laying quiet some time. A dozen wheels have been stolen within the last three days, there being no clue whatever.

**Counterfeit Money.**  
A large number of counterfeit five dollar bills have been circulated in Springfield, Dayton, Cincinnati and other places in southern Ohio. Several of the cities were flooded with the bogus bills.

**Back From Cleveland.**  
Deputy State Fire Marshal John Baird has returned from a two weeks' assignment at Cleveland, where he did expert service for the state fire marshal's department, visiting scores of the big sky scrapers and office buildings to see that they were complying with the state laws. Mr. Baird is regarded as one of the best men on Fire Marshal Deffenbaugh's efficient corps of assistants.

**Whatsoever Circle Market.**  
The Whatsoever Circle of The King's Daughters will give a market Saturday afternoon and evening at the City Market. All are asked to help a worthy cause.

**Quite Cooler, Thank You.**  
The maximum temperature yesterday was 85 degrees and at midnight it had only fallen thirteen degrees. However at six o'clock this morning it had fallen to 43 degrees, a change in less than twenty-four hours of 37 degrees.

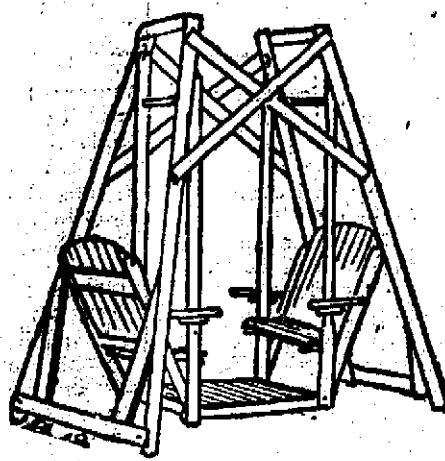

**Onions Damaged.**  
Recent heavy windstorms have caused considerable damage to the onion growers of the Scioto marsh. Wind which at times reached a velocity of sixty miles an hour blew many of the onions out of the ground, all of which will have to be replanted.

**Jobs in Dayton.**  
There are many jobs for skilled mechanics in Dayton going begging according to information from that city to the state industrial commission. The wages range from fifteen to forty cents an hour, and the assurance is also made that the jobs will be permanent. The order calls for 100 men on May 4, 400 May 15, 600 June 1 and 1,000 during the month of June. Application for the positions can be filed with Mr. Gibbons at the city hall at Dayton.

More than 400 patents have been issued by the United States for devices intended to harness the power of sea waves.

## IRISH REAFFIRM STAUNCH SUPPORT OF ALLIES' CAUSE

(ASSOCIATED PRESS TELEGRAM)  
Paris, April 29.—A delegation of Irish members of the British parliament headed by T. P. O'Connor and Joseph Devlin, bearing addresses to President Poincare and Cardinal Amet, has arrived here and will deliver the messages to the president and Cardinal tomorrow.

The address to President Poincare affirms the absolute adhesion of the Irish race to the cause of the allies and expresses its firm resolution to participate in the struggle, "until a regime of justice based upon the

sacred rights of nations shall have been established in the world."

Mr. Devlin, on behalf of the ancient order of Hibernians, will present to Cardinal Amet an address which is a tribute of esteem from the Catholics of Ireland to those of France.

## SWOBODA IS AGAIN IDENTIFIED BY A FORMER EMPLOYER

(ASSOCIATED PRESS TELEGRAM)  
Paris, April 30.—Raymond Ruff Schwoboda, best known as Raymond Swoboda, arrested on suspicion of having started the fire aboard the steamship La Touraine and now charged with espionage, has been confronted by Major Wehring, who identified him as having been in his employ when the major was manager of the Russo-Chinese bank at Shanghai, according to the Petit Journal.

## FRENCH NOW SAY GERMAN REPORTS ARE MISLEADING

(ASSOCIATED PRESS TELEGRAM)  
Paris, April 29.—An official note issued by the war office gives details designed to show that the Germans continually are mistating facts in their communications in regard to recent battles. Assertions in regard to occupied territory made in French official statements are said to have been absolutely exact. At several places, notably between Menamont and Angerville, an advance of approximately three or four kilometers (between two and two and two-third miles) is reported. It is contended in the note that the French are making continual progress in this region and even now are not far distant from the Lorraine boundary.

37 INJURED IN WRECK ON "KAT"

(ASSOCIATED PRESS TELEGRAM)  
Highbee, Mo. April 30.—Thirty-seven persons were injured, two seriously, it was learned today, in the wreck of a Missouri, Kansas and Texas passenger train running between New Franklin and Moberly, last night. The accident is believed to have been caused by the engine tank leaving the track. The engine and tender, baggage car and combination chair car, turned over.

**Season Advanced.**  
Garden plants and fruit trees in Newark and vicinity have been far advanced by the hot weather of the past week. There is great danger of damage being done in May, should the usual May frosts come. Lilacs are blooming also, something very unusual in April.

## BLESSED SACRAMENT AGAIN DEFEATS THE EAST HOUSE TEAM

The Blessed Sacrament school baseball team again proved themselves the masters of the East House team when they defeated them, Wednesday afternoon, by the score of 16 to 9. The Blessed Sacrament boys proved great base-stealers, Rodgers leading with twelve to his credit. During the game many brilliant plays were pulled off, hard hitting being a feature.

### KAUFF OUTLAWED; CAN'T PLAY IN EITHER LEAGUE

(ASSOCIATED PRESS TELEGRAM.) Chicago, April 30.—Placed under indefinite suspension, Benny Kauff, the Brooklyn Federal League player, who jumped to the New York Nationals yesterday, apparently will have no chance to play in either league, President Gilmore of the Federal League said today.

"It looks to me," Gilmore said, "as if organized ball, or at least Manager John McGraw of the New York club, had made a mistake. There is not a chance for McGraw to play Kauff, because he not only is tied, up to a Brooklyn Federal League team by a straight iron-bound contract, but he is an outlawed player, according to the rules of organized ball, and New York could not use him without breaking the agreement under which they operate."

President Gilmore said that immediate steps had been taken through New York attorneys to prevent Kauff from playing, should the New York club attempt to start him in a game.

### JUMPED ONCE TO FEDERALS; GAFFNEY FIRM

(ASSOCIATED PRESS TELEGRAM.) New York, April 30.—Whether the national commission will reinstate Benny Kauff, or whether the National League will order his return to the Brooklyn club of the Federal League, were the big questions in the wind of every baseball fan in New York today.

Kauff's jump from the Brooklyn club to the New York National League club five minutes before the New York-Boston National League game was started yesterday, proved a bombshell for the baseball world when President Gaffney of the Boston Braves, refused to allow his club to play the Giants with Kauff in the field for the home club.

Mr. Gaffney contends that Kauff is an "outlaw," so far as organized baseball is concerned, because of his original jump to the Federal League.

### SIGNS COLLEGE STAR AFTER A TWO-HIT GAME

Detroit, Mich., April 30.—Manager Branch Rickey of the St. Louis Americans announced yesterday that Ernest Koob, the promising young pitcher of the Kalamazoo Normal team, will report to the Browns on June 15. Koob was the hero of a 10-inning scoreless tie against the University of Michigan yesterday. Only two hits were made off his delivery, and one of the pitchers who opposed him was Sisler, the sensational left-hander. Koob also is a southpaw. Rickey saw him pitch the game against Michigan. He is also claimed by the Battle Creek club of the Michigan League.

### BURMAN WINS 200-MILE RACE; LEWIS WAS SECOND

Oklahoma City, Okla., April 30.—Bob Burman yesterday won the 200-mile Southwest Sweepstake automobile road race for a purse of \$5000. His time was 2 hours, 56 minutes and 3-5 seconds. David Lewis was second, and John Ramey, third.

Lewis came in 1 minute 28 3-5 seconds after Burman. Ramey was two laps and Hearne three behind the two leaders at the finish.

Burman took the lead from Lewis on the sixty-eighth lap, and his advantage was increased slightly three laps later when Lewis ran off the course, losing 20 seconds.

America's Opportunity Is Present To Dominate International Commerce, Says Former Sec. Leslie M. Shaw

(ASSOCIATED PRESS TELEGRAM) Omaha, Neb., April 30.—With international commerce suddenly thrown wide open, the opportunity is at hand for America to dominate it, said Leslie M. Shaw, former secretary of the treasury, in an address before the Commercial Club of Omaha here today, during which he urged encouragement of business.

Mr. Shaw introduced his address with an interesting glance backward to the construction era which followed the Civil War. The people of the United States then possessed matchless resources undeveloped and matchless resourcefulness, undetermined, with a governmental policy of encouragement of business. The motto of that policy he believed could be expressed as this: "If any man says he can do something, tell him to be quick about it and the government will co-operate." It had been applied when General Dodge proposed to build a railroad to the Pacific ocean, again when the silk industry was founded in this country, as two instances which he pointed out.

"What have we to show for these forty years of encouragement to business?" he asked, and answered:

"Our farms produce more than the farms of any other country on the map; our mines yield gold annually by the trainload, silver more abundantly still; and there is unloaded from railroads and coastwise ships on the shores of Ohio alone more iron ore than any other country in the world produces. We cut from our forests one hundred million feet of lumber every day of the calendar year. Our domestic commerce is two and a half times the combined international commerce of all nations; while our shops and factories turn out more finished products than all the shops and factories of Great Britain and Germany and France combined plus five thousand millions every twelve months, and we pay out as much in wages as all the rest of the world."

"But capital, successful beyond its dreams even, became arrogant, self-assertive, domineering and monopolistic. It became necessary therefore to resort to discipline and some of

(the big boys were unished in the presence of the infant class. This caused all the little fellows to clasp their hands in gloom until gradually it has become a pastime to get after the fellow 'higher up.'")

"The people of the United States have shown a wonderful aptitude and attained great proficiency in two distinct fields—baseball and business. During the prosperous periods of these two great national games the rules of the games respectively were made by experts in the games. Admittedly business has suffered because of modern policies, and baseball will suffer equally should the same policy be pursued and should the committees to prescribe the rules of baseball be selected under a Direct Primary System, from among those who never play the game and seldom see it played, upon a platform pledging that strenuous playing must cease and that the score at the end of the game must be equal regardless of errors."

"Again the people of the United States occupy a unique position. International commerce is suddenly thrown wide open and the most versatile people, if they act wisely, will hereafter dominate it. It is for us to determine and to determine soon whether we will adopt policies and grant encouragements sufficient to enable capital and enterprise to take and maintain an international position as far in advance of anything heretofore enjoyed by any government or any people as our National growth, developments and commerce transcends anything in history. The opportunity is ours. If we continue the policy of charging every man who proposes to do something with being a conspirator and every man who has done anything with being a thief, we have probably reached our maximum. If, on the contrary, we assume that capital has learned the needed lesson and without apologizing for what has been done, we lay the rod over the coot—it may be well to let the handle stick out far enough so that it can be seen—and hereafter make no reference to past unpleasantness, the future of this matchless people is beyond the dream of the most optimistic."

In Milady's Boudoir

BY GWEN SEARS.

We have probably all experienced nerve racking nights when the God Morpheus refused to visit us and bear us away to the land of refreshing slumber. There is always the nervous irritability day following the night spent in seeking the required sleep which evaded us. Unless there is some particular reason for it no one should find difficulty in obtaining seven or eight hours of peaceful unconsciousness each night.

A glass of warm milk drunk at night just before going to bed is very soothing to the nerves and sometimes serves as a definite sleeping potion, as an entirely empty stomach often causes sleeplessness. Keeping the feet warm in bed is another little remedy surely open to all, for it does not require much to know that cold feet means that the blood is in the head and that this must be drawn away before sleep can come.

In extreme cases of wakefulness, then, it is a good thing to take a hot footbath just before going to bed and the feet can be rubbed afterward with turpentine which will increase the warmth and pleasant tingling.

As to the bath, it cannot be given too much importance where the health and comfort of the anemic

woman are involved. It is absolutely necessary to keep the pores of the skin open for the nerves to be soothed, as the greater part of the body's breathing is done through them.

If the hot bath at night promoted wakefulness, it had better be taken in the day, but if it can be taken without this effect, then all the better, for in this case it will be still another aid toward sleep. But remember always that the anemic requires warm water, and as soap is tonic in its effect on the skin, don't be charitable of using it. So remember, that in order to be a wakeful beauty one must also be a sleeping beauty.

RIOTING TAKES PLACE IN SOME AUSTRIAN TOWNS

(ASSOCIATED PRESS TELEGRAM) London, April 30.—Serious rioting has occurred during the past few days at Trieste and Austrian seacoast towns, according to mail advices from Budapest, received by the Post. The disturbances have been due largely to a further increase in food prices. The police on one occasion was reported to have charged a mob in a suburb of Trieste, killing several and wounding three hundred.

Army contract scandals continue to arouse deep indignation at Budapest. Many additional arrests have been made of persons accused of supplying adulterated food to the army.

YOUNGSTOWN PLAYER HURT; COLLIDED WITH FENCE BRACE

Jackson, Mich., April 30.—Chas. Conway, left fielder of the Bay City Southern Michigan League team, ran into a steel fence support while chasing a fly ball in yesterday's game and received injuries which probably will keep him in the hospital for some time. A bolt on the support tore a hole in his groin and his face was badly cut.

Conway played his first game in the league Wednesday, making five hits, three of which were doubles. His home is in Youngstown, O., where he managed an independent team last year after a spring try-out with the Washington Americans.

ARIA! IDENTIFIED! In response to many inquiries regarding the absence from the editorial page of The Enquirer of the sparkling humor of Luke McLuke, the public is informed that its author Mr. James Syme Hastings, is confined by illness to his home. Editor Cincinnati Enquirer.

GYGLI IS SOME HITTER IN ERIE WHEELING GAME

Frank Gygli, former Newark player, figured largely in the slugging match at Erie yesterday when the Sailors defeated the Stogies by a score of 17 to 10. The two teams made a total of 32 hits. There were nine two-base hits. Meister, also former Newark man, got three hits, one a double. McCarty, a Newark boy, now with the Terre Haute, got three hits, one a double. While on the subject of hitting, the fan will not overlook the fact that the Giants and Braves game developed 21 runs, 28 hits and 4 errors; Brooklyn and Philadelphia, 11 runs, 25 hits and 5 errors; Cincinnati and St. Louis, 19 runs, 27 hits and 9 errors; Kansas City and St. Paul, 17 runs, 22 hits and 8 errors; St. Louis and Pittsburgh (Federal) 16 runs, 25 hits and a single error.

MERKLE DISABLED; THORPE SOLD TO JERSEY CITY CLUB

New York, April 30.—Fred Merkle, first baseman of the New York National League club, fell in trying to field a wild throw by Marquard in the sixth inning of yesterday's game and dislocated his left arm. It was at first thought the arm was broken. The injury, however, is likely to keep him out of the game for several weeks.

Manager McGraw said last night that Snodgrass probably would play first base today, although that player has recently been laid up with a sore wrist.

James Thorpe, the Olympic champion, was released by the Giants to the Jersey City International League club, under an optional agreement. He has been with the Giants the last two seasons.

AINSMITH GETS FINE INSTEAD OF JAIL SENTENCE

Washington, April 30.—Edward Ainsmith, catcher for the Washington American League baseball club, escaped a 30-day jail sentence without option of a fine for assaulting a street car motorman when Judge Pugh in police court yesterday, reconsidered his original sentence and placed him on probation and fined him \$50.

GOOD-BY—FAREWELL TO RHEUMATISM!

When your joints and muscles ache, when there is a "crick in your back or side" and you feel "all in," apply plenty of Hoff's German Liniment, the famous stainless, greaseless liniment, with a refreshing odor. It's as pure and white as snow and it won't soil the finest clothes.

For 18 years Hoff's German Liniment has been the unequalled remedy for Rheumatism, Lame Back, Neuralgia, Sore Throat, Cold on the Lungs, Cold in the Head, Bruises, Sprains, Aching Joints, Tired and Sore Feet. If directions are followed it quickly relieves Colds, Coughs, Croup, etc. It is powerful and penetrating. Nothing like it in existence for stopping pain. Is a pure white emulsion of camphor cream with other pure, harmless, effective ingredients. It is fine for children because Hoff's keeps pores closed—which camphorated oil used alone would do—keeps colds out. Sold in handy bottles by all druggists—a quarter pint for a quarter, large family size, fifty cents. Results absolutely guaranteed, or druggist will return your money without argument. Accept no substitutes.

BIG LABEL SUITS FILED.

Montgomery, Ala., April 30.—Mrs. Mary Craig Sinclair today sued the Montgomery Journal for \$25,000 alleging libel in a dispatch published in it April 29, 1914, saying Upton Sinclair and his wife were arrested after a demonstration in front of the Rockefeller offices in New York. Similar suits are pending against five other newspapers in Alabama, Mississippi, Tennessee and South Carolina.

MAY TAX WAR PROFITS.

London, April 30.—The central feature of the budget, the Chronicle's parliamentary correspondent believes, will be a scheme for the taxation of war profits. He is of the opinion that the government intends to appropriate two-thirds of surplus profits made by all firms engaged directly or indirectly in the production of goods used in war operations.

# CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick feverish, don't eat, sleep or act naturally. Breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 5-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

# IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes.

"Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

## PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

## NEURALGIC PAINS

These may be felt in any nerve of the body but are most frequent in the nerves of the head. Neuralgia may be caused by a decayed tooth, eye-strain or a diseased ear but the most common cause is general debility accompanied by anemia, or thin blood.

For this reason women who work too hard or dance too much and who do not get sufficient rest, sleep and fresh air, are the most frequent sufferers from neuralgia and sciatica, which is neuralgia of the sciatic nerve.

Nutrition of the nerves is the correct treatment for neuralgia and the only way to nourish the nerves is through the blood. Dr. Williams' Pink Pills supply to the blood just the elements it needs to increase its capacity to carry nourishment to starved nerves. They have proved helpful in so many cases of neuralgia and sciatica that any sufferer from these troubles is fully justified in giving these pills a trial. Dr. Williams' Pink Pills contain no harmful or habit-forming drugs and may be taken for any length of time with perfect safety.

The pamphlet "Diseases of the Nervous System," is free to you if you mention this paper. Address: The Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

# America's Opportunity Is Present To Dominate International Commerce, Says Former Sec. Leslie M. Shaw

(ASSOCIATED PRESS TELEGRAM)  
Omaha, Neb., April 30.—With international commerce suddenly thrown wide open, the opportunity is at hand for America to dominate it, said Leslie M. Shaw, former secretary of the treasury, in an address before the Commercial Club of Omaha here today, during which he urged encouragement of business.  
Mr. Shaw introduced his address with an interesting glance backward to the construction era which followed the Civil War. The people of the United States then possessed matchless resources undeveloped and untapped, and the government policy of encouragement of business. The motto of that policy he believed could be expressed as this: "If any man says he can do something, tell him to be quick about it and the government will co-operate." It had been applied when General Dodge proposed to build a railroad to the Pacific ocean, again when the silk industry was founded in this country, as two instances which he pointed out.  
"What have we to show for these forty years of encouragement to business?" he asked, and answered: "Our farms produce more than the farms of any other country on the map; our mines yield gold annually by the trainload; silver more abundantly still; and there is unloaded from railroads and coastwise ships on the shores of Ohio alone more iron ore than any other country in the world produces. We cut from our forests one hundred million feet of lumber every day of the calendar year: our domestic commerce is two and a half times the combined international commerce of all nations; while our shops and factories turn out more finished products than all the shops and factories of Great Britain and Germany and France combined, plus five thousand millions every twelve months, and we pay out as much in wages as all the rest of the world."  
"But capital, successful beyond its dreams even, became arrogant, self-assertive, domineering and monopolistic. It became necessary therefore to resort to discipline and some of the big boys were unshined in the presence of the infant class. This caused all the little fellows to clap their hands in glee until gradually it has become a pastime to get after the fellow 'higher up.'"  
"The people of the United States have shown a wonderful aptitude and attained great proficiency in two distinct fields—baseball and business. During the prosperous periods of these two great national games the rules of the games respectively were made by experts in the games. Admittedly business has suffered because of modern policies, and baseball will suffer equally should the same policy be pursued and should the committees to prescribe the rules of baseball be selected under a Direct Primary System, from among those who never play the game and seldom see it played, upon a platform pledging that strenuous playing must cease and that the score at the end of the game must be equal regardless of errors."  
"Again the people of the United States occupy a unique position. International commerce is suddenly thrown wide open and the most versatile people, if they act wisely, will hereafter dominate it. It is for us to determine and to determine soon whether we will adopt policies and grant encouragements sufficient to enable capital and enterprise to take and maintain an international position as far in advance of anything heretofore enjoyed by any government or any people as our National growth, developments and commerce transcends anything in history. The opportunity is ours. If we continue the policy of charging every man who proposes to do something with being a conspirator and every man who has done anything with being a thief, we have probably reached our maximum. If, on the contrary, we assume that capital has learned the needed lesson and without apologizing for what has been done, we lay the rod over the coals—it may be well to let the handle stick out far enough so that it can be seen—and hereafter make no reference to past unpleasantness, the future of this matchless people is beyond the dream of the most optimistic."

## In Milady's Boudoir

BY GWEN SEARS.

We have probably all experienced nerve racking nights when the God Morpheus refused to visit us and bear us away to the land of refreshing slumber. There is always the nervous irritability day following the night spent in seeking the required sleep which evaded us. Unless there is some particular reason for it no one should find difficulty in obtaining seven or eight hours of peaceful unconsciousness each night.  
A glass of warm milk drunk at just before going to bed is very soothing to the nerves and sometimes serves as a definite sleeping potion, as an entirely empty stomach often causes sleeplessness. Keeping the feet warm in bed is another little remedy surely open to all, for it does not require much to know that cold feet means that the blood is in the head and that this must be drawn away before sleep can come.  
In extreme cases of wakefulness, then, it is a good thing to take a hot footbath just before going to bed and the feet can be rubbed afterward with turpentine which will increase the warmth and pleasant tingle.  
As to the bath, it cannot be given too much importance where the health and comfort of the anemic woman are involved. It is absolutely necessary to keep the pores of the skin open for the nerves to be soothed, as the greater part of the body's breathing is done through them.  
If the hot bath at night promoted wakefulness, it had better be taken in the day, but if it can be taken without this effect, then all the better, for in this case it will be still another aid toward sleep. But remember always that the anemic requires warm water, and as soap is tonic in its effect on the skin, don't be charitable of using it. So remember, that in order to be a wakeful beauty one must also be a sleeping beauty.

Somewhere in a convenient corner of the sewing room table or other stated place should be kept a small notebook, with a page devoted to each of the various members of the family. Such a list is invaluable to any mother of a numerous family. A glance at the little book shows that Bobby's last shoes were No. 9, width E, and it needs only a telephone or a note to the shoe shop to order and dispense with the necessity for dragging Bobby to town.  
Maria wears a No. 5 nightgown and father wears a 16 collar—all discovered by a glance at the useful little volume without a vain hunt over garments and a tiresome jolting of the

### RIOTING TAKES PLACE IN SOME AUSTRIAN TOWNS

(ASSOCIATED PRESS TELEGRAM)  
London, April 30.—Serious rioting has occurred during the past few days at Trieste and Austrian seacoast towns, according to mail advices from Budapest, received by the Post. The disturbances have been due largely to a further increase in food prices. The police on one occasion was reported to have charged a mob in a suburb of Trieste, killing several and wounding three hundred.  
Army contract scandals continue to arouse deep indignation at Budapest. Many additional arrests have been made of persons accused of supplying adulterated food to the army.

### YOUNGSTOWN PLAYER HURT; COLLIDED WITH FENCE BRACE

Jackson, Mich., April 30.—Chas. Conway, left fielder of the Bay City Southern Michigan League team, ran into a steel fence support while chasing a fly ball in yesterday's game and received injuries which probably will keep him in the hospital for some time. A bolt on the support tore a hole in his groin and his face was badly cut.  
Conway played his first game in the league Wednesday, making five hits, three of which were doubles. His home is in Youngstown, O., where he managed an independent team last year after a spring try-out with the Washington Americans.

## TRACK MEET AND BALL GAME AT ATHLETIC FIELD

Saturday afternoon at White Athletic Field will be held one of the big athletic events of the season, when Utica High and Newark High athletes compete in baseball and track events. Newark High is fortunate this year in having the strongest baseball and track team that has represented the school for several years.  
The baseball club defeated the strong Doane Academy team last Friday by a score of 6 to 2.  
The baseball lineup for Saturday will be: Berry, c; Taylor Darnes, p; Thorpe, Hague, 1b; Evans, 2b; Easterday, 3b; Hendren, ss; Wolfe, lf; Jones, cf; Fatig, rf.  
Next Saturday the baseball team will play at Zanesville and the track team will go to Athens to take part in a high school track meet held by the Ohio University.

## GAME IS ORDERED FORFEITED TWO DIFFERENT WAYS

New York, April 30.—Boston defeated New York, 12 to 8, here yesterday in a game that was started after an unusual complication had arisen over New York's attempt to play Benny Kauff, who jumped to the Giants from the Brooklyn Federals just before play was called.  
Umpire Quigley at first declared the game forfeited to New York when Boston refused to play with Kauff in New York's lineup. Meanwhile Umpire Eason had been in communication with President Tener of the National League and, according to a statement by Secretary John A. Heydler of the National League, reported that he had received instructions to forfeit the game to Boston if New York persisted in playing Kauff, whom President Tener had declared ineligible. The clubs then took the field after Manager McGraw of New York had called attention to the fact that Umpire Quigley had previously declared the game forfeited to New York. Kauff was not in the New York lineup when actual play began.  
Under President Tener's ruling, as reported by Secretary Heydler, the game stands as played as a victory for Boston. The game was a see-saw affair, featured by long hits. Magee made two triples and a double. Murray hit a home-run, triple and a single and scored four runs. Cather also scored four runs, hitting a homer and two singles. In the fifth inning Gowdy hit a home-run with the bases full.

### DISASTROUS FIRE AT JEFFERSON, OHIO

(ASSOCIATED PRESS TELEGRAM)  
Jefferson, O., April 30.—This village was recovering today from the effects of a disastrous fire in the business section yesterday, which destroyed four business establishments and routed three families from their beds, with narrow escapes. The stores burned were those of H. H. Moses, jewelry; J. F. Chumet, tailor; John Austin, meats; H. F. Miller, grocer.  
**BIG LABEL SUITS FILED.**  
Montgomery, Ala., April 30.—Mrs. Mary Craich Sinclair today sued the Montgomery Journal for \$25,000 alleging libel in a dispatch published in it April 29, 1914, saying Upton Sinclair and his wife were arrested after a demonstration in front of the Rockefeller offices in New York. Similar suits are pending against five other newspapers in Alabama, Mississippi, Tennessee and South Carolina.

### MAY TAX WAR PROFITS.

London, April 30.—The central feature of the budget, the Chronicle's parliamentary correspondent believes, will be a scheme for the taxation of war profits. He is of the opinion that the government intends to appropriate two-thirds of surplus profits made by all firms engaged directly or indirectly in the production of goods used in war operations.

## GYGLI IS SOME HITTER IN ERIE WHEELING GAME

Frank Gygli, former Newark player, figured largely in the slugging match at Erie yesterday when the Sailors defeated the Stogies by a score of 17 to 10. The two teams made a total of 32 hits. There were nine two-base hits. Meister, also former Newark man, got three hits, one a double. McCarty, a Newark boy, now with the Terre Haute, got three hits, one a double. While on the subject of hitting, the fan will not overlook the fact that the Giants and Braves game developed 21 runs, 23 hits and 4 errors; Brooklyn and Philadelphia, 11 runs, 25 hits and 5 errors; Cincinnati and St. Louis, 19 runs, 27 hits and 9 errors; Kansas City and St. Paul, 12 runs, 23 hits and 8 errors; St. Louis and Pittsburgh (Federals) 16 runs, 25 hits and a single error.

## MERKLE DISABLED; THORPE SOLD TO JERSEY CITY CLUB

New York, April 30.—Fred Merkle, first baseman of the New York National League club, fell in trying to field a wild throw by Marquard in the sixth inning of yesterday's game and dislocated his left arm. It was at first thought the arm was broken. The injury, however, is likely to keep him out of the game for several weeks.  
Manager McGraw said last night that Snodgrass probably would play first base today, although that player has recently been laid up with a sore wrist.  
James Thorpe, the Olympic champion, was released by the Giants to the Jersey City International League club, under an optional agreement. He has been with the Giants the last two seasons.

## AINSMITH GETS FINE INSTEAD OF JAIL SENTENCE

Washington, April 30.—Edward Ainsmith, catcher for the Washington American League baseball club, escaped a 30-day jail sentence without option of a fine for assaulting a street car motorman when Judge Pugh in police court yesterday, reconsidered his original sentence and placed him on probation and fined him \$50.

## CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally. Breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 5-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

## Home Treatment For FREE RUPTURE FREE

Also the privilege of witnessing a most remarkable demonstration of what Stuart's Plapao-Pads do for ruptured people. The Plapao-Pads are an entirely new and wonderful treatment (not the same old truss a new name) for the worst forms in the privacy of the home, without hindrance from work and at slight expense.

## RUPTURE CURED

By STUART'S PLAPAO-PADS means that you can throw away the painful truss forever, as they are not merely a mechanical support like the truss, but their unparalleled success is due to their being applicators of the scientifically compounded astringent, absorbent medication, called Plapao—the purpose being to keep the medication constantly applied, so that it contracts and strengthens the weakened abdominal muscles, thus effecting a closure of the opening through which the viscera protrude; this, of course, absolutely does away with the rupture and the necessity of using any artificial support. Being self-adhesive, and when adhering closely to the body slipping being impossible, therefore, they are also an important adjunct in retaining rupture that cannot be held by a truss. No Straps, Buckles or Springs attached. Demonstrator Babcock, whose wide experience in this country and in Europe makes him an authority on matters pertaining to the application of the Plapao-Pads to any particular rupture, will be at the Hotel Keffer, Room 15, Sunday, May 2, only. Hours 10 a.m. to 7 p.m., and he will be pleased to give, without charge, to all who call, expert advice and trial for home treatment. Do not fail to call on Mr. Babcock during his stay in your city, as this is the chance of a lifetime.

## IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

## PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

## NEURALGIC PAINS

These may be felt in any nerve of the body but are most frequent in the nerves of the head. Neuralgia may be caused by a decayed tooth, eye-strain or a diseased ear but the most common cause is general debility accompanied by anemia, or thin blood.

For this reason women who work too hard or dance too much and who do not get sufficient rest, sleep and fresh air, are the most frequent sufferers from neuralgia and sciatica, which is neuralgia of the sciatic nerve.

Exhaustion of the nerves is the correct treatment for neuralgia and the only way to nourish the nerves is through the blood. Dr. Williams' Pink Pills supply to the blood just the elements it needs to increase its capacity to carry nourishment to starved nerves. They have proved helpful in so many cases of neuralgia and sciatica that any sufferer from these troubles is fully justified in giving these pills a trial. Dr. Williams' Pink Pills contain no harmful or habit-forming drugs and may be taken for any length of time with perfect safety.

The pamphlet "Diseases of the Nervous System," is free to you if you mention this paper. Address: The Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

## BIG SHOW TO VISIT NEWARK NEXT MONDAY

When the Hagenbeck-Wallace circus comes to Newark Monday, May 3, there will be an exhibition in the menagerie the largest hippopotamus ever brought to America. It reached the circus a few weeks ago and has been given a place of honor among the many other unusual specimens of far eastern animal life. The huge river horse was caught in British South Africa by means of a pitfall—a deep trench, the mouth of which was covered by a network of moss and sticks to resemble the grassy earth. When the animal took the fatal plunge, he fought so ferociously that it required fifty natives to drag him from the dark hole and make a prisoner of him.

The children who visit the circus will be delighted when they see two cute little jungle babies. To be precise they never saw a jungle, being captive born lions and used to city ways. They are little balls of soft fur with bright, blinking eyes and playful paws. Their mother, and a proud beast she is, watches over her offspring zealously.

One of the institutions on the Hagenbeck-Wallace circus grounds that attracts attention is the traveling postoffice. Probably no other office in America is visited daily by such a cosmopolitan gathering. Harvey Johnson is the postmaster of Wallaceville. He is well fitted for the job as he speaks French, German, Spanish, Hindustani and Polish and knows enough Chinese, Japanese and Portuguese and modern Greek to make himself understood in those tongues.

An idea of the cosmopolitan aspect of the show may be had from a careful study of all the people in morning parade. For an hour the wonders of the earth unfold themselves as they pass before spectators. There are dusky queens seated in richly draped howdahs on the backs of elephants; desert chieftains, perched on camels, and dromedaries; far eastern potentates and their retinues, in golden chariots and thrones; Australian bushmen and boomerang throwers, on horses; the military of European kingdoms, richly costumed; court ladies and diplomats in coaches of state; Oriental statesmen in rickshaws and palanquins, and savage chiefs and tribesmen in herby carriages of war. The characteristic music of the countries of the earth is played by bagpipers, great brass bands, organs, reed and string orchestras, castanet bullets, tom-tom players, drum and bustle corps, weird chanters, chimes and siren pipes.

The herring catch of England last year excelled by far that of any previous season.

## Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when resting; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

## PUT STOMACH IN FINE CONDITION

Sets Indigestion Results From an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy lumpy misery in the chest, we belch up gas, we cruritate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week. While relief follows the first dose it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys, and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble, with excellent results.

## OPERATIONS ARE CONTINUING IN VICINITY OF SUEZ

(Associated Press Telegram)  
London, April 30.—Military operations in the vicinity of the Suez canal, from which region little has been heard recently, apparently are continuing, says the Post, in publishing a letter just received from an officer who states that a party of Turks fired on a white flag, killing two and wounding eight men while they were attempting to deliver a letter to Turkish officials.

## BOMBS DROPPED ON A HISTORIC ENGLISH TOWN

(Associated Press Telegram)

Ipswich, England, April 30.—Excited residents of this historic town spent the early hours of the morning taking stock of the damage done by the bombs dropped from the German airships, greatly believed to have been a Zeppelin, which appeared shortly after midnight. So far as can be learned, no one was injured, although there were several narrow escapes and the property damage was small. Bombs fell harmlessly in Waterloo street, which is the most densely populated district.

E. Livingstone, whose home in Brookshall Road was struck by a bomb and virtually destroyed, says: "I was awakened just after midnight by a loud buzzing noise followed by a bang which shattered the windows in our house. I started up, rushed my wife out into the street and returned for our little son, who was sleeping in a back bedroom, through which a bomb fell. The missile wrecked the furniture completely and when I entered the room flames were commencing to dart up through the hole which it had made. My boy, awakened by the noise, rushed into my arms, and I took him out safely."

## NO LOSS OF LIFE, BUT MUCH DAMAGE DONE TO PROPERTY

(Associated Press Telegram)

Bury Saint Edmunds, England, April 30.—Police Inspector Wilson said this morning that just after 1 o'clock he heard a loud throbbing noise, followed by several terrific explosions and realized that a Zeppelin had arrived. The shells dropped from the airship caused four fires. While there was no loss of life the property damage was considerable. The aerial raider remained over the town 10 minutes and then disappeared in the direction of the coast.

## ANNIHILATION OF 4000 GERMANS IN CROSSING BRIDGE

(Associated Press Telegram)

Havre, April 30.—The virtual annihilation of 4000 Germans who crossed the Yperlee over a bridge near Steenstrate is described by the newspaper Vingtieme Siecle. Belgian heavy artillery destroyed the bridge while field artillery showered them with shrapnel. Many tied handkerchiefs to their bayonets and raised them in sign of surrender, but immediately they saw their own quick fire, the newspaper says opened fire and mowed them down pitilessly. Many survivors were made prisoners by the Belgians.

## NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wreth's" Sage and Sulphur Hair Remedy, ready to use. This can always be depended upon to bring back the natural hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wreth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. ## Boxed Health---Liquid Florida Sunshine in Golden Globes

Florida tree-ripened grapefruit brings into the home new joy and renewed health. Its cheer reaches from the oldest to the youngest member of the family—it benefits the baby just as much as the grandmother. The insistent charm of the fruit appeals to the young and old alike—it aids digestion, tones the blood, clears the skin. It may be eaten freely by every member of the family—not only for breakfast but at luncheon and dinner as well as "between meals."

When ripened on trees Florida grapefruit has just the right flavor—it is just the right good-morning, just the right good-night, just the right thing for everybody, all the time. Buy it by the box and you can afford to use it freely. Be sure to get grapefruit that has been fully ripened on the trees. When you are buying, look on the boxes and wrappers for this mark in big red letters:

**FLORIDA CITRUS EXCHANGE**

Drink the Juice of These Real Oranges

Only tree-ripened, rich and juicy grapefruit come in the boxes with this brand. The growers who form the Exchange have united to ripen their fruit on the trees and to market it in a superior way. No matter what grade of fruit you purchase, or what price you pay, if you buy that packed by the Florida Citrus Exchange you will get your money's worth.

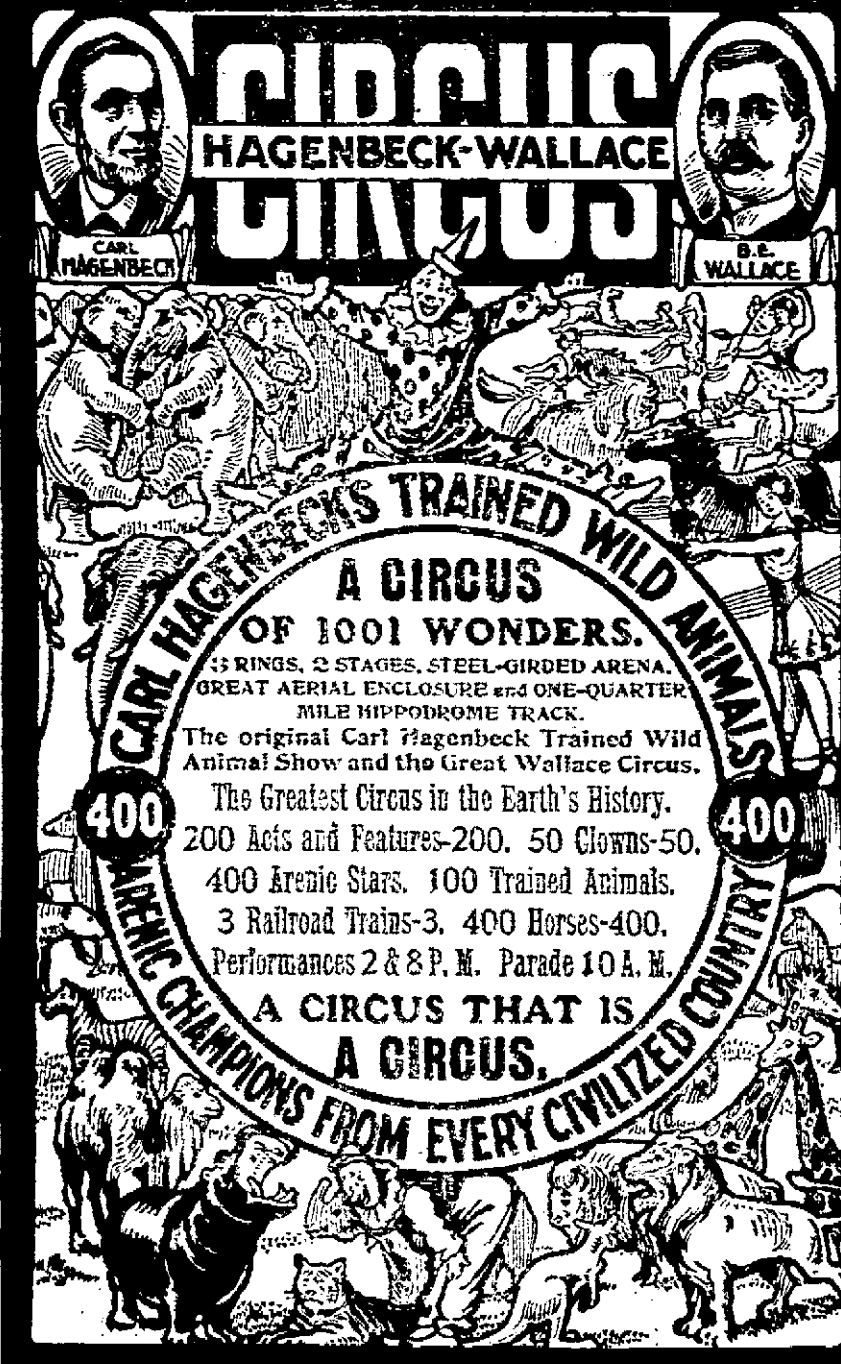

Florida's oranges are just as good as the grapefruit from this State. They may not always be as smooth and bright on the outside as others, but just cut them! Then you will realize how juicy an orange can be—when you have eaten one or drunk the juice of one you will have a new idea of the flavor, spiciness and juiciness of the Florida orange.

Eat These Grapefruit—Nature's Favorite Tonic

Oranges and grapefruit are both food and drink. In cookery and confections they are the housewife's delight. Booklet of recipes telling you how and when to use these fruits mailed for four cents in stamps. The many new uses described will interest every housewife. Address, Florida Citrus Exchange, 628 Citizens Bank Building, Tampa, Florida.

Miss Hazel Shimmel entertained the members of the Lambda Sigma sorority at her home in Hudson avenue, Thursday afternoon. At five o'clock a dainty lunch was served the members and one guest, Miss Almee Collins. The next meeting will be a picnic to be held in May.

Miss Amelia Partridge entertained the members of the O. B. A. club last evening at her home, 642 North Fourth street. After a short business session, Miss Ruth Crosby, the Y. W. C. A. gymnasium teacher, and leader of the club, was showered with many pretty and useful gifts, in honor of her approaching marriage in Boston to Mr. M. P. Storm. Miss Crosby was greatly surprised but soon recovered and thanked the girls in a pleasant little talk. Red roses and white carnations were used to carry out the club colors of red and white, and dainty refreshments were served to the twelve members and one guest, Mrs. Fred Evans.

**JITNEYS SUSPEND IN ASHTABULA BUT WILL TEST A LAW**

Associated Press Telegram.  
Ashtabula, O., April 30.—Pending a test of the constitutionality of the regulatory ordinance passed by the city council here this week the fifteen jitney busses which have been operating here have suspended business. They say they cannot operate under the strict terms of the act, which they charge is confiscatory. The jitneys were thriving here to a greater extent, probably, than anywhere else in the state, considering the size of the city. They cut into the street car company's receipts \$2000 a month, traction officials admitted. The ordinance requires \$100 license fees and \$5000 to \$8000 bonds, long hours, regular schedules, abolition of minor drivers and provides fines for violation.

Mary E. Davies.  
Mrs. Mary E. Davies, widow of the late Thomas J. Davies died at her home 324 W. Main street, Friday morning, after an illness of several weeks. Born in Pittsburg, Pa., Jan. 3, 1844. The funeral will take place Monday afternoon at two o'clock from the home.

Mrs. Matilda Armstrong Hall.  
Matilda daughter of William and Jean Armstrong, was born in Franklin township, this county May 13, 1838. She was joined in wedlock to Abram Townsend Hall, Dec. 23, 1858, and to this union three children were born. W. F. Hall of this city, Mrs. Elizabeth Baker who passed to the great beyond in 1903, and Mrs. G. R. Kimball of Elmwood avenue, this city. She also had the joy of naming three grand children, Mrs. George Rosamond, Mrs. Lester Parr and Miss Ethel Hall. She was bereft of her husband some years since and has made her home with her daughter, Mrs. Kimball. She was a devout Christian having united with what is known as the Big Clay Lick Methodist Episcopal church at the age of seventeen years. For some time she has been a member of the first Methodist Episcopal church of this city. The funeral will take place from the home of her daughter Mrs. G. R. Kimball, Saturday at 2 p.m. and will be private. Dr. L. C. Sparks will conduct the service.

Injunction Suit.  
Martha Morgan has filed a petition in common pleas court against Oliver A. Metcalf, alleging that the defendant without any right or authority proposes to close up a road in Liberty township by building a fence across the same and prevent the use thereof by the plaintiff and the public and cut off from the plaintiff all access to the Barstow road; that the road has never been vacated but has for sixty-seven years been an open and established public highway. The plaintiff asked for a temporary injunction during the pendency of the suit and the same was granted by Judge Thomas B. Fulton.

Juvenile Court.  
John Veach, 13, and George Harper, 19, were brought into juvenile court this morning by Probation Officer John Dwyer and Patrolman William Sunkie, on complaint of the Veach boy's father, who is 33 years of age. The Harper boy makes his

home with the Veachs, who live in the southeastern part of the city, across the Second street bridge. The Veach boy was given a suspended sentence to Lancaster, while the Harper boy was warned that a repetition of the offense would get him into serious trouble. Both boys promised to go better and were released.

**Society**

The Philathea Bible class of the Fifth Street Baptist Sunday school, pleasantly surprised their teacher, Mrs. Oxley, at her home in Church street, Tuesday evening. The evening was spent in sewing and social conversation and at a late hour dainty refreshments were served to the following members: Misses Vestal Wilson, Blanche Fike, Anna Davidson, Vada Vial, Edith Bowers, Helen Conway, Mary Loughman, Martha Hartshorn, Mabel Ellis, Nellie Davidson, Pearl Iden, Lucille Brown, and the hostess, Mrs. Oxley.

A very appreciative audience assembled last evening to enjoy the song recital given by the First Presbyterian choir at the First Presbyterian church. It was very splendid in all its appointments, the stage being enhanced by palms—very kindly loaned by Kent Bros.—also beautiful spring flowers. A sweet-toned Steinway grand piano (loaned by Mr. Fairall) also added to the evening's enjoyment.

The choir, under the direction of Mrs. Chandler Tucker, sang a number of beautiful selections which were enthusiastically received. Mrs. Chandler Tucker, who needs no introduction to a Newark audience, in her happy manner very sweetly sang, "The Lass With the Delicate Air," also "Bob-o-link" (by request) and she was as she always is, received with rounds of applause.

The artist of the evening was Miss Virginia Hall of Wipacung, W. Va., and her first number, "Lo, Here the Gentle Lark" (by Bishop) showed to advantage, her beautiful soprano voice with its lyric tones and dainty expression and some of the musical critics of Newark favorably compared the voice of this young singer to Alma Gluck and her possibilities for the future are even as great as that of the noted singer.

Also her voice was heard to splendid advantage in Chamblaine's "Summer" showing much flexibility, her tones being pure and resonant, and

Lohr's "The Little Grey House in the West," and Reichart's "When the Roses Bloom." After a constant demand for encore she graciously responded with "Somewhere a Voice is Calling." Her clear voice completely won the hearts of the audience by her sympathetic style.

"By contrast, she sang 'Hear ye, Israel!' and proved her ability as an oratorio singer and with deep feeling rendered 'Elizabeth's Prayer' from 'The Spirit of Flower' by Tipton-Campbell with her mellower bell-like voice was sung as clearly as her first number, and completely captivated her audience. Her numbers closed with prolonged applause, and it is hoped Miss Hall will return to Newark in the near future in concert.

The accompaniments by Mrs. William Tucker on the piano were beautifully rendered and gave inspiration to both Mrs. Tucker's and Miss Hall's songs.

Miss Lenora Phillips at the organ, accompanied both the choir and Miss Hall and this young organist in the most beautiful and sympathetic manner gave an individual setting for each number.

The Needlecraft club was delightfully entertained at the home of Mrs. W. H. Hall, 244 North Fifth street on Thursday afternoon. Those present were: Mrs. G. R. Hackney, Mrs. C. E. Van Vorhis, Mrs. Fred Stowell, Mrs. Laura Dickey, Mrs. E. B. Wheeler, Jr., Mrs. Fred Keoch, Mrs. E. E. Cary, Mrs. Clyde Daniels, Misses Mary Wheeler, and Alice Stovel. A refreshing lunch was served after which some very pleasing music was enjoyed by all. The club will meet with Mrs. Fred Stowell, 143 Hoover street, on May 13.

The Progressive class club of White Chapel met at the home of Kilby and Helen Clem, April 23. The following members were served with a dainty luncheon: Misses Eva Chism, Florence Coyle, Hazel Dicken, Forest Crouse, Phoebe Ellen Hillman, Mary Dicken, Mary Ryan and Helen Clem; Messrs. John Pitzer, Kirby Clem, Lester Coyle, George Belt, Frank Brown, Carl Cluggish, Rev. John E. Taylor, Clement Frynute, Vernon and Cary Callison. Ed Myers of Hebron was a visitor.

The Fortnightly Sewing club met this week at the home of Mrs. James Simpson in Sixteenth street. The afternoon sped quickly with the amusement of the club. The hostess served a dainty lunch late in the afternoon to the following members present: Mesdames Dan V. Long, Scott Orr, J. A. Starr, C. S. Tomlinson, Leo M. Hart, C. F. Martin, John Lawyer, and Miss Helen Watkins, a guest of the club. The next meeting will be held at the home of Mrs. George Reese in Granville, May 12. All members are asked to take the 1:50 o'clock car.

On Friday, April 25th about fifty or sixty of the friends and parents gathered at the Tippet school house about 11 o'clock and surprised the teacher, Mr. George Kreager, with a delightful dinner. The afternoon was spent in music and recitations. The violinists were Mr. W. E. Dusthimer and M. I. Dusthimer.

The program was as follows: Music song by the school; Welcome address, Kenneth Gettridge; "Upset," Mabel Boskinson; "When Father Hangs the Picture on the Wall," Alice Gettridge; "Home," Ruth Dasthimer; "Good News From Home," Florence Orr; solo, Wilbur Dusthimer; recitation, Kenneth Gettridge; "Bambie Bee," Mae Kreager; music; dialogue, "A Slight Misunderstanding," Bessie Dusthimer and Arthur Kreager; recitation, Edna Orr; quartette, "If I Were You," James Gettridge; "Little by Little," Katherine Boskinson; "Answer to a Wanted Wife," Helen Irwin; "Rastus Sunday Pants," Delbert Boskinson; duet, Bessie and Ramie Dusthimer; "When Mother Gets Her Vote," Myrtle Orr; "So Did I," Romine Dusthimer; "That Cal," Arthur Kreager; solo, Edna Orr; recitation, Pearl Kreager; recitation, Elsie Gettridge.

A present was given by the school to the teacher, and was presented by Miss Florence Orr in honor of the two successful years he has taught. The last recitation was "Good Bye," Bessie Dusthimer.

Another social event was enjoyed by the members and visitors of Newark Chapter O. E. S. Monday evening of this week when several members celebrated their birthday anniversaries by entertaining the chapter at the close of the meeting. An interesting program had been arranged, which included a talk by Mr. Hopkins on

foreign advice, particularly the bom-  
bardment of Dunkirk by the German  
naval forces, being viewed with con-  
cern. At any rate, it furnished the  
short interest with an excuse for re-  
fusing to purchase. Declines from  
maximum figures of the first  
hour ran from one to two points, the  
severest weakness being in the case  
of the common stocks. Specu-  
lators, except Westinghouse, which  
steadily increased its lead on enormous  
trading and in noon showed a gain of  
over five points. Industrials, as a  
whole, were weaker than railway  
shares except Canadian Pacific which  
fell three points, presumably on Lon-  
don selling. Bonds were irregular.

**Chicago Grain.**  
[ASSOCIATED PRESS TELEGRAM]  
Chicago, Apr. 30.—Prospective ben-  
eficial showers for a large part of the  
domestic crop region had a bearish ef-  
fect today on the price of wheat. Be-  
sides, Liverpool quotations were easier,  
influenced by the outlook for more lib-  
eral supplies from India. Offerings  
here, however, were quickly absorbed.  
The opening, which varied from ½  
cent to ¾ cent, was followed by a  
reaction to a range that averaged  
slightly under last night's level.  
Corn, although at first it dealt with  
wheat, made sharp rally. The reason  
for the upturn was free buying on the  
part of one of the largest houses in  
the trade. After opening at ½ cent  
to ¾ cent, the market  
sagged a little further and then more  
than recovered the losses.  
Predictions of rain eased out. Later  
though, prices recovered owing to the  
bulge in corn.  
Trade in provisions was about even-  
ly divided. Values accordingly showed  
but slight change.

**The Elephant's Palate.**  
An elephant's palate is very delicate,  
and the animal is whimsical in select-  
ing or rejecting morsels of food. A  
writer tells of an incident humorously  
illustrative of the whims of a tame ele-  
phant belonging to the police of Dhur-  
bri. This elephant was fed with rice  
and plantains. The stems of the plan-  
tains were split and cut into trans-  
verse sections two feet in length.  
Three-quarters of a pound of rice was  
placed within each tube of plantain  
stem. One day while the elephant was  
being fed some one offered it a small  
sweet biscuit. It was taken in the  
trunk and almost immediately thrown  
on the ground. The mahout, thinking  
that the elephant had behaved rudely,  
picked up the biscuit and inserted it in  
a parcel of rice within a plantain stem.  
This was placed in the beast's mouth,  
and at the very first crunch it showed  
its disgust by refusing the whole mess.  
The small biscuit had disgusted the  
animal, and for several minutes it tried  
by its inserted trunk to rake out every  
atom from its tongue and throat.—Har-  
per's Weekly.

**How Japan Greets the New Year.**  
In Japan the new year is welcomed  
with far more energy than in this  
country. Let a man's energy be ever  
so defective, he is expected to rise at  
4 a. m. and don new clothes to meet  
the auspicious morning. Then, with  
his gala garments in due order, he wor-  
ships the gods, performs obeisance to  
the spirits of his ancestors and pays  
homage to all relations older than him-  
self. No ordinary viands are consum-  
ed at breakfast. The tea must be made  
from water drawn from the well as  
the first ray of the new year's sun  
strikes it. On every table figures a  
red lacquer tray covered with ever-  
green leaves and supporting a rice  
dumpling, a lobster, oranges, persim-  
mons, chestnuts, dried sardines and  
herring roe, all these dishes possess-  
ing an allegorical significance. This  
meal is the start of the festivities,  
which are continued for sixteen days,  
business being almost entirely suspen-  
ded for the first week of the year.—Chi-  
cago News.

**Six Hits With No Runs.**  
Baseball has some funny freaks, but  
none ever beat one which a writer re-  
calls happened in a game in Indiana  
on May 30, 1890, when the Anderson  
club got three triplets, a double and  
two singles in one inning, and yet they  
didn't score. Ireland, the first batter,  
hit for a triple and tried to score on a  
short batted ball, but was tagged out.  
Wiswell, the next batter, hit for what  
looked like a home run, but was caught  
at the plate by a good return. Shum-  
way, the next batter, tripled. The next  
batter, Derby, bunted, and while the  
third baseman was waiting for the ball  
to go foul the batter made second, thus  
giving him two bases. Faatz also bunt-  
ed and was safe, as Shumway on third  
was held from scoring. This made five  
hits, and the sixth came when Fear hit  
a liner to right, the ball hitting Faatz  
on the way to second, thus retiring the  
side.

**The Friends We Might Have Made.**  
The most pathetic phase of life is a  
realization of the friends that we never  
make, the friends that might have been  
made by just exerting ourselves a little  
more. Who ever contemplated the loss  
of friends that he might have made by  
just releasing a little of his self-centered  
reserve? We appreciate the per-  
son who always greets us at meeting  
day after day. It is so easy, so simple,  
to spread the halo of happiness about  
us that we often overlook it and go  
through the world thinking that every  
smile and every good impulse we have  
is not worth while unless bartered  
away for something in exchange.  
There life loses its whole value. It is  
when it comes from within with a wor-  
thy motive that happiness is truly ours.  
—National Magazine.

**Climbing to Church.**  
The only way of reaching the old  
parish church at Whitty, in Yorkshire,  
from the town is by means of 100 stone  
steps, probably as curious an approach  
to a place of worship as any in the  
kingdom. The church stands on the  
east cliff some 200 feet above sea level,  
and to watch the crowd of worshippers  
before and after service threading its  
way up and down the winding stair-  
way is a sight to be remembered.—  
London Strand Magazine.

**Poor Mrs. Youngbride.**  
"I don't believe the story, do you?"  
"What story?"  
"About Mrs. Youngbride. They say  
that she went into a butcher's shop the  
other day and, seeing a side of spareribs  
on the counter, she remarked, 'Why,  
I didn't know you kept xyl-  
phones here!'"—Boston Transcript.

**The Soft Answer.**  
"Father, do all angels have wings?"  
"No, my son; your mother has none."  
And then she said sweetly that he  
might go to the club if he wouldn't  
stay late.—Atlanta Constitution.

**A Good Motto.**  
It is only the thinking man who says  
things worthy of utterance. Some talk  
the living day, yet say nothing.  
Hang this motto on the wall of mem-  
ory. "Speak little; say much."

**The Pessimist.**  
Bookkeeper (to boss)—Mr. Grinch,  
I'm going to get married. Grinch—  
Glad to hear it. You won't be so all  
fired anxious to get home early.—Busi-  
ness.

**Explained.**  
Barber (rather slow)—Reg pardon,  
sir, but your hair is turning a bit gray.  
Victim—Shouldn't wonder. Look at  
the time I've been here.—Exchange.

Men who appreciate style clothes will be very much pleased with the immense showing of entirely new styles shown here. Handsomer fabrics, clothes that possess that individual style which only the master clothes builders can design and make up. Do not forget if you pay a little more than the ordinary price to a house that furnishes true values that it pays!

Real service means more than catchy price quotations, most important of all is the after service, the individual style lines must be worked out in the beginning!

Our clothes are made to our individual order and we are more discriminating than you. We will not sell or allow any garment to leave our premises unless we know it is absolutely correct.

Intensely interesting are the values you will find in suits from the very lowest quotation to the highest grade.

## Granville

(Special to The Advocate)

Granville, April 30.—A meeting to organize a chapter of the Eastern Star lodge, at the home of Mrs. F. F. Robinson in Granger street the other evening, resulted in the following election: Mrs. Boaz Jones, Worthy Matron; Mr. John Evans, Worthy Patron; Mrs. F. F. Robinson, Associate Matron; Miss Anna Lyon, secretary pro tem; Miss Helen Ackley, treasurer pro tem. It was decided to call this organization the Granville chapter and already sixty persons have signified as charter members.

Granville is always interested in the success of the Denison alumni especially when it touches one so popular among the townspeople as was Walter Lelloy Flory of the class of '03, now of Cleveland. Mr. Flory has just been named counsel for the real estate board of Cleveland, of which he has been an associate member for some years. He has been instrumental in framing some very beneficial real estate regulations that are in force in Cleveland. He succeeds Judge John C. Hutchins. Mr. Flory is a member of the law firm of Thompson, Hine & Flory, with offices in the Engineers' Building.

Mrs. Harry Pack of Chicago is spending a few weeks with her parents, Mr. and Mrs. E. R. McCollum in Centerville street, accompanied by her children.

Mrs. J. M. Swartz will entertain the Granville Chapter of the D. A. R. at her home in Elm street this evening at 7 o'clock. Each member will bring some item of interest relating to Lexington or Concord.

Rev. David Dempster, a former pastor of the Granville Presbyterian church with present headquarters in Mt. Vernon, O., was a Granville visitor this week. He has been engaged in church extension work and will sail for England on May 1, if he can secure his passport. He expects to make an extensive tour of Europe and the Orient before his return.

John Swartz Jr., has bought the C. J. Wright property at the corner of Pearl and College streets, known as the Barker property.

Mr. Perry Wilson of Baltimore, Md., is visiting his parents, Mr. and Mrs. Frank Wilson on the Lancaster road.

Miss Louise Thompson left Granville yesterday for a visit of indefinite length with relatives in Sutfield, Conn.

Mr. E. F. Hobart has returned from a visit with relatives in Toledo.

Mr. Frank Weston, who has been spending the winter in southern California, has returned to Granville.

The township trustees, Messrs. Fred Williams, W. R. Jones, W. S. Lloyd, and Clerk William E. Clemons, at their regular meeting, passed a resolution to purchase metal guide signs for all road crossings in the township. They also appointed Mr. E. F. Hobart, constable, in the place of Frank Granger, who has moved to Vanatta.

The death of Mrs. Emma Kate Little occurred yesterday afternoon at her home in South Pearl street. Emma Rose was born in Massachusetts September 27, 1830, died in Granville, O., April 29, 1915, in her 85th year. She graduated from the Granville Female College in the class of 1848. Funeral services will be held at her late residence, Saturday afternoon, May 1st at half past two o'clock. Interment in Maple Grove cemetery.

The Advocate correspondent was mistaken in stating that there would be a baseball game on Beaver Field this week. The team is to play Wittenberg at Springfield, and will leave in the morning. The track team goes to Westerville to meet Otterbein, and the tennis team will play Capital University at Columbus Saturday afternoon.

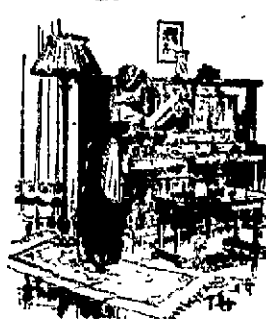

Miss M. E. Penney has returned to her home in Broadway after a few days' visit at the home of Mr. and Mrs. Charles Shields of Columbus.

**Meyer & Lind**  
NEWARK, OHIO.

given publicity here Thursday, anent the paving of Broadway, there being a division of opinion upon the subject:

Granville is a busy place just now—and the town looks about as inviting as does one's home during the annual spring house cleaning. However, every one is willing to undergo the present inconveniences for the sake of the manifold advantages which are to follow. The Town Councilmen have given splendid service in the stand they have taken. The civic improvements voted by them have been recognized as long felt wants by all progressive citizens. The lack of proper sewerage has been a serious drawback to Granville prosperity, if not a positive menace to the healthfulness and the ten or eleven years which have elapsed since a previous council took action on the matter, have thoroughly convinced all fair minded persons that it would have been well to have closed the deal at that time. That mistake is being rectified through action of the present council.

Another improvement of almost equal importance is the paving of Broadway, one of the most beautiful village streets in the country. While too much can not be said in praise of the enterprise and business judgment of the men who have voted on this measure, it seems almost a pity to have their splendid service to the community minimized by their insistence on the KIND of paving to be employed, irrespective of the wishes of the Broadway residents themselves, most of whom love the street and town almost as much as they love their own homes, aside from the fact that they must assume the greater percentage of taxes. Economic considerations should be given proper weight, but no one should lose sight of the fact that this village and especially this one street of the village demand an aesthetic treatment, that few other towns in the country are accorded. Its rural beauty should be maintained. It is in no sense a city. It has no ambitions toward becoming a city.

In the view of many who have given much thought to the subject during many years, the ideal paving for a street like our beautiful Broadway would be one that looks like a country road, but is in reality a well constructed macadam with a tar-bound top dressing of sand or pounded stone smoothly rolled. Such roads prevail in the East, and are most satisfactory. Dustless, comparatively noiseless, and, while hotter than a dirt road, they do not radiate heat as do the brick pavements. The gentlemen of the council have given much time to the matter and have stated their preference for brick paving. But they would lose nothing and the village might gain much by a friendly interchange of views on the respec-

tive merits of brick and anti-brick.

The writer does not recall a single town in Long Island, for instance, where automobile traffic is infinitely heavier than it ever will be here, in which brick paving is used. They are just as willing to save money in public improvements there as we are here, but they also are willing to concede something to the esthetic view of the question. Besides that they find brick more expensive in the long run. The saving in the sprinkling bill alone would keep such a road in good condition, if attention were

paid to the slight face as they appear seven or eight years become necessary. around here, consist in the East, for our attention to the n and found occasion which are used in and large towns. N position to "knock kindest feelings fathers prevail. B mentous a proceed first pavement
